Real Boys Voices:

Real Boys' Voices William S. Pollack, Todd Shuster, 2001-05-01 What real boys have to say A lot of people use words like psycho or wacko to refer to people who are feeling glum or think they might want to take their own life I think these sorts of slang terms create further isolation in a teen and that s not what you want to do to a teen who already feels alone Alexander 18 from a small town in the South A guy is supposed to be strong tall and fast and have the qualities of an ideal athlete At the same time he s supposed to be smart He s expected to be nearly perfect Chandler 14 from a suburb in the Northwest What I hate about this school is that I am being picked on in the halls and just about everywhere else Cody 14 from a suburb in New England In *Real Boys* Dr William Pollack explored the issues that most boys in our nation face today In this fascinating follow up bestseller Pollack goes right to the source boys ages 10 to 20 evoking the secret struggles and passions of America s adolescent males in their own words Their voices are searingly honest and eager to be heard revealing how society s outdated expectations force them to mask their feelings of isolation depression longing love and hope We hear from boys and young men in big cities and small towns including survivors of the Columbine High School massacre who share compelling extraordinarily candid stories about bullying drugs sports school parents sex love and much more Pollack also offers ways to start a dialog and illustrates through templates what to do in many situations This is an eye opening book for teenage boys and girls but with its insights and strategies for dealing with their issues especially invaluable for all the people in their lives

Real Boys' Voices William Pollack, Todd Shuster, 2000-09-20 In my travels throughout this country I have discovered a glaring truth America s boys are absolutely desperate to talk about their lives says Dr William Pollack author of the bestseller *Real Boys Now* in *Real Boys Voices* Pollack lets us hear what boys today are saying even as he explores ways to get them to talk more openly with us Boys long to talk about the things that are hurting them their harassment from other boys their troubled relationships with their fathers their embarrassment around girls and confusion about sex their disconnection from and love for their parents the violence that haunts them at school and on the street their constant fear that they might not be as masculine as other boys In *Real Boys Voices* we hear verbatim what boys from big cities and small towns including Littleton Colorado have to say about violence drugs sports school parents love anger body image becoming a man and much much more *Real Boys Voices* takes us into the daily worlds of boys not only to show how society s outdated expectations force them to mask many of their true emotions but also to let us hear how boys themselves describe their isolation depression longing love and hope How can you get behind the mask of masculinity many boys wear How can you tell whether a bad boy is actually a sad boy and how do you spot the danger signals of depression How can you grow closer to the boy you love Pollack explores how to create safe spaces and engage in action talk how to listen so a boy will speak the truth about and be himself In the *real boys voices* here boys speak eloquently and truthfully about such topics as shame bullying and teasing the pressure to fit in addictions how they see the lives of the men they know the importance of their mothers and fathers their

own spiritual and creative experiences friendships with other boys and with girls being gay and coping with divorce and other losses including the death of a friend or parent We also hear what boys from Columbine High School and other places say about fear and violence in their lives Full of insights from and about young and adolescent boys William Pollack's *Real Boys* Voices is an important illuminating and invaluable book for boys themselves and for all the people in their lives From *Real Boys* Voices Boys are supposed to shut up and take it to keep it all in Scotty from a small town in New England What I hate about this school is that I am being picked on in the halls and just about everywhere else Cody from a suburb in New England Sometimes people say there are two me's like I have a dual personality The public persona is not really who I am It's a tool to be who everyone wants me to be Raphael from a city in the West If you see abuse coming just walk out of the room or walk out of the house or go somewhere go to a friend's house go for a walk take your dog for a run whatever Just try to get away from that situation before it actually explodes Paul from a suburb in the West Maybe a couple of times I used to bully some kids I haven't bullied anyone since the shooting I try to be nicer to people even if I don't like them John from Littleton Colorado

Disaffiliating Ministry Gregory Baker,2019-08-23 This book explores the shifting role of the minister in light of the experiences of college men in the United States Young men frequently struggle to know what it means to be a man and doubt that churches can supply the meaning and direction for which they hunger These men are not necessarily lost but they do need a certain kind of spiritual accompaniment that is likely to push many ministers outside of postures and practices with which they have grown comfortable This interdisciplinary work draws together feminist and masculinist theories contemporary practices in campus ministry recent literature on religious deconversion and individual interviews with college

men in order to argue for new ways amid the practice of ministry This work invites ministers to become more apophatic to grow comfortable with moving away from clarity and to adopt ungrasping postures of ministry that attend to the unfolding theology of the individual This repositions campus ministers to support young adults from a range of spiritual commitments Disaffiliating Ministry invites ministers to eliminate wasteful ministerial habits to explore new ministry practices and to enjoy the freedom of accompanying young men in processes of leaving behind attitudes and actions that cease to be life giving while deepening in faith courage and responsibility for others
