Sánchez, 2014-10-01 The Fortress Commentary on the New Testament presents a balanced synthesis of current scholarship The contributors bring a rich diversity of perspectives to the task of connecting solid historical critical analysis of Scripture with sensitivity to theological cultural and interpretive issues arising in our encounter with the text The volume includes introductory articles section introductions and individual book articles that explore key sense units through three lenses The Text in Its Ancient Context The Text in the Interpretive Tradition The Text in Contemporary Discussion Comprehensive and useful for preaching teaching and research **The Literary World**, 1885 Corporate Sovereignty Joshua Barkan, 2013-08-01 Refinery explosions Accounting scandals Bank meltdowns All of these catastrophes and many more might rightfully be blamed on corporations In response advocates have suggested reforms ranging from increased government regulation to corporate codes of conduct to stop corporate abuses Joshua Barkan writes that these reactions which view law as a limit on corporations misunderstand the role of law in fostering corporate power In *Corporate Sovereignty* Barkan argues that corporate power should be rethought as a mode of political sovereignty Rather than treating the economic power of corporations as a threat to the political sovereignty of states Barkan shows that the two are ontologically linked Situating analysis of U S British and international corporate law alongside

careful readings in political and social theory he demonstrates that the Anglo American corporation and modern political sovereignty are founded in and bound together through a principle of legally sanctioned immunity from law The problems that corporate led globalization present for governments result not from regulatory failures as much as from corporate immunity that is being exported across the globe For Barkan there is a paradox in that corporations which are legal creations are given such power that they undermine the sovereignty of states He notes that while the relationship between states and corporations may appear adversarial it is in fact a kind of doubling in which state sovereignty and corporate power are both conjoined and in conflict Our refusal to grapple with the peculiar nature of this doubling means that some of our best efforts to control corporations unwittingly reinvest the sovereign powers they oppose
