

The Prosperous Years

During the 1830s, Oakville entered a prosperous era. Shipments of wheat and lumber made the harbour a busy focus of commercial activity. Steamships and stage-coaches carried passengers, mail and freight to and from Hamilton and York.

William Chisholm's 1835 town plan provided for a park at this location, to be named after his father George. Around George's Square and along Trafalgar Road, residents built substantial homes, many of which are still standing today.

The village grew to 2000 residents by May 27 1857, when it was officially incorporated as a town.

Oakville House, at the corner of Navy and Lakeshore, was one of many homes that were built along the stage-coach routes. (Painting by the late George McDougall)

Plan of Oakville showing development up to approximately 1845. (Oakville Historical Society, adapted by Dave Davies)

Kenneth J. Rea

Prosperous Years The Economic History Of Ontario 1939 1975:

The Prosperous Years Kenneth J. Rea, 1985 **A History of Canadian Economic Thought** Robin Neill, 1991-06-06 A History of Canadian Economic Thought investigates the relationship between the evolution of economic theory and the particular geographical and political context of that theory Theories and policies are critiqued by testing them against both the conditions to which they were applied and against competing theories Not surprisingly Canadian economics reflects a number of significant issues in Canadian history Neill argues that there were distinctive economic movements in nineteenth century Ontario and in early twentieth century Quebec but that these have been displaced by an emerging North American discourse The book includes full accounts of the work of all the major figures in Canadian economics including John Rae H A Innis and Harry Johnson **Canadian History: Confederation to the present** Martin Brook Taylor, Doug Owram, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover **The Prosperous Years** Kenneth J. Rea, **Schooling and Scholars in Nineteenth-century Ontario** Susan E. Houston, Alison L. Prentice, 1988-01-01 Nineteenth century educational reformers were fond of an agricultural metaphor when it came to the provision of more and better schooling even good land they argued had to be cultivated othersie noxious weeds sprang up In this study of education in Ontario from the establishment of Upper Canada to the end of Egerton Ryerson's career as chief superintendent of schools in 1876 Susan Houston and Alison Prentice explore the roots of the provincial public school system set up to instill a work ethic and moral discipline appropriate to the new society as well as the beginnings of separate schools today the Ontario school system is once again the subject of intense and often bitter debate Many of the most contentious issues have deep and complex roots that go back to this era Houston and Prentice tell the story of how Ontario came to have a universal school system of exceptional quality and shed valuable light on an area of current concern *Canadian Political Economy* Heather Whiteside, 2020-11-03 In Canadian Political Economy experts from a number of disciplinary backgrounds come together to explore Canada's empirical political economy and the field's contributions to theory and debate Considering both historical and contemporary approaches to CPE the contributors pay particular attention to key actors and institutions as well as developments in Canadian political economic policies and practices explored through themes of changes crises and conflicts in CPE Offering up to date interpretations analyses and descriptions Canadian Political Economy is accessibly written and suitable for students and scholars In 17 chapters the book's topics include theory history inequality work free trade and fair trade co-operatives banking and finance the environment indigeneity and the gendered politics of political economy Linking longstanding debates with current developments this volume represents both a state of the discipline and a state of the art contribution to scholarship Selling Places Stephen Ward, 2005-10-09 This highly illustrated book describes how places have been sold or promoted to make themselves attractive

locations as holiday resorts business centres or residential areas Explains the history of current practice using world wide examples The North American Auto Industry since NAFTA Greig Mordue,Dimitry Anastakis,2024-10-01 The auto sector is North America s most iconic of industries Since the North American Free Trade Agreement came into existence in 1994 the sector has undergone tremendous change escalating concerns around climate change advances in electric and automated vehicles deindustrialization reindustrialization and the rise of low cost locations as hubs for manufacturing The North American Auto Industry since NAFTA examines the issues that have preoccupied the development of policy associated with the manufacture of automobiles in North America The collection addresses the punctuations that have afflicted the industry since NAFTA s implementation as well as the slower incremental evolutions that have also occurred Several aspects of automobility and the industry are explored including but not limited to the Canadian American and Mexican automotive sectors and their evolution and interaction under evolving trade regimes The book analyses issues surrounding labour technology trade policy regional development the environment and broader societal impacts of the automobile It also draws on the expertise of a wide cross section of industry experts and scholars to provide readers with a deeper understanding of the automotive industry and its central role in North America s economic business and political landscape *One Hundred Rings and Counting* Mark Kuhlberg,2009-01-01 Looks at the history of forestry education and the forestry faculty at the University of Toronto **Pick One Intelligent Girl** Jennifer Anne Stephen,2007-01-01 During the tumultuous formative years of the Canadian welfare state many women rose through the ranks of the federal civil service to oversee the massive recruitment of Canadian women to aid in the Second World War Ironically it became the task of these same female mandarins to encourage women to return to the household once the war was over *Pick One Intelligent Girl* reveals the elaborate psychological economic and managerial techniques that were used to recruit and train women for wartime military and civilian jobs and then at war s end to move women out of the labour force altogether Negotiating the fluid boundaries of state community industry and household and drawing on a wide range of primary sources Jennifer A Stephen illustrates how women s relationships to home work and nation were profoundly altered during this period She demonstrates how federal officials enlisted the help of a new generation of experts to entrench a two tiered training and employment system that would become an enduring feature of the Canadian state This engaging study not only adds to the debates about the gendered origins of Canada s welfare state it also makes an important contribution to Canadian social history labour and gender studies sociology and political science **A Diversity of Women** Joy Parr,1995-01-01 Our perception of women s roles has changed dramatically since 1945 In this collection Joy Parr has brought together ten studies from a variety of disciplines examining changing ideas about women Mariana Valverde writes about teenage girls in the immediate postwar years and finds that stereotypes of a supposedly simple secure politically quiescent and sexually conformist life do not really hold Joy Parr follows women shoppers of the early 1950s in their sometimes comical encounters with male designers manufacturers

and retailers in search of the tools and totems of modernity for their homes Increasingly these homes were in suburban subdivisions whose pleasures and possibilities for women Veronica Strong Boag reconsiders Joan Sangster reminds us that wage earning mothers were numerous in the fifties and sixties and through a juxtaposition of their own stories with contemporary studies tells much about these self denying women s lives Franca Iacovetta discusses the experiences of immigrant and refugee women in northwestern and south central Ontario experiences that were interpreted through their starkly different European wartime memories Based upon her work among the rural women of southwestern Ontario Nora Cebotarev charts the changes that transformed farm families and finances from the sixties to the eighties Ester Reiter compares the recollections of women who had worked together during the 1960s in an auto parts plant in the Niagara Peninsula with contemporary newspaper accounts of a strike and leads us into a complex narrative of gender and militancy Nancy Adamson reconsiders the diversity of feminist organizing within the province over the decades since second wave feminism began she tracks the different needs and paths that brought women to the women s liberation movement and the ways in which their feminist analysis arose from their experience as community activists Linda Cardinal writes about Franco Ontarian women charting the ways in which feminist activists challenged and were challenged as they worked with traditional farm and church based women s groups in northern and eastern Ontario Marlene Brant Castellano and Janice Hill introduce us to four aboriginal women Edna Manitowabi Jeannette Corbiere Lavell Sylvia Maracle and Emily Faries whose work has been to reclaim and build upon the knowledge and responsibilities long entrusted to the women of Ontario s First Nations

Ontario Since Confederation Edgar-Andre Montigny, Lori Chambers, 2000-12-15 Ontario Since Confederation contains some of the most recent scholarship in the field of post Confederation Ontario history This comprehensive collection the first of its kind to be published in almost a decade is intended primarily to introduce students to new areas of debate and new methodologies in Ontario history The articles range widely over the political economic and social history of the province encompassing both traditional and newly emerging topics They focus on the theme of state and society describing and articulating the interactions between social values and ideals political action and government bureaucracies from diverse perspectives The collection raises fundamental questions about the role nature and development of the modern bureaucratic state How pervasive was the influence of the state Does the state determine or reflect social values To what degree and in what manner could the powers of the state successfully be resisted Focusing specifically on Ontario history contributors address the paradoxical relationship between provincial and national history Some essays explore the influence of the federal government on the province in areas such as pollution management native rights and welfare Other chapters discuss issues of interracial relationships the family and unwed motherhood The variety of topics and approaches represented in this collection attests to the diversity of Ontario and the rich social fabric of its history

The Politics of Ontario Cheryl N. Collier, Jonathan Malloy, 2017-01-01 The Politics of Ontario is the first comprehensive book on Ontario s politics government

and public policy since Graham White's *The Government and Politics of Ontario* in 1997. *Rivals for Power: Ottawa and the Provinces* Ed Whitcomb, 2017-05-01 *Rivals for Power* Ottawa and the Provinces tells the story of the politicians who continually contend over the division of power and money between Ottawa and the provinces. The heroes and villains of this story include many of the leading lights of Canadian history from John A Macdonald Wilfred Laurier and Maurice Duplessis to Pierre Trudeau Joe Clark Bill Davis Peter Lougheed and Jean Chretien. The unique feature of this book is its focus no matter what their policies Canadian politicians over the years have engaged in an ongoing push and pull over power with both successes and failures. As Whitcomb sees it the success of the provinces at preventing Ottawa from becoming the overwhelming power in Canadian life has been the key to the country's stability and its cultural cohesion. But the failure of the provinces to achieve an equal measure of power and the growing gap between the have and have not provinces stands as an ongoing challenge and threat to the country's unity. *Partnership for Excellence* Edward Shorter, 2013-12-06

The University of Toronto's Faculty of Medicine is North America's largest medical school and a major health consortium boasting nine affiliated teaching hospitals and a network of research institutes. It is where insulin was pioneered stem cells were first discovered and famous physicians from Vincent Lam to Sheela Basrur began their careers. But despite all its major accomplishments the faculty's impressive history has never before been comprehensively documented. In *Partnership for Excellence* senior medical historian and award winning author Edward Shorter details the Faculty of Medicine's history from its inception as a small provincial school to its present day status as an international powerhouse. Deeply researched through front line interviews and primary sources it ties the story of the faculty and its teaching hospitals to the general history of medicine over this period. Shorter emphasizes the enormous concentration of intellectual energy in the faculty that has allowed it to become the dominant force in Canadian medicine home to a legion of medical pioneers and achievements.

The Nurture of Nature Sharon Wall, 2010 This book explores how antimodern nostalgia and modern sensibilities about the landscape child rearing and identity shaped the history of summer camps. **From Education to Work** Walter R. Heinz, 1999-02-13 Structural transformations in the international economy and the restructuring of work have made the transition from education to employment increasingly problematic. School to work pathways have become more socially segmented and the risk of under employment and joblessness has increased for both vocationally and academically educated youth. Continuous passages have become less common and have given way to multiple entries and exits between schooling and working under employment unemployment and domestic work. This edited volume of empirical studies is based on a series of comparable longitudinal research projects which draw on survey and biographical data from important players in the international economy the USA Great Britain Canada and Germany. The studies document that social and gender inequality is a persistent structural feature that restricts the possibilities to take advantage of educational opportunities and career options. Furthermore different institutional arrangements are shown to play a crucial role in distributing transition

opportunities in a more equal way *Notes to the University of Toronto* Martin L. Friedland, 2002-12-15 Two histories of the University of Toronto have been published one in 1906 and one in 1927 Since the latter volume appeared no comprehensive history of the University has been published Given the size of the University and the complexity of the task this is not entirely surprising But after sixty six years this gap in the intellectual history of Canada has been filled and we are delighted to announce publication in March of 2002 of Martin Friedland s new history of one of Canada s most important educational and cultural institutions The author of several books on legal history Professor Friedland brings to this task an accomplished eye and ear and a status as a long time member of the University community Professor Friedland s text is accompanied by over 200 maps drawings and photographs Published to coincide with the University s 175th anniversary The University of Toronto A History tells the story of the university in the context of the history of the nation of which it is a part weaving the stories of the people who have been a part of this institution people who make up a who s who in the history of Canada Anyone who attended the University or who is interested in the growth of Canada s intellectual heritage will enjoy this compelling and magisterial history *Fighting for Votes* William P. Cross, Jonathan Malloy, Tamara A. Small, Laura B. Stephenson, 2015-03-15 Elections are not just about who casts ballots they reflect the citizens parties media and history of an electorate *Fighting for Votes* examines how these factors interacted during a recent Ontario election The authors begin by examining the province s political culture and history They then delve deeply into the campaign by exploring three lines of enquiry that help define representative democracy How do parties position themselves to appeal to voters How is information from and about parties transmitted to voters And how do voters respond to the information around them Looking at information from a wealth of sources from political party websites and debate transcripts to Twitter feeds they provide a sophisticated analysis of the interplay between voters and political parties in an era of new media The most complete account of a provincial election available *Fighting for Votes* illuminates the evolving electoral landscape *Understanding the Consecrated Life in Canada* Jason Zuidema, 2015-12-21 The story of the consecrated life in Canada since the 1960s should be about much more than numerical decline Although the falling numbers are significant among Catholic religious in communities that pre date Vatican II many communities continue to show stability and even growth This book provides nuance to that story by adding detailed portraits of movements communities and institutions In four parts this book presents essays from the leading scholars on religious life in Canada that seek to address the state of religious communities dedicated to religious virtuosity normally characterized by formal promises of chastity poverty and obedience The essays examine a broad range of topics related to the general state of consecrated or religious or monastic life in contemporary Canadian Christian and Buddhist traditions In the first section the contributors trace the demographics and definitions of religious life in Canada The second section examines Canadian developments in Catholic religious life during the Vatican II and the post Vatican II eras A third section explores trends in contemporary Canadian religious life while the fourth section describes the consecrated life in other

Canadian religious traditions
