

A TRAIN TO CHINA

A. We boarded the train in Moscow as the sun was setting. Our cabin was a vision of past grandeur: heavy mirrors, old light fittings and various pictures of different country scenes. I sat on my bed and drank tea as I watched Moscow slipping away. This was going to be my home for the next four nights. The greatest train journey in the world was living up to my expectations. Rachel, from New Zealand, was travelling all the way to Beijing in China. (1)_____

B. On the first night I was puzzled over how to get any water from the taps, and ended up brushing my teeth in mineral water. There were no delays, no problems with the track or the signals and I fell asleep as the train chugged gently through western Russia, and woke up with the train still through western Russia. Outside, smoke came up from the chimneys of little houses surrounded by trees. (2)_____

C. I sat with Rachel in the restaurant car and discovered that the food was provided by the country you happen to be passing through at the time. (3)_____. However, in China they were like a feast with lots of different dishes to choose from.

D. During the first and longest part of the journey, 5191 kms between Moscow and Siberia, we moved officially from Europe into Asia. At each station we got out to stretch our legs and settled into a peaceful train life, broken only by the occasional energetic walk along a platform in a distant town where we smiled at the local people. By the time we reached Irkutsk we had crossed five time zones in four days. (4)_____

E. The train moved onward to Mongolia and stopped in Ulan Baatar, where the platform was crowded with people. (5)_____. The final train which took us to China, stopped, considerably, at a station situated within the Great Wall, so we could take photos. That left two days in Beijing before we flew home. The whole trip lasted just over a week but we came back feeling we had been away for months.

A. Complete the text by putting the sentences (a-e) in the correct place (1-5).

- a. This meant that in Mongolia the meals were quite small and simple.
- b. This was proper train travel
- c. They had come to buy from the traders who had piled their boxes onto the train when it left Siberia
- d. We each had a luxury cabin and each day an attendant cleaned and dusted the tiny room and looked after us
- e. which provoked the unusual experience of train-lag.

B. For questions (6-10) choose the appropriate paragraph (A-E). Choose each paragraph only once.

- 6. Which paragraph mentions a place where there were lots of people?
- 7. Which paragraph mentions different eating habits across countries?
- 8. Which paragraph mentions how the writer felt about the journey?
- 9. Which paragraph mentions what they did when they arrived at a new station?
- 10. Which paragraph mentions what could be seen from the windows of the train?

C. Choose the most appropriate title for each paragraph.

Reading Power Beginning Intermediate:

Reading Power Adrienne Gear, 2013 **Reading Power, Revised & Expanded Edition** Adrienne Gear, 2015-10-06 Ten years ago Reading Power was launched in an elementary school in Vancouver. It has since evolved into a recognized approach to comprehension instruction being implemented across Canada, the United States, United Kingdom, Sweden, and China. This ground-breaking approach showed teachers how to help students think while they read, connect, question, visualize, infer, and transform. Since the publication of the first edition of Reading Power, Adrienne Gear has continued to reflect on and refine her ideas about metacognition, comprehension instruction, and the Reading Power strategies. This revised and expanded edition shares these new understandings and offers teachers new ideas, new lessons, and of course new anchor books to support the Reading Power principles. An ideal resource for teachers familiar to this strategic approach to teaching reading or for those looking for new ways to connect thinking with reading. **The Power of Peers in the Classroom** Karen R. Harris, Lynn Meltzer, 2015-06-23 Peer support and social relationships have a tremendous influence on development, motivation, and achievement for all students, including struggling learners and those with disabilities. This highly practical book is one of the few resources available to guide classroom teachers and special educators in the application of peer-assisted instructional strategies in grades K-12. Expert contributors describe evidence-based approaches for building students' skills in reading, writing, math, and other content areas, as well as social competence and executive functioning. Sample lessons and more than a dozen reproducible tools are provided. Purchasers get access to a Web page where they can download and print the reproducible materials. *Nonfiction Reading Power* Adrienne Gear, 2008 Help students think while they read in all subject areas with the key skills of connecting, questioning, visualizing, inferring, and synthesizing. *Power Practice: Data Analysis, eBook* Claire Sibold, 2007-01-01 Language, Culture, and Power Lourdes Diaz Soto, 1997-01-01 Provides insights into the impact that eliminating bilingual education programs has on the lives of families and communities.
