Reading Writing And The Humanities:

Reading, Writing and the Humanities Jo Ray McCuen, Anthony C Winkler, 1990-11 Reading Writing and the Humanities is organized around eight classic enduring themes and features extensive reading and writing for students. In selecting philosophy, history, and literature as the primary categories for grouping the readings, this text retained this early meaning of humanities as consisting of subjects whose emphasis is mainly human-centered. Our chapter titles are variations on some profound and timeless questions that writers and thinkers in the humanities have grappled with for centuries, while the subtitles declare the underlying issue that is the featured theme. Reading Writing and the Humanities will stir awake the analytical and critical minds of students.

The Heart of the Humanities Mark Edmundson, 2018-02-06 From one of America's great professors, a collection of works exploring the importance of reading, writing, and teaching well for anyone invested in the future of the humanities. A renowned professor of English at the University of Virginia, Mark Edmundson has devoted his career to tough-minded yet optimistic advocacy for the humanities. He argues for the importance of reading and writing to an examined and fruitful life and affirms the invaluable role of teachers in opening up fresh paths for their students. In his series of books *Why Read*, *Why Teach*, and *Why Write*, Edmundson explored the vital worldly roles of reading, teaching, and writing, earning a vocal following of writers, teachers, and scholars at the top of their fields, from novelist Tom Perrotta to critics Laura Kipnis and J. Hillis Miller. Now, for the first time, *The Heart of the Humanities* collects into one volume this triad of impassioned arguments, including an introduction from the author on the value of education in the present and for the future. The perfect gift for students, recent graduates, writers, teachers, and anyone interested in education and the life of the mind, this omnibus edition will make a powerful and timely case for strengthening the humanities both in schools and in our society.

The St. Martin's Handbook Andrea A. Lunsford, 2011-02-11 Lunsford found that today's students write more than ever before and make rhetorically appropriate choices in texts they create outside the classroom. This is the first handbook to help students build on the smart decisions they make as recreational writers in order to succeed in their academic and professional work. It is an all-in-one teaching tool and reference that shows students how to write effectively for any purpose.

Lunsford's years of experience in the classroom and in the field have given her a unique understanding of how, what, where, and why today's students write. For her research for *The St. Martin's Handbook*, ongoing for over two decades, she has studied thousands of papers by composition students nationwide. Andrea Lunsford's trademark attention to rhetorical choice, language, and style, and critical thinking and argument have always made *The St. Martin's Handbook* an accessible and thorough writing resource. Now informed by new research into student writing patterns and featuring expanded and more visual coverage of research documentation and writing in any discipline, *The St. Martin's Handbook* offers students more help than ever before with meeting the expectations of college.
