Reading To You:

A Guide to Fast and Effective Reading Derya Ünal, 2025-06-10 When people think of speed reading they often put it down to just speed reading However this is only a small part of the overall process The key to truly effective speed reading is to first be able to determine what you really want to read or what you need and then quickly read through carefully selected material Take a moment to mentally review all the information that comes your way on a typical day at home at work in the newspapers at the local coffee shop How much of it do you ignore because it seems like too much to take on instead you leave it to pile up and pile up until you're so far behind that you need days or weeks to catch up If you had a simple process that allowed you to quickly and easily identify the information you needed and eliminate the ones you didn't you wouldn't have that body of knowledge and you'd have more time to live your life instead of worrying about what you might miss out on because you feel overburdened The purpose of this book is to give you the tools you need to stay current With a one week work program and study exercises it allows you to work by solving the exercises by having fun in an easy and understandable way At first read the information provided for 7 days and then do the exercises as directed

Motivating Teen and Preteen Readers Jeffrey Pflaum, 2011-08-16 Computer games video games Internet iPods DVDs CDs texting social media and surfing No wonder reading has a hard time competing for adolescents' attention Research studies find that interest in reading diminishes after the fourth grade and continues through high school Throw in a testing culture with all its drill lessons and you still wind up with 50% of college freshmen unable to comprehend the textbooks Whatever happened to motivation You can lead a horse to water but **Motivating Teen and Preteen Readers How Teachers and Parents Can Lead the Way** contains over 1 000 diverse original fun creative absurd challenging questions on reading that will inspire adolescent reading lives from the inside out The four books of questions contained in this volume are designed to help kids help themselves find their ways to a desire to read Weekly questions discussions and raps a one year journey into the worlds of reading compel preteens and teens to face their demons peacefully and to re-create a passion for reading of course with a little guidance from their friends teachers parents and this book Check out some questions What was the first book you remember reading by yourself What thoughts are triggered by this book What feelings come back to you Think of a word that makes you feel good Silently say the word over and over again to yourself Describe what you experienced Athletes say they're in the zone when playing at their best Describe your reading when you're reading in the zone Reading everyday quietly changes your world Explain Mind pictures reading's little miracles Explain

Meanings is an encyclopedia reference guide that takes the Tarot apprentice reader through each of the 78 Tarot Cards offering the potential general meanings and interpretations that could be applied when conducting a reading whether it be spiritual love general or work related questions Many novices struggle with reading the Tarot as they want to know what a card can mean in their readings They grow stuck staring at several cards sitting side by side having no idea what it could be telling them The Tarot Card Meanings book can assist by pointing you in the general direction of where to look It will not give you the ultimate answers and should not be taken verbatim as that is up to you as the reader to come to that conclusion The more you practice read and study the Tarot then the better you become Tarot Card Meanings avoids diving into the Tarot history or card spreads and symbolism but instead focuses solely on the potential meanings of a card in a reading This is by giving you a structure to jump off of but it is up to you to take that energy and add the additional layers to your reading while trusting your higher self intuition instincts and Spirit team s guidance and messages Author Kevin Hunter is a lifelong clairaudient and claircognizant who has written more than a dozen spiritually based empowerment books that have assisted readers around the world in improving their well being while also helping them become stronger conduits with Spirit Heaven and the Other Side Anything included in the Tarot Card Meanings book is an overview and not intended to be gospel It is merely one suggested version of the potential meanings of each of the 78 Tarot cards in a reading This is an easy to understand manual for the Tarot novice that is having trouble interpreting cards for themselves or a Tarot reader who loves the craft and is looking for a refresher or another point of view NOTE The Tarot Card Meanings book does not include a Tarot deck

Becoming a Writing Researcher Ann Blakeslee, Cathy Fleischer, 2019-07-08 Becoming a Writing Researcher effectively guides students through the stages of conducting qualitative writing research from the initial step of seeing themselves as researchers to identifying research questions selecting appropriate methodological tools conducting the research and interpreting and reporting findings Exercises and activities as well as anecdotes and examples from both novice and seasoned researchers serve to acquaint readers thoroughly with the practice of carrying out research for scholarly or professional purposes This second edition introduces students to research methods in a gradual and contextualized manner Each chapter offers a discussion of a particular portion of the research process followed by consideration of physical conceptual and strategic tools that allow a master s level researcher to conduct that part of the research Sections within each chapter also cover issues of stance and positionality that impact the researcher and the resulting research Becoming a Writing Researcher second edition is an essential text for all novice researchers and is particularly well suited for use in graduate level research methods courses in writing studies and technical communications It is also ideal for use in other disciplines with strong qualitative methodology research programs including education
