Embracing Life Again After the Death of a Spouse Dr Anniekie Ravhudzulo, 2011-01-12

When someone we love dies, our whole world is knocked off balance. One of the most common and yet difficult feelings you experience is isolation. It seems no one understands what you are going through. And many of us are so busy you don't take the time to fully grieve and therefore heal from your losses. It is very true that people who are grieving often feel extremely tired because the process of grieving usually requires physical and emotional energy. The grief you are feeling is not just for the person who died but also for the unfulfilled wishes and plans for the relationship with the person. Death often reminds most of the people of past losses or separations. Remember there are a number of conditions that can make it harder for you as a person to successfully make it through the grief process. For example, sudden losses are harder to deal with than ones that have been anticipated. With anticipated losses, the knowledge that a loss will occur allows people to prepare both by feeling grief before the fact of the loss and also by planning ways to minimize the negative impact of the loss when it does occur. The loss of a spouse, lover, child, parent, or best friend is usually more deeply felt than the loss of more distant relations and friends. This is because such central relationships have long and deeply felt histories and an intensity of attachment that does not occur with more distant relationships. Central relationships are more deeply and significantly knitted into the grieving person's sense of self and thus leave a bigger hole in the grieving person's sense of self when they are lost. I discovered that when things are going badly, whether in the family or work environment, most of us strive mightily to improve our situations. But what if the way to overcome a series of losses and failures is just to sink into them? We all go through trials and tribulations. Everyone has difficult situations in their life. It is the way we look at them and the way we handle those situations. I believe it is the struggle we must endure to gain the strength needed to break through the barriers. With every victory comes the strength we need to overcome the obstacles and move forward. Most people today give up easily because of what you may call emotional downturn. This book in your hand has been written and carefully thought out with you in mind. It has been written to bring you out of your sociological pit and emotional defeat. I therefore gladly recommend this book to your reading that you may be built in His grace. I believe that God will never give you more than you can handle. You often wonder how some people cope with their situations in life. I often hear people saying, "I don't think I could deal with that," but we don't know what strength lies within us until the time comes to face the challenge. The

The Life Of The Dead Eddie B. Jackson,2011-02 The style and layout of this book greatly enhance one s ability to grasp the real truth the author seeks to bring to the reader s attention This book will likely turn out to be the most consoling and uplifting for the bereaved that has ever been published Plainly and undeniably this book shows that no one goes to heaven or hell ahead of others Anyone who believes the whole counsel of the Bible will also accept this work It is literally Bible centered It points to passages of Scripture that reveal the whole truth about the status of the dead The author actually shows that God has designed the human being so as to experience not one moment between death and resurrection The author does not build any points upon philosophical reasoning or deduction but he shows that no one remains dead longer than another due to moving from time to eternity Almost anyone will lose all fear of death and the degree of dread and grief will also be lessened significantly as a result of reading this book It covers not just life after death but also explains why natural death is necessary The book covers this in such a manner that reveals the necessity One gets to see that physical death is the greatest grace God has bestowed upon fallen man saved the shed blood of Christ Jesus One shall plainly understand why God allowed man to be tempted by Satan in the first place This book is among the most compact yet simple and short in word count one will likely encounter It contains a chapter designed to console the bereaved who may not be in a position to read the whole book at that moment
