## **Reading Talk:**

Tell Me Aidan Chambers, 1996 There is a correlation between the richness of the reading environment in which readers live and the richness of their talk about what they've read In any group of children we find that if they begin by sharing their most obvious observations they soon accumulate a body of understanding that reveals the heart of a text and its meanings for them all Talking about a book helps a child find the heart of a story make sense of a string of facts and understand complicated ideas Aidan Chambers proposes an approach for discussing books so children learn to talk well about what they've read Indeed not only talk well but listen well And not just about books but about other things For the Tell me approach ultimately helps children learn to clarify ideas for themselves and to communicate with others It is in short a basic step in applying knowledge and articulating meaning Tell Me offers practical information about book talking in the classroom explaining some of the processes and outlining the ground rules developed by teachers and others who work with children and books From their experience he has formulated a Framework a repertoire of questions that assist readers in speaking out their reading Tell Me is companion to The Reading Environment

*The Mother Tongue: Lessons in speaking, reading and writing English*, by S. L. Arnold and G. L. Kittredge, 1900

More Than Guided Reading Cathy Mere, 2005 Is there too much emphasis on guided reading in primary classrooms It's a question that many educators like kindergarten teacher and literacy coach Cathy Mere are starting to ask Guided reading provides opportunities to teach students the strategies they need to learn how to read increasingly challenging texts but Cathy found that she needed to find other ways to help students gain independence While maintaining guided reading as an important piece of

their reading program teachers need to offer students opportunities during the day to develop as readers to learn to choose books to find favorite genres and authors and to talk about their reading In *More Than Guided Reading* Cathy shares her journey as she moved from focusing on guided reading as the center of her reading program to placing children at the heart of literacy learning not only providing more time for students to discover their reading lives but also shaping instruction to meet the needs of the diverse learners in her classroom By changing the structure of the day Cathy found she was better able to adjust the support she was providing students allowing time for whole class focus lessons conferences and opportunities to share ideas as well as reading from self selected texts using the strategies skills and understandings acquired in reader s workshop The focus lesson is the centerpiece of the workshop It is often tied to a read aloud and connected to learning from the previous day helping to build skills extend thinking and develop independence over time This thoroughly practical text offers numerous sample lessons questions for conferences and ideas for revamping guided reading groups It will help teachers tweak the mix of instructional components in their reading workshops and provoke school wide conversations about the place of guided reading in a complete literacy curriculum
