Being Protestant in Reformation Britain Alec Ryrie, 2013-04-25. The Reformation was about ideas and power but it was also about real human lives. Alec Ryrie provides the first comprehensive account of what it actually meant to live a Protestant life in England and Scotland between 1530 and 1640, drawing on a rich mixture of contemporary devotional works, sermons, diaries, biographies and autobiographies to uncover the lived experience of early modern Protestantism. Beginning from the surprisingly urgent, multifaceted emotions of Protestantism, Ryrie explores practices of prayer, of family and public worship and of reading and writing, tracking them through the life course from childhood through conversion and vocation to the deathbed. He examines what Protestant piety drew from its Catholic predecessors and contemporaries and grounds that piety in material realities such as posture, food and tears. This perspective

shows us what it meant to be Protestant in the British Reformations a meeting of intensity a religion which sought authentic feeling above all and which dreaded hypocrisy and hard heartedness with dynamism a progressive religion relentlessly pursuing sanctification and dreading idleness That combination for good or ill gave the Protestant experience its particular quality of restless creative zeal The Protestant devotional experience also shows us that this was a broad based religion for all the differences across time between two countries between men and women and between puritans and conformists this was recognisably a unified culture in which common experiences and practices cut across supposed divides Alec Ryrie shows us Protestantism not as the preachers on all sides imagined it but as it was really lived **Canadian Books in Print 2002**

Guide: Ireland Cian Hallinan, 2006-04-01 A highly illustrated guide to Ireland in the award winning DK Eyewitness Travel series **Memoires of a Travelholic** Carole J. Kuhn, 2014-01-28 Dr Kuhn has written a book about her life and travels as a foreign language teacher In essence it is a book of memories autobiographical in nature She describes many of the 45 trips in detail but she also groups many of the trips together In 1973 when she began taking students to Europe she had a good background of working with students and knowing how they think and act or so she thought There is an interesting list of things to take where to put the items where they can be bought and the prices of the items There is also a list of personal rules and regulations that were required of all students They were called Mademoiselles Rules or Mlles Rules Then there is a comprehensive list of Trip Procedures giving all the do s and dont s of traveling Students were allowed to sample beer and alcohol as long as their parents had signed a permission slip but students will always try to outthink the teacher and circumvent the procedures Dr Kuhn describes many of the things that went wrong on both student trips and adult trips along with things that didn t seem funny at the time but in retrospect seem humorous today **Literary Trips** Victoria
