**Handbook of Philosophy of Management** Cristina Neesham, Markus Reihlen, Dennis Schoeneborn, 2022-12-01 The Handbook of Philosophy of Management addresses the philosophical foundations of management in theory and practice It covers established branches of philosophy such as aesthetics epistemology moral philosophy political and social philosophy philosophy of education philosophy of practice and philosophy of science The Handbook s broad scope maps out the field and provides a forum where

philosophy can be meaningfully applied to the study of management in all its forms The original peer reviewed research published here sheds new light on the complexities of management theory and practice beyond what hitherto has been possible with the sole application of the social sciences As philosophy provides a meta framework for moving beyond paradigm fragmentation within management research and education this allows researchers and practitioners to find harmony and discord in the perspectives revealed by a philosophical lens

**The Foundations of Psychoanalytic Theories** Vesa Talvitie,2018-05-08 The normal approach to the study of the foundations of psychoanalysis is to focus on Sigmund Freud s classical texts In this book however the author approaches the issue from the perspective of the foundations of behavioural sciences in general He studies the nature of psychological terms and explanations and the relation between neuroscience and psychology Due to the wide perspective the author is able to create a fresh view to the stubborn debate concerning the scientific status of psychoanalysis The author shows that both advocates and critics of psychoanalysis have a tendency to misconstrue the nature of psychoanalytic theorizing and thus have had unrealistic expectations of psychoanalytic explanations The book tries to differentiate between those aspects of psychoanalysis which should be considered scientific and those aspects of psychotherapies in general which should not come into the scientific category This books will be found to be a valuable contribution to the field of psychoanalytic studies
