Leonard Peikoff, 1983-06-01 Ayn Rand chose Leonard Peikoff to be her successor as the spokesman for Objectivism And in this brilliantly reasoned thought provoking work we learn why as he demonstrates how far America has been detoured from its original path and led down the same road that Germany followed to Nazism Self sacrifice Oriental mysticism racial truth the public good doing one's duty these are among the seductive catch phrases that Leonard Peikoff dissects examining the kind of philosophy they symbolize the type of thinking that lured Germany to its doom and that he says is now prevalent in the United States Here is a frightening look at where America may be heading a clarion call for all who are concerned about preserving our right to individual freedom

The Conscription Society Gregory James Kasza, 1995-01-01 The ability to

organize millions of people for political purposes is a potent and relatively recent weapon in the struggle for power Political scientists have studied two types of mass organization the political party and the interest group In this book Gregory Kasza examines a third type which he calls the administered mass organization AMOs are mass civilian bodies created by authoritarian regimes to implement public policy Officials use them to organize youths workers women or members of other social sectors into bodies resembling the mass conscript army A network of AMOs produces a conscription society a major force in twentieth century politics in over 45 countries Using comparative history and organization theory Kasza analyzes the politics of the conscription society in both military and single party regimes He discusses the origins of AMOs in Japan the Soviet Union and Fascist Italy and their subsequent spread to China Egypt Nazi Germany Peru Poland and Yugoslavia He

focuses on the use of AMOs to curb political opposition to mobilize for war and to shift control over the means of production Kasza shows how in the hands of despotic rulers AMOs have contributed to the extremes of political barbarism characteristic of the twentieth century

A New Reading of Jacques Ellul Jacob Marques Rollison, 2020-09-10 This book presents an original and dynamic reading of the twentieth century French sociologist and theological ethicist Jacques Ellul Adopting Ellul's use of presence as a hermeneutical key to understanding his work it examines the origins of Ellul's approach to presence in his readings of Kierkegaard and the biblical book of Ecclesiastes highlights the central structural role of presence in Ellul's theological ethics and elucidates a crucial turning point in Ellul's theology following a personal crisis in Ellul's faith and life Drawing from numerous unpublished and untranslated texts Jacob Marques Rollison argues that this crisis involves confrontation with a critique of presence manifest in Ellul's reading of and engagement with Michel Foucault Marques Rollison distills Ellul's sociological critiques and theological responses to this crisis presenting Ellul's evolving theology against the background of major shifts in French intellectual life In doing so the author simultaneously calls for renewed engagement with Ellul's prophetic thought critically appraises Ellul's dialectical theology and Marxist inheritances and develops a robustly Protestant approach to theological communication ethics for our time

The Poets of Rapallo Lauren Arrington, 2021-07-08 A new story about the relationships between major twentieth century English language poets Why did poets from the United States Britain and Ireland gather in a small town in Italy during the early years of Mussolini's regime These writers were or became some of the most famous poets of the twentieth century What brought them together and what did they hope to achieve The Poets of Rapallo is about the conversations collaborations and disagreements among Ezra and Dorothy Pound W B and George Yeats Richard Aldington and Brigit Patmore Thomas MacGreevy Louis Zukofsky and Basil Bunting Drawing on their correspondence diaries drafts of poems sketches and photographs this book shows how the backdrop of the Italian fascist regime is essential to their writing about their home countries and their ideas about modern art and poetry It also explores their interconnectedness as poets and shows how these connections were erased as their work was polished for publication Focusing on the years between 1928 and 1935 when Pound and Yeats hosted an array of visiting writers this book shows how the literary culture of Rapallo forged the lifelong friendships of Richard Aldington and Thomas MacGreevy both veterans of the First World War and of Louis Zukofsky and Basil Bunting who imagined a new kind of democratic poetry for the twentieth century In the wake of the Second World War these four poets all downplayed their relationship to Ezra Pound and avoided discussing how important Rapallo was to their development as poets But how did these democratic poets respond to the

fascist context in which they worked during their time in Rapallo The Poets of Rapallo discusses their collaboration with Pound their awareness of the rising tide of fascism and even in some cases their complicity in the activities of the fascist regime The Poets of Rapallo charts the new direction for modernist writing that these writers imagined and in the process it exposes the dark underbelly of some of the most lauded poetry in the English language
