Feldman, 2019-08-05 At the intersection of literary theory philosophy of history and phenomenology Arts of Connection Poetry History Epochality explores the representation of connections between events in literary historical and philosophical narratives Events in a story can be seen as ordered according to proximate causation which leads diachronically from one event to the next and they can also be understood in view of the structure of the narrative as a whole for instance in terms of the unity of plot Feldman argues that there exists an essential narrative tension between these two kinds of connection i.e. between the overarching arrangement or plot that holds together events from outside as it were in order to produce an intelligible whole and the portrayal of one by one interstitial connections between events within the narrative Arts of Connection demonstrates by means of exemplary moments in Aristotle and classical German poetics eighteenth-century philosophy of history and twentieth-century phenomenology that the task of connection is a fraught one insofar as the formal unity of narrative competes or interferes with the representation of one by one connections between events and vice versa **CONNECTING & DISCONNECTING** Adrian Gabriel Dumitru , Analyzing in Freudian style my own life I've finally understood why I am an idiot I was mad and also sad I could say that I was actually an emotional cocktail of madness and sadness but I just could not

accept it even if i knew it by few days already But like all the ones that studied psychology into a very deep way i knew to hide all so damn good On the real scene of life i was always wearing a very nice emotional mask and no one really knew what is going on into my soul But Well randomly there were situations when i was becoming so furious actually acting like a devil It was a total nonsense but i was keep doing that letting those daemons from inside of me to dominate all i was doing And that happened on and on and on Today i was ok and one day later all those strong emotions from inside of me were taking the control over my soul I was actually connected to beautiful vibes then again to negativity It was all an emotional balance I was connecting then disconnecting then connecting again I ve tried to understand myself but more i was going deeper and deeper i ve felt that i could not accept that i dislike so much something specific from my reality This connecting disconnecting story was actually a chain reaction Not being happy of some of the elements of my life i was randomly losing control on myself allowing to explode as a nuclear bomb destroying all around myself I was basically a person that could be defined as a good guy but Randomly allowing those little devils from inside my soul to dominate the energies beyond the scene of my life i proved myself to actually be on and on and on an idiot Only the deep analyzes done into a freudian style made me see the fact that not practicing the honesty in front of myself carrying all the time emotional masks that were actually hiding my real emotions i was always ending up balancing between beautiful and ugly energies I had to accept my emotions even to accept that i act like a great idiot but I preferred to hide the truth To hide my emotions So i simple continued life connecting and disconnecting to beautiful but also ugly energies

GO WITH YOUR HEAR NOT THE MIND DUANE THE GREAT WRITER,2012-08-20 When a person goes with their Heart they are taking the risk into discovering their own Being Of course all most all of us go through some type of schooling which makes sense for the society in which we live but if we never take the risk to discover our Heart and Being then we continue on for many more unconscious lifetimes until we are ready to WakeUp But we definitely need RealGuidance to discover who we are and why we are here moreso than what can be found in any of the Literal Institutions Young children live with their Heart and not their head or mind as they have not been overly conditioned Nature and all the creatures in it are the same way as they are Being with Life and not working against it or trying to destroy it Of course none of us can destroy Life but we can create things that distort what Life has provided for us on the Earth The Reality Life IS is all about Becoming MoreAware from the Heart www.DuaneTheGreatWriter.Info
