Cecil Beaton, 2007-12-18 Cecil Beaton was one of the great twentieth century tastemakers A photographer artist writer and designer for more than fifty years he was at the center of the worlds of fashion society theater and film The Unexpurgated Beaton brings together for the first time the never before published diaries from 1970 to 1980 and unlike the six slim volumes of diaries published during his lifetime these have been left uniquely unedited Hugo Vickers the executor of Beaton's estate and the author of his acclaimed biography has added extensive and fascinating notes that are as lively as the diary entries themselves As one London reviewer wrote Vickers's waspish footnotes are the salt on the side of the dish Beaton treated his other published diaries like his photographs endlessly retouching them but for this volume Vickers went back to the original manuscripts to find the unedited diaries Here is the photographer for British and American Vogue designer of the sets and costumes for the play and film My Fair Lady and the film Gigi with a cast of characters from many worlds Bianca Jagger Greta Garbo David Hockney Truman Capote the Queen Mother and Princess Margaret Mae West Elizabeth Taylor Marlene Dietrich Rose Kennedy and assorted Rothschilds Phippses and Wrightsmans in New York San Francisco Palm Beach Rio and Greece on the Amalfi coast at shooting parties in the English countryside on yachts at garden parties at Buckingham Palace at costume balls in Venice Paris or London Beaton had started as an outsider and developed

Cecil Beaton Hugo Vickers,2020-03-05 Cecil Beaton was one of Britain s greatest cultural icons not just as a photographer capturing some of the most celebrated portraits of the 20th century but also as designer of the iconic sets and costumes for the films My Fair Lady and Gigi In 1980 Beaton personally chose Hugo Vickers to be his biographer entrusting him with his diaries and the entire body of letters he had written both personally and professionally over the course of his life Drawing on five years of intensive research and interviews with the likes of Audrey Hepburn Truman Capote Princess Grace of Monaco and Sir John Gielgud Vickers biography was an instant bestseller upon its publication in 1985 Exploring Beaton s metamorphosis from being the child of a staid middle class family to an international figure mingling with the glittering stars of his age the biography also details his great love for Greta Garbo and reveals his private sense of failure that the success he always wanted as a playwright eluded him Republished in a new paperback edition in time for Bright Young Things a major exhibition at the National Portrait Gallery in 2020 Cecil Beaton is the definitive and authorised biography of one of the world s most fascinating famous and admired photographers Edward VIII (Penguin Monarchs) Piers Brendon,2016-04-28 After my death George V said of his eldest son and heir the boy will ruin himself within twelve months The forecast proved uncannily accurate Edward VIII came to the throne in January 1936

provoked a constitutional crisis by his determination to marry the American divorcee Wallis Simpson and abdicated in December. He was never crowned king. In choosing the woman he loved over his royal birthright, Edward shook the monarchy to its foundations. Given the new title Duke of Windsor and essentially sent into exile, he remained a visible skeleton in the royal cupboard until his death in 1972, and he haunts the house of Windsor to this day. Drawing on unpublished material, notably correspondence with his most loyal though much tried supporter Winston Churchill, Piers Brendon's superb biography traces Edward's tumultuous public and private life from bright young prince to troubled sovereign, from wartime colonial governor to sad but glittering expatriate. With pace and panache, it cuts through the myths that still surround this most controversial of modern British monarchs.

The Dandy at Dusk Philip Mann, 2017-10-05 Philip Mann chronicles the relationship of dandyism and the emerging cultural landscape of modernity via portraits of Regency England's Beau Brummell, the first dandy, and six twentieth-century figures: Austrian architect Adolf Loos, the Duke of Windsor, neo-Edwardian courtier Bunny Rogers, writer and raconteur Quentin Crisp, French film producer Jean Pierre Melville, and New German Cinema enfant terrible and inverted dandy Rainer Werner Fassbinder. He blends memorable anecdotes with acute analysis to explore their style, identity, and influence, and interweaves their stories with an entertaining history of tailoring and men's fashion. *The Dandy at Dusk* contextualizes the relationship between dandyism, decadence, and modernism against the background of a century punctuated by global conflict and social upheaval.

Jewelry Talks Richard Klein, 2002-07-09 Campy, bitchy, outrageous, and quite a bit more than over the top, Abby Zinzo describes himself as a cross between Auntie Mame and Louis the Sun King. Abby has lived a life dedicated to pleasure, and nothing has given him more pleasure than owning, wearing, or merely contemplating the lustrous objects with which women and men have always adorned themselves. In this sexy, funny book that is part novel and part thesis on jewelry, Abby sits down to record everything he has learned over a lifetime, planning to leave this story along with his collection of valuable stones to his beloved niece Zeem. He recounts the history of famous gems like the fabulous Koh-i-Noor and the brilliant blue Hope diamond, and regales us with naughty tales of the women who made the beautiful jewelry their own, including Coco Chanel, the Duchess of Windsor, and Elizabeth Taylor. He also narrates his own sensational life from Harvard undergraduate to dancer in a notorious Paris drag cabaret to his twilight as a man for whom gender is just another glittering ornament. Sharp, fascinating, and sparkling with its own inner fire, *Jewelry Talks* is a precious gem in and of itself.

Princes at War Deborah Cadbury, 2015-03-10 In 1936 the British monarchy faced the greatest threats to its survival in the modern era: the crisis of abdication and the menace of Nazism. The fate of the country rested in the hands of George V's sorely unequipped sons: a stammering King, George VI, terrified that the world might discover he was unfit to rule; a dull-witted Prince Henry who wanted only a quiet life in the army; the too-glamorous Prince George; the Duke of Kent, a reformed hedonist who found new purpose in the RAF and would become the first royal to die in a mysterious plane

crash the Duke of Windsor formerly King Edward VIII deemed a Nazi sympathizer and traitor to his own country a man who had given it all up for love Princes at War is a riveting portrait of these four very different men miscast by fate one of whom had to save the monarchy at a moment when kings and princes from across Europe were washing up on England's shores as the old order was overturned Scandal and conspiracy swirled around the palace and its courtiers among them dangerous cousins from across Europe's royal families gold digging American socialite Wallis Simpson and the King's Lord Steward upon whose estate Hitler's deputy Rudolf Hess parachuted seemingly by coincidence as London burned under the Luftwaffe's tireless raids Deborah Cadbury draws on new research personal accounts from the royal archives and other never before revealed sources to create a dazzling sequel to The King's Speech and tell the true and thrilling drama of Great Britain at war and of a staggering transformation for its monarchy

High Society Terence Pepper, 1998 The fin de siècle aura of high society before the War is nowhere better exemplified than on the images created by the Lafayette Studio the major fashionable photographers of the period All the trappings of extravagant aristocracy the impractical intricate details for couture gowns the improbable hourglass figures and the gleaming cars of the early motorists are frozen for posterity memorials of a society swept away with the Great War whose self confidence now appears more poignant than well founded This was the era of Queen Victoria's Diamond Jubilee

the Devonshire House Ball and the sinking of the Titanic This book published to tie in with major exhibition at the National Portrait Gallery London is a critical investigation of these photographic portraits of aristocracy and royalty interpreting them within the context of their period and approaching them as emblematic of a society that was on the brink of collapse As well as a visual treat the reader can explore the various themes these pictures raise **New York Magazine** ,1985-10-21 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
