Webb,2001 In this important book Webb makes two central claims First that effective preaching without a manuscript is not a matter of talent as much as it is a matter of preparation Preachers can learn the practices and disciplines that make it possible to deliver articulate thoughtfully crafted sermons not from a written page but as a natural spontaneous act of oral communication Throughout the book the author

offers specific examples including a transcript of a sermon preached without manuscript or notes Second that the payoff of learning to preach without a manuscript is nothing less than sermons that more effectively and engagingly give witness to the good news Seventy Sermon Outlines ... Henry Woodcock,1895 *Classic Sermon Outlines* Matthew Henry,George Whitefield,Alexander Maclaren,2001 This volume contains 105 model sermons among the best ever written and delivered in the English language These practical and doctrinally sound sermons have been expertly outlined and are ready to use The grace of God the righteousness of Christ and humankind s need for salvation shine loud and clear through these sermons
