## **Readings In Her Story Women In Christian Tradition:**

Her Story Barbara J. MacHaffie, 2006 The Bible has been written translated and interpreted for centuries by men in cultures that were patriarchal In patriarchy women are subordinated within the gradations of a hierarchical society Material on women therefore has often been misinterpreted or overlooked In some instances generic nouns and pronouns in the original languages have been translated into English as masculine words A careful textual study must be made using all the available tools of biblical scholarship An accurate understanding of the meaning of words must be sought Also readers must try to discern the intentions of the author and try to gain a knowledge of the historical and social background of the biblical material The demands of God must be distinguished from the demands of a particular culture The bible as a whole makes it clear that God's people are to bring justice and wholeness to all human beings the injunctions that degrade women do not provide principles valid for every age of Christianity but instead reflect cultural situations in which men related to women through dominance The standard for the Christian community today should be the glimmers of female dignity and leadership that shine through the pages of the Bible

**Women in Christian History** Carolyn DeArmond Blevins, 1995 For much of Christian history the role of women in the life of the church both local and universal has been downplayed overlooked or simply denied Such a state of affairs of course also denies the testimony of the church's Scriptures regarding the key role women played in Jesus' own ministry and that of the early church It denies or deliberately overlooks the significant role of women in the life of the church throughout the church's history down to and including the present day In recent years such denial of the significant

place of women in Christian history of course has been addressed But nowhere is there available a more comprehensive bibliography than the present one compiled by Carolyn Blevins The reach of Blevins s bibliography is wide from the earliest church to present times across every ethnic and national boundary and throughout virtually every segment of the church Catholic and Protestant and stripes in between or beyond This is in many ways but a beginning place Yet with the help of Blevins s good work students teachers researchers historians and all other seekers after the significant place of women in Christian history have indeed a place to make a good beginning

Weathers,2013-04-24 Marriage is a holy union created by God to assist men in taking dominion and nurturing the planet earth However every man is not full grown men manhood comes in stages not in age Women mature faster than men yet the Cinderella complex must be removed to allow reality to set in what you see is what you get So far man has done a lousy job Satan has not been stopped from creating havoc throughout the world the earth atmosphere is deteriorating our weather pattern is sporadic and our waterways are polluted the divorce rate is over 50% whether they are in the church or not Many of our youth are afraid to wed and lead a single parent lifestyle Many children are out of control and our killing rate is over the top If we continue in this manner we are faced with future extinction We need a new way of doing things yesterday is not fast enough the fiber of humanity weighs on the outcome of husbands and wives being able to mutually work out their differences in a mature manner This book is spiritually based to assist male and female grow in relation that keeps them together before and after they are wed Marriage is a union of three the husband the wife and God or your higher power whatever that maybe It is a three strand cord that keeps the union entwined and helps defeat the spiritual enemy Satan that hides **This Is Our Story** Janet Wootton,2013-01-07 The story of women s ministry is longer and far more varied than

most people imagine This book tells the story of women s ministry in the Free Churches and looks at its impact on the ways we worship and live out our Christian lives Women have ministered in garrets and gutters at home and on the mission field Today women are fully engaged in ministry within our multicultural society bringing a diversity of voices to match the diversity of the world in which we live Six well known contributors who are themselves involved in the story of women s ministry explore issues of leadership and authority preaching and worship global perspectives the relation to feminist theology and the ecumenical setting Their contributions are complemented by the voice of experience Women from varied backgrounds tell their own stories of being called to a ministry that sometimes doesn t fit of wrestling with the traditions that have nurtured their faith and that can put obstacles in their way Here we see something of the variety and of the rich texture

of women's ministries in the contemporary church. Some of the women represented here have found their journey to ministry uncomplicated. Others have traveled long and painful roads meeting opposition and hostility. Many have moved from trying to be one of the boys to the recognition that their gender can have an influence on their ministry. The stories interact with the articles bringing many lively and dramatic voices to the telling of our story.

**Women and the Christian Story** Jennifer Hornyak Wojciechowski, 2022-10-18. This is a story about Christian women. It is a story of martyrs, mystics, missionaries, leaders, preachers, theologians, saints, and prophets. For most of its two thousand year history, Christianity has told its stories from the perspective of men, mostly powerful men and almost always men in control of the official narrative. These masculine narratives tell only part of the story because they obscure the rich and essential contributions, large and small, of Christian women throughout time. If the stories of women have been overlooked, generally stories of women from outside the Western tradition have been even more seriously overlooked. In this exciting, readable, and fresh new history of Christianity, Jennifer Hornyak Wojciechowski foregrounds the story of Christian women for a new era. Be they powerful or nameless, saintly or flawed, women across two millennia and six continents are lifted up and allowed to speak fully to their part in the spread of the faith. Wojciechowski's book works perfectly as a classroom text while welcoming general readers of all backgrounds and interest levels.

**Evangelical Identity and Gendered Family Life** Sally K. Gallagher, 2003. Evangelical Identity and Gendered Family Life provides a sociological and historical analysis of gender, family, and work among evangelical Protestants. In this innovative study, Sally Gallagher traces two lines of gender ideals: one of husbands' authority and leadership, the other of mutuality and partnership in marriage, from the Puritans to the Promise Keepers into the lives of ordinary evangelicals today. Rather than simply reacting against or accommodating themselves to secular society, Gallagher argues that both traditional and egalitarian evangelicals draw on longstanding beliefs about gender, human nature, and the person of God. The author bases her arguments on an analysis of evangelical family advice literature, data from a large national survey, and personal interviews with over 300 evangelicals nationwide. No other work in this area draws on such a range of data and methodological resources. Evangelical Identity and Gendered Family Life establishes a standard for future research by locating the sources, strategies, and meaning of gender within evangelical Protestantism.
