Purakayastha, 2021-06-08 This book is an attempt at deconstructive counter reading or at what Jonathan Dollimore called creative vandalism 2018 of existing cultural or literary texts Deconstruction is a much maligned or a much misunderstood word and for many it usually bears a pejorative ring While most would flaunt their familiarity with some of its philosophic jargons for the majority it is an area to be dismissed as intellectual obscurity or abstruse high theory In fact there is a serious dearth of Derrida scholarship because of our collective aversion to Derrida that emanates from our lack of familiarity or engagement with deconstruction theory or with the philosophy of deconstruction Norm deviant reading strategies of deconstruction offer fresh insights and rebellious interpretative possibilities This book is co published with Aakar Books New Delhi Taylor Francis does not sell or distribute the print versions of this book in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka Literary Pairs in Comparative Readings across National and Cultural Divides Yarmila Nikolova

Daskalova, 2019-01-10 This collection of essays focuses on works by prominent poets and writers of the 19th and 20th centuries with a particular focus on post Romantics and modernists These authors belong to essentially different socio historical linguistic cultural and geopolitical contexts and the studies examine some of their emblematic texts from a comparative critical perspective Edgar Allan Poe and Charles Baudelaire William Butler Yeats and Percy Bysshe Shelley Emily Dickinson and Marina Tsvetaeva are some of the paired authors who due to the originality of their thought and work have come to be considered amongst the most significant literary figures of their contemporary world The volume offers an original and insightful reading of the literary text as a powerful means of both representing and shaping the inherent dialogism of different cultures As such it transcends in an imaginative way the national racial and cultural boundaries of human existence
