Protection, Patronage, or Plunder? British Machinations and (B)uganda's Struggle for Independence Apollo N. Makubuya, 2019-01-17 In the scramble for Africa Britain took a lion's share of the continent. It occupied and controlled vast territories including the Uganda Protectorate which it ruled for 68 years. Early administrators in the region encountered the progressive kingdom of Buganda which they incorporated into the British Empire. Under the guise of protection, indirect rule and patronage, Britain overran, plundered and disempowered the kingdom's traditional institutions. On liquidation of the Empire, Buganda was coaxed into a problematic political order largely dictated from London. Today, 56 years after independence, the kingdom struggles to rediscover itself within Uganda's fragile politics. Based on newly declassified records, this book reconstructs a history of the machinations underpinning British imperial interests in Buganda and the personalities who embodied colonial rule. It addresses Anglo-Uganda relations, demonstrating how Uganda's politics reflects its colonial past and the forces shaping its future. It is a far-reaching examination of British rule in Buganda, questioning whether it was designed for protection, for patronage or for plunder **Atlas of Epidemic Britain** Matthew Smallman-Raynor, Andrew Cliff, 2012-05-10 Using over 300 new maps, charts, photographs and associated text, this full-colour Atlas views a century of change in Britain's epidemic landscape. It maps and interprets the retreat of some infectious diseases, the emergence of new infections and the re-emergence of certain historical plagues **British Museum Catalogue of Maps**, 1885
