*Divine Mysteries in the Enochic Tradition* Andrei A. Orlov, 2023-07-24 The book represents an in-depth investigation of acquisition, cultivation, and transmission of divine mysteries in Jewish apocalyptic and mystical accounts by focusing on the developments found in early Enochic writings. These accounts deal both with revelations unveiled by God and angels to the patriarch Enoch and with illicit transmission of divine knowledge by the rogue group of the fallen angels known as the Watchers. Orlov argues that the map of otherworldly knowledge revealed to Enoch inversely mirrors the map of illicit

revelations given by the fallen Watchers to humankind The study suggests that one of the possible objectives for the parallelism is that by revealing to Enoch the same divine mysteries that were earlier transmitted by the Watchers God attempts to mitigate the corruption caused by the fallen angels illicit instructions This book will be of interest not only for scholars specializing in historical and religious areas but also for experts in the fields of anthropology philosophy sociology psychology and gender theory it discusses several aspects of early and late Jewish religious epistemologies that elucidate the ideological context for the construction and affirmation of social roles and identities in various Jewish milieus **The**

Carol E. Parrish-Harra, 2019-03-05. *Cosmic Mysteries*. By Carol E. Parrish-Harra. In her newest book, *Cosmic Mysteries*, author Carol E. Parrish-Harra provides deep insights for the exploration of the inner path that can only be detailed by the one who has gleaned awareness through a personal journal. Carol's work has long been noted for clarity and the details of the path dreamed of by many and traveled by the few. Mysticism within the Occult Tradition is held close, realizing how delicately balanced it is. With many years of esoteric studies, Carol shares her understanding of invisible qualities to be explored and the tests each element—Fire, Air, Water, and Earth—presents to be mastered as they are integrated into human life. The importance of daily mindfulness prepares us to move ourselves into the Christ Mind brought about by both our choices and Karma as we go forward with little awareness in life. *A Story of the Soul's Journey in the Nag Hammadi Library*

Ulla Tervahauta, 2015-08-19. *Authentikos Logos NHC VI 3*, also known as *Authoritative Teaching*, is a little-studied story of a soul's descent and ascent in the Nag Hammadi library. With her book, Ulla Tervahauta fills a gap in the scholarship and provides the first monograph-length study that has this writing as its primary focus. The aim is to find a place and context for *Authentikos Logos* within early Christianity, but Tervahauta also adds new insight into the scholarship of the Nag Hammadi Library and the study of early Christianity. Contrary to the usual discussion of the Nag Hammadi writings from the viewpoint of Gnostic studies, she argues that *Authentikos Logos* is best approached from the context of Christian traditions of late ancient Egypt.

between the third and the fifth centuries Tervahauta discusses the story of the soul's journey in light of various Christian and Platonic writings. Also she analyses the relationship of Authentikos Logos with the Valentinian Wisdom myth and suggests that no firm evidence connects the writing closely with Valentinian traditions. And although a Platonic mind set can be assumed the writing combines motifs in a unique manner. For example the four epithets used in the writing the invisible soul the pneumatic soul the material soul and the rational soul are not found thus combined elsewhere. Discussion of matter hyle is connected with Christian scriptural allusions and the focus is on ethics and the evilness of matter. The body on the other hand is the soul's place of contest and progress. The Pauline term pneumatic body 1 Cor 15:44 is used allusively and from a Platonic perspective. With this book Ulla Tervahauta makes an important contribution to the study of early Christianity in late ancient Egypt by discussing a writing that shows knowledge and creative combination of literary traditions that circulated in late ancient Egypt.

**In the Light of a Blessed Tree** Timothy J. Gianotti, 2011-08-01 In the light of A Blessed Tree presents an absolutely original experientially textured introduction to Islamic belief practice and history for both the intrigued newcomer as well as for those who already possess some basic literacy in Islam. Slowly crafted over the years following the terror attacks of September 11 2001 this modest book speaks with scholarly integrity but in an everyday voice full of real life narratives that illuminate the beliefs practices and histories described. More it brings the reader in touch with the psychological social and cultural forces that shape the way we come to the question of Islam in a wounded world still grappling with the trauma of 9/11 and very much still in a state of war. For these and other reasons In the Light of a Blessed Tree speaks to contemporary images and realities even as it walks through the ancient origins of Islam.

**Confronting the Mystery of God** Gaspar Martinez, 2002-05-13 A highly insightful study of three major movements in Roman Catholic theology over the past thirty years. This fascinating work of theological scholarship offers an exceptionally broad scope and powerfully unifying theme. Gaspar Martinez first offers penetrating interpretations of three major contemporary theologians working on three continents in quite dissimilar historical cultural social and economic situations. Then he goes on to illustrate how Johannes Metz Gustavo Guti rrez and David Tracy each had a tense ongoing relationship to the mid twentieth century theologians and movements that formed them. Karl Rahner nouvelle theologie and Bernard Lonergan respectively. Martinez brilliantly contextualizes each of these thinkers. In broad strokes he sketches postwar Germany postcolonial Peru and the American century and shows how each man was formed by his era. He also examines the lines of influence and relationship between these theologians and some of their nontheological contemporaries Metz and Adorno Bloch and Benjamin Guti rrez and Paulo Freire Jos  Carlos Mariategui and the novelist Jos  Marfa Arguedas and Tracy and thinkers from Eliade and Ricoeur to Gadamer and Derrida. Martinez convincingly illustrates how each of these theologians in recent years has focused more directly on the mystery of God entailing greater emphasis on spirituality and mysticism with the consequence that the more properly theological their theologies have become the more they have become negative theologies.
