Reading Spiritualities Dawn Llewellyn, 2016-04-01 The phenomenon of sacred text has undergone radical deconstruction in recent times reflecting how religion has broken out of its traditional definitions and practices and how current literary theories have influenced texts inside the religious domain and beyond Reading Spiritualities presents both commentary and vivid examples of this evolution engaging with a variety of reading practices that work with traditional texts and those that extend the notion of text itself The contributors draw on a range of textual sites such as an interview Caribbean literature drama and jazz women s writings emerging church blogs Neopagan websites the reading practices of Buddhist nuns empirical studies on the reading experiences of Gujarati Christian and post Christian women Chicana short stories the mosque cinema modern art and literature These examples open up understandings of where and how sacred texts are emerging and being reassessed within contemporary religious and spiritual contexts and make room for readings where the spiritual resides not only in the textual but in other unexpected places Reading Spiritualities includes contributions from Graham Holderness Ursula King Michael N Jagessar David Jasper Anthony G Reddie Mich le Roberts and Heather Walton to

reflect and encourage the interdisciplinary study of sacred text in the broad arena of the arts and social sciences It offers a unique and well focused snapshot of the textual constructions and representations of the sacred within the contemporary religious climate accessible to the general reader as well as more specialist interests of students and researchers working in the crossover fields of religious theological cultural and literary studies **Bible and Ethics in the Christian Life** Bruce C. Birch, Jacqueline E. Lapsley, Cynthia D. Moe-Lobeda, Larry L. Rasmussen, 2018-05-01 Earth is changing in ways it hasn't for hundreds of thousands of years At the same time Christianity is breaking away from its millennium long geographical and cultural center in the Euro West Its growth is in Asia Africa and Latin America primarily in Pentecostal evangelical and independent churches These dramatically changed planetary and ecclesial landscapes have led many to conclude that we need a new way of thinking about our collective existence who are we and what is the nature of our responsibility in this deeply altered world To address that question biblical scholars Bruce C Birch and Jacqueline E Lapsley and Christian ethicists Larry L Rasmussen and Cynthia Moe Lobeda carry on a new conversation that engages how Christians are to understand the authority and use of Scripture the basic elements of any full bodied Christian ethic attuned to our circumstances and the nature of our responsibility to our planetary neighbors and creation itself **On Moral Medicine** M. Therese Lysaught, Joseph Kotva, Stephen E. Lammers, Allen Verhey, 2012-07-20 In print for more than two decades On Moral Medicine remains the definitive anthology for Christian theological reflection on medical ethics This third edition updates and expands the earlier awardwinning volumes providing classrooms and individuals alike with one of the finest available resources for ethics engaged modern medicine **Paul and the Corinthians: Studies on a Community in Conflict** Trevor J. Burke, Keith Elliott, 2014-04-09 This volume has 1 and 2 Corinthians as its main focus where the various contributors address significant aspects of text language background theology and exegesis The first part of the volume deals with the issues of textual criticism and traditions available to Paul while the second section is interdisciplinary in nature and integrates different methodologies such as social scientific and rhetorical criticism in order to provide new insights into the text The third and longest section addresses the varied theological problems which the community raised with Paul including sexual matters the timing of the resurrection the resurrection body authority and headship soteriology and the question of Paul's faithfulness and integrity The final section concentrates on the identity of Paul's opponents his visions and apologetics *Homosexuality and Christian Community* Choon Leong Seow, 1996-01-01 Contributors to this volume all members of the Princeton Theological Seminary faculty address the various exegetical interpretive and practical issues pertaining to the issue of homosexuality in the church These include the ordination of homosexuals and the blessing of homosexual unions as well as broader issues dealing with liturgical and theological language about God and the role of the church in a pluralistic society The contributors speak of these various issues as theological educators ministers and committed Christians They ask What do the scriptures say about homosexuality and related issues How should the scriptures inform our theological

reflection and How do we live faithfully in regard to this matter And like the Christian community at large the contributors are not of one mind on any of these issues many times they are in considerable disagreement Homosexuality and Christian Community will help to guide churches and individuals engaged in theological reflection about the place of homosexuals in the church The First Christian Communities, 32 - 380 CE Joyce E. Salisbury, 2023-11-24 This concise history of how the Christian Church grew between 32 and 380 focuses on the anonymous Christians who formed diverse congregations as they guided their communities through the age of the Apostles violent martyrdoms and to the establishment of the Roman Church Readers will understand why people converted to Christianity in the first three centuries and learn about the rich diversity of the early church as people interpreted the new religion in different ways This book explores how Christian interactions with the Roman empire led to violent persecutions and martyrdoms and eventually the fourth century establishment of the top down Roman Church Readers also become familiar with Christian texts during this period some became Scripture and some were rejected but all were written to make sense of the Jewish and Christian experience in the Roman Empire These written memories shaped the future of the church It also explores how early Christian lives were shaped by the religious rituals and preaching of their new and changing faith In addition maps illustrations and charts of Christian texts help tell this fascinating story The First Christian Communities 32 380 CE is an accessible and valuable resource suitable for students working on Christian history and Roman and Late Antique social political and religious history as well as general readers who are interested in the origins of Christianity Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954, 2002 **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954** United States. Internal Revenue Service, 1998 *The Spiral Gospel* Rob James, 2022-09-29 How did the author of the Gospel of Luke intend it to be read In *The Spiral Gospel* Rob James shows that the assumptions many modern readers bring to the text that it claims to be historically factual or merely regurgitates existing stories are not those of antiquity Building on the central insight that it was written for a community who would have used it as their pre eminent text James argues convincingly for a continuous cyclical reading of Luke s narrative The evidence for this view and also its consequences can be seen in the gospel s intratextuality Context is given at the end of the gospel that informs the beginning and there are countless other intratextual elements throughout the text that are most readily noticeable on a second or subsequent reading This deliberate creative interweaving on the author s part opens up new levels of appreciation and faith for those who read in the way Luke s first audience received his work **Reading the Bible Badly** Karl Allen Kuhn, 2020-08-31 *Reading the Bible Badly* exposes how American Christians misunderstand and misuse the Bible reading Scripture through lenses that distort its true character As Americans we often read the Bible s stories and instruction unmindful of their historical and cultural settings disregarding the testimony of our spiritual ancestors and finding mostly a mirror image of our own values and selves in Scripture Some of us insist that the Bible must be the inerrant word of God

historically factual in every way and doctrinally infallible and overlook so much of what makes Scripture beautiful and relevant Others follow a lectionary that dices and splices Scripture into bite size morsels for Sunday worship divorces passages from their biblical settings strikes verses deemed offensive and undermines the literary artistry that is the lifeblood of Scripture s profound revelation Many of us read the Bible in fear warping our witness to Jesus and tragically neglecting Scripture s ever persistent call to compassion hospitality and love We come to the Bible looking for simple rules that affirm our sense of right and wrong while missing the point of what Jesus taught about wisdom and true righteousness Reading the Bible Badly challenges Christians to set aside their misaligned lenses that they may encounter the Bible more fully and faithfully

Listening, Religion, and Democracy in Contemporary Boston William W. Young III,2018-11-01 This book is a study of religious practices of listening in the Boston area Through ethnographic study of a variety of religious communities with an extensive focus on Quaker listening it argues that religious practice shapes our habits of listening by creating a plurality of regimes of listening across Boston s landscape These practices moreover cultivate specific dispositions as well as distinct patterns of religious and democratic virtues Through these dispositions and virtues religious listening facilitates a diverse range of forms of democratic engagement and varied contributions to the pursuit of social justice William Young provides an innovative interpretation of these religious practices It argues that insofar as religious listening helps practitioners to extend and amplify their listening and makes them more responsive to their communities it creates a social mode of embodied receptivity and agency Through both their listening and their actions these groups express their conceptions of divinity embodying divine attributes and activity within the sociopolitical realm serving as God s ears within the world It is by interpreting their practices as creating modes of social discipline reception and agency

that the book explicates the full significance of religious listening in its adaptations and extensions of our aural capacities and their implications for sociopolitical life **Religious Studies and Rabbinitics** Elizabeth Alexander, Beth

Berkowitz, 2017-09-08 Religious Studies and Rabbinitics have overlapping yet distinct interests subject matter and methods Religious Studies is committed to the study of religion writ large It develops theories and methods intended to apply across religious traditions Rabbinitics by contrast is dedicated to a defined set of texts produced by the rabbinic movement of late antiquity Religious Studies and Rabbinitics represents the first sustained effort to create a conversation between these two academic fields In one trajectory of argument the book shows what is gained when each field sees how the other engages the same questions When did the concept of religion arise How should a scholar's normative commitments interact with their scholarship The book argues that if scholars from Religious Studies and Rabbinitics do not realize they are addressing the same problems they will not benefit from each other's solutions A second line of argument brings research methods theoretical claims and data associated with one field into contact with those of the other When Religious Studies categories such as ritual or the sacred are applied to data from Rabbinitics and conversely when text reading strategies distinctive to Rabbinitics are employed for texts from other traditions both Religious Studies and Rabbinitics enlarge their scope The chapters range across such themes as ritual failure rabbinic conceptions of scripture ethics food time and everyday life problems of definition and normativity in the study of religion J Z Smith's writings and the preaching of the African American Christian evangelical social justice activist John Perkins With chapters written by world class theorists of Religious Studies and prominent text scholars of Rabbinitics the book provides a unique opportunity to expand the conceptual reach and scholarly audience of both Religious Studies and Jewish Studies
