improvement development planning and strategic human resource management school leadership and school change For academics and students Education Management in Managerialist Times offers a critical guide to existing educational management texts and makes a strong case for redefining educational management along more socially and politically informed lines The book also offers practitioners alternative management strategies intended to contest rather than support managerialism while being realistic about the context within which those who lead and manage schools currently have to work This controversial new title brings a new insight to the educational management debate **Readings in Educational Administration** Edgar Wallace Knight,1953 **EDUCATIONAL MANAGEMENT: A Unified Approach of Education** S. L. Sharma,2009-12 This book focuses on management in school administration It explains that school administrators play a vital role in the success of a school Therefore it is of the utmost importance that these leaders and future school leaders understand how to be integrative thinkers It has been proven that integrative thinkers are more effective leaders and effective leaders create successful work environments Further it elaborates on school based management which involves the formal change in the structures of school governance that leads to a more democratic administrative approach in which planning and decision making are devolved to the individual school and role of principal where the conceptual notion at work here is that of creating a bridge between the performance field and a practice field It also emphasizes on superintendent preparation and training school leadership preparation etc **Educational Administration** Walter G.
