**A New Reading of Jacques Ellul** Jacob Marques Rollison, 2020-09-10 This book presents an original and dynamic reading of the twentieth century French sociologist and theological ethicist Jacques Ellul Adopting Ellul s use of presence as a hermeneutical key to understanding his work it examines the origins of Ellul s approach to presence in his readings of Kierkegaard and the biblical book of Ecclesiastes highlights the central structural role of presence in Ellul s

theological ethics and elucidates a crucial turning point in Ellul's theology following a personal crisis in Ellul's faith and life. Drawing from numerous unpublished and untranslated texts, Jacob Marques Rollison argues that this crisis involves confrontation with a critique of presence manifest in Ellul's reading of and engagement with Michel Foucault. Marques Rollison distills Ellul's sociological critiques and theological responses to this crisis, presenting Ellul's evolving theology against the background of major shifts in French intellectual life. In doing so, the author simultaneously calls for renewed engagement with Ellul's prophetic thought, critically appraises Ellul's dialectical theology and Marxist inheritances, and develops a robustly Protestant approach to theological communication ethics for our time. *Reading the Way to Heaven*

Steven Joe Koskie Jr., 2014-11-04

The proliferation of work on the theological hermeneutics of Scripture in recent years has challenged and reimagined the divisions between systematic theology and biblical studies on the one hand and academy and church on the other. Also notable, however, has been the absence of a full-length treatment of theological interpretation from a Wesleyan perspective. This monograph develops a Wesleyan theological hermeneutic of Scripture approached as a craft learned from a tradition constituted appropriation of John Wesley's hermeneutics. This hermeneutic requires a descriptive analysis of the context, grammar, and ruled reading of the literal sense in Wesley's interpretive practices as well as critical interaction with the analysis in light of contemporary issues. As a result of this interaction, continuity and discontinuity between Wesley's and Wesleyan interpretation emerges and is accounted for. The Wesleyan theological hermeneutic developed here defines the church as Spirit-formed context within the larger divine economy of salvation, in contrast with Wesley's emphasis on individual soteriology and underdeveloped ecclesiology. Within this community context, Wesleyan theological interpretation is a means of grace whereby the Holy Spirit reinterprets the identity of readers into children of God. Theological interpretation invites readers on a Wesleyan account to participate in the textually mediated identity of Jesus Christ through the gracious work of the Holy Spirit. Wesleyan identity is therefore a figurally created identity based on the literal sense of Scripture. Wesley's analogy of faith, which rules his reading of Scripture, thus gives way to a more explicitly trinitarian rule of faith.
