Raging Desire:

Thinking And Destiny Harold W. Percival, 2002-04 In *Thinking and Destiny* something new although older than time is now made known to the world about Consciousness The information is largely about the makeup of the human where man comes from what becomes of him it explains what thinking is it tells how a thought is created and how thoughts are exteriorized into acts objects and events and how they make his destiny Destiny is thus shown to be self determined by thinking and the process of re existence and the after death states are told in detail A single reading of any one chapter of *Thinking and Destiny* brings rich rewards in new understanding of life s puzzling mysteries To read the entire book is to come nearer to knowledge of one s destiny and how to shape it than is possible through study of anything previously written in the English language Both the casually curious glancer at books and the most avid seeker for knowledge will be intrigued by the index which lists more than 400 subjects in *Thinking and Destiny* and by the fifteen chapter headings in the Table of Contents which identify the 156 sections The Foreword contains the only pages in which Mr Percival uses the first personal pronoun Here he relates some of the amazing experiences through which he was able to grasp the knowledge he transmits and to acquire the ability to do so

The Opportunist John Douglas, 2014-10-31 Most of us think we know ourselves and some of us actually do Clive Mason was neither he didn't care Our protagonist for he could hardly be called a hero was one of the fortunate people he loved what he did did it well and was successful For him it wasn't the money though that helped but the buzz he felt when he'd completed what he'd set out to do Many experience a Road to Damascus moment in their lives and Mason is one of those Though those of us who have experienced it know it can come in many different forms *A Philosophy of Shame* Frédéric Gros, 2025-05-20 Can shame become a source of political strength Faced with injustice growing inequality and systemic violence we cry out in shame We feel ashamed of obscene wealth amid wider deprivation We feel ashamed of humanity for its ruthless and relentless exploitation of the earth We feel ashamed of the racism and sexism that permeate society and our everyday lives This difficult emotion is not just sadness or a withdrawal into oneself nor is it a paralysing sense of inadequacy As Frédéric Gros argues in *A Philosophy of Shame* it arises when our perception of reality rejects passivity and resignation and instead embraces imagination Shame thus becomes the expression of an anger that is a powerful transformative force one that assumes a radical character In dialogue with authors such as Primo Levi Annie Ernaux Virginie Despentes and James Baldwin Gros explores a concept that is still little understood in its anthropological moral psychological and political depths Shame is a revolutionary sentiment because it lies at the foundation of any path of subjective recognition transformation and struggle *The Duplicity of Philosophy's Shadow* Elliot R. Wolfson, 2018-04-24 Martin Heidegger 1889-1976 is considered one of the most influential philosophers of the twentieth century in spite of his well known transgressions his complicity with

National Socialism and his inability to show remorse or compassion for its victims In *The Duplicity of Philosophy's Shadow* Elliot R Wolfson intervenes in a debate that has seen much attention in scholarly and popular media from a unique perspective as a scholar of Jewish mysticism and philosophy who has been profoundly influenced by Heidegger's work Wolfson sets out to probe Heidegger's writings to expose what remains unthought In spite of Heidegger's explicit anti-Semitic statements Wolfson reveals some crucial aspects of his thinking including criticism of the biological racism and militant apocalypticism of Nazism that betray an affinity with dimensions of Jewish thought the triangulation of the concepts of homeland language and peoplehood Jewish messianism and the notion of historical time as the return of the same that is always different inclusion exclusion and the status of the other the problem of evil in kabbalistic symbolism Using Heidegger's own methods Wolfson reflects on the inextricable link of truth and untruth and investigates the matter of silence and the limits of speech He challenges the tendency to bifurcate the relationship of the political and the philosophical in Heidegger's thought but parts company with those who write off Heidegger as a Nazi ideologue Ultimately *The Duplicity of Philosophy's Shadow* argues the greatness and relevance of Heidegger's work is that he presents us with the opportunity to think the unthinkable as part of our communal destiny as historical beings

The Telling of the Act Peter Maxwell Cryle, 2001 This book tells how the diverting array of pleasures in eighteenth century libertine fiction gave way through a process of thematic drift and realignment to a powerfully linear story that actually defined sex and the gender roles pertaining to it Many of the key notions in modern talk about sex are in fact narrative ones climax foreplay and the sex act are all said to lie at the heart of human sexuality But *The Telling of the Act* questions whether these notions deserve to be thought of as timeless and in fact locates their emergence in the second half of the eighteenth century
