Real Split In The International Theses On The Situationist International And Its Time 197:

Arts and Politics of the Situationist International 1957-1972 Edward John Matthews, 2021-10-01 Arts and Politics of the Situationist International contextualizes the SI within a comprehensive aesthetic and theoretical framework that integrates its concepts and practical activities with previous critical thinkers political activists artists and poets The SI belongs to a history of radical gestures and cultural practices concerned with re imagining everyday life and overcoming alienation This book regards the SI as a critical interdisciplinary endeavor in the history of consciousness particularly as a moment in an ongoing western European trajectory of aesthetic negation dating back to the early nineteenth century The chapters search for origins of the SI in French Symbolist poetry Dada and Surrealism Hegelian Marxism and Lefebvrian social theory in an effort to provide a clearly defined something out of which the SI developed as an increasingly radical collective of artists writers and theorists The Real Split in the International ,2003 Anti-Book Nicholas Thoburn, 2016-12-15 No Anti Book is not a book about books Not exactly And yet it is a must for anyone interested in the future of the book Presenting what he terms a communism of textual matter Nicholas Thoburn explores the encounter between political thought and experimental writing and publishing shifting the politics of text from an exclusive concern with content and meaning to the media forms and social relations by which text is produced and consumed Taking a post digital approach in considering a wide array of textual media forms Thoburn invites us to challenge the commodity form of books to stop imagining books as transcendent intellectual moral and aesthetic goods unsullied by commerce His critique is instead one immersed in the many materialities of text Anti Book engages with an array of writing and publishing projects including Antonin Artaud s paper gris gris Valerie Solanas s SCUM Manifesto Guy Debord s sandpaper bound M moires the collective novelist Wu Ming and the digital print hybrid of Mute magazine Empirically grounded it is also a major achievement in expressing a political philosophy of writing and publishing where the materiality of text is interlaced with conceptual production Each chapter investigates a different form of textual media in concert with a particular concept the small press pamphlet as communist object the magazine as diagrammatic publishing political books in the modes of root and rhizome the multiple single of anonymous authorship and myth as unidentified narrative object An absorbingly written contribution to contemporary media theory in all its manifestations Anti Book will enrich current debates about radical publishing artists books and other new genre and media forms in alternative media art publishing media studies cultural studies critical theory and social and political theory

Twilight Memories Andreas Huyssen, 2012-11-12 In this new collection of essays on memory and amnesia in the postmodern world cultural critic Andreas Huyssen considers how nationalism literature art politics and the media are obsessed with the past The great paradox of our fin de siecle culture is that novelty is even more associated with memory than with future expectation Drawing heavily on the dilemmas of contemporary Germany Huyssen s discussion of cultural memory illustrates the nature of contemporary nationalism the work of such artists and thinkers as Anselm Kiefer Alexander

Kluge and Jean Baudrillard and many others The book includes illustrations from contemporary Germany *The Uncertain States of America Reader* Noah Horowitz, Brian Sholis, 2006-04-07 This is undoubtedly a moment marked by a serious interest in the actions America is taking on the world stage actions that have been described as a cause for grave concern We do not attempt to authoritatively engage these concerns here nor do we wish to insinuate that elevated interest in America's cultural affairs is somehow unique to our present historical moment We do however think that this sampling of discourse by and about a country's visual artists leads to insights about its politics and society not gained elsewhere At the very least it gives a sense of what it is like to live in the United States today and results in some inspired debate We hope that this book serves not only as a valuable compendium of recent writing about contemporary art but also as inspiration to seek further understanding of these Uncertain States So Noah Horowitz and Brian Sholis note in the introduction to this unique compilation of writing around art and cultural politics in America since 2000 Published in collaboration with the Serpentine Gallery London and the Astrup Fearnley Museum of Modern Art Oslo as an addendum to the traveling exhibition Uncertain States of America curated by Daniel Birnbaum Gunnar Kvaran and Hans Ulrich Obrist the USA Reader was designed by Dexter Sinister It is a thought provoking collection that will become an important sourcebook on American culture at the start of the new millennium Contributors Giorgio Agamben Dora Apel Jack Bankowsky David Barringer Bernadette Corporation John Bowe et al Johanna Burton Paul Chan Critical Art Ensemble Trisha Donnelly Andrea Fraser Isabelle Graw Tim Griffin Matthew Jesse Jackson Chris Kraus Miwon Kwon Robert Morris Molly Nesbit Seth Price Kymberly N Pinder Retort Ralph Rugoff Gregory Sholette Julian Stallabrass Kirk Varnedoe Hamza Walker and Matt Wolf *The Veritable Split in the International* Internationale situationniste, Guy Debord, Gianfranco Sanguinetti, 1972
