Real Teachers:

Real Men Or Real Teachers? Paul Sargent, 2001 Real Teachers, Real Challenges, Real Solutions Elizabeth Breaux, Annette Breaux, 2013-09-27 This book helps new and experienced teachers find solutions to common classroom challenges. It presents 25 real scenarios along with What's Effective, What's NOT Effective, and Bottom Line strategies for handling the most common teacher challenges. Ideal for high interest staff development workshops or new teacher induction programs, this book shows teachers how to get students to do what you want them to do, deal with disrespectful student behaviors, and handle I don't care attitudes. Deal with parents and difficult co-workers and solve other common teaching challenges. REAL Teachers, REAL Challenges, REAL Solutions. 25 Ways to Handle the Challenges of the Classroom Effectively is for teachers who need common sense answers to common teaching challenges, experienced teachers who seek to become even more effective, and teachers who believe in treating their students with professionalism and dignity. *Real Talk for Real Teachers* Rafe Esquith, 2014-06-24 The New York Times bestselling author and world renowned teacher offers no nonsense wisdom for teachers of all ages. There's no one teachers trust more to give them classroom advice than Rafe Esquith. After more than thirty years on the job, Esquith still puts in the countless classroom hours familiar to every dedicated educator. But where his New York Times bestseller *Teach Like a Hero* was food for a teacher's mind, *Real Talk for Real Teachers* is food for a teacher's soul. Esquith candidly tackles the three stages of life for the career teacher and offers encouragement to see them through the difficult early years, advice on mid-career classroom building, and novel ideas for longtime educators. With his trademark mix of humor, practicality, and boundless compassion, Esquith proves the perfect companion for teachers who need a quick pick-me-up, a long heart-to-heart, or just a momentary reminder that they're not alone. *How Real Teachers Learn to Engage All Learners* Sarah J. Noonan, 2013-06-16 The first few years of teaching represent an intense period of experimentation and learning, leading to the adoption of learner-centered practices to help students achieve. A critical incident or nagging problem triggers critical reflection on practice, experimentation, the adoption of new approaches, and permanent changes in practice. When teachers improve their practice through action research and collaboration with colleagues, students predictably learn more. Inspecting the core areas of teaching and learning helps teachers critically reflect on practice to improve and innovate. Drawing on research and best practices from education and psychology, readers learn how four motivational pathways attract even the most reluctant and resistant learners to learning. While many recognize the importance of well-prepared and accomplished teachers in helping students learn, too few recognize the need for continuous learning as the surest route to gaining expertise in teaching and increasing student achievement. Practical models and strategies presented in this book will help teachers address the important challenges facing schools today, including supporting disadvantaged learners, raising student achievement, and challenging all students to achieve their potential. Real Teachers Stuart Grauer, 2013-03-19 Head of private secondary school in Southern

California explores the meaning of an authentic education In his stories of discoveries about teaching he hopes to inspire students and teachers to transcend the common belief that efficient delivery of a standardized core curriculum is the essential value of educators and to expect much more from themselves and their schools Provided by publisher *Real Talk for Real Teachers* Rafe Esquith, 2013-07-16 The New York Times bestselling author and world renown teacher offers no nonsense wisdom for teachers of all ages There s no one teachers trust more to give them classroom advice than Rafe Esquith After more than thirty years on the job Esquith still puts in the countless classroom hours familiar to every dedicated educator But where his New York Times bestseller *Teach Like Your Hair s on Fire* was food for a teacher s mind *Real Talk for Real Teachers* is food for a teacher s soul Esquith candidly tackles the three stages of life for the career teacher and offers encouragement to see them through the difficult early years advice on mid career classroom building and novel ideas for longtime educators With his trademark mix of humor practicality and boundless compassion Esquith proves the perfect companion for teachers who need a quick pick me up a long heart to heart or just a momentary reminder that they re not alone

Teacher Representations in Dramatic Text and Performance Melanie Shoffner, Richard St. Peter, 2019-09-06 This book examines representations of the teacher on stage in both theatrical performances and dramatic text in order to demonstrate how these representations have shaped society s perceptions of educators in and out of the classroom At the heart of this book is the

interaction between theatre and teacher education By considering how dramatic portrayals reimagine reinforce and or undermine our understanding of the teacher s personal and professional roles this volume bridges the gap between truth in dramatic literature and truth in the classroom Chapters critically explore the personas embodied by fictional teachers in well known works such as *Educating Rita* *School of Rock* and *The History Boys* and illustrate how educators might use dramatic literature and performance to interrogate entrenched ideas about the student teacher dynamic By bringing together a diverse set of contributors from the fields of teacher education and theatre this book takes a critical look at performance text society and culture to promote a new understanding of teaching and learning This unique book will be of great interest to graduate and postgraduate students academics and researchers in the fields of teacher education drama and theatre education
