Realist Criminology Crime Control And Policing In The 1990s:

Realist Criminology John Lowman, Brian MacLean, 1992-01-01 In the 1980s in Britain a new school of critical criminology arose to challenge the political and philosophical idealism that characterized its critical predecessors and to offer an alternative to the crime control policies of the New Right Arguing that by overemphasizing the crimes of the powerful much of critical criminology had virtually ignored the impact of street crime on its victims a left realism emerged to reassert the centrality of the victim in the development of a progressive criminology Critical realism recognizes the seriousness of street crime for those people victimized by it particularly women acknowledges that a consensus as to the desirability of a core group of laws does exist and advocates various kinds of criminal justice reform and crime prevention strategies In this respect there are important parallels with debates in feminism concerning the role of the state in the problem of violence against women One of the most important contributions critical realism has made to criminological research is the development of local crime surveys which attempt to measure patterns of victimization and policing and how these are perceived by the general public Such research remains largely undeveloped in North America and it is the purpose of this book to begin to take stock of these developments and examine their relevance for North America This is the first text to include a critical examination of left realism examine its relationship to feminism and comment on its relevance outside Britain

Riding to the Rescue Steve Hewitt, 2006-01-01 The Mountie may be one of Canada s best known national symbols yet much of the post nineteenth century history of the Royal Canadian Mounted Police remains unexamined particularly the period between 1914 and 1939 when the RCMP underwent enormous transformation The nature of this transformation as it took place in Alberta and Saskatchewan where the Mounties have traditionally dominated policing is the focus of Steve Hewitt s Riding to the Rescue During the 1914 to 1939 period the nineteenth century model of the RCMP was evolving into a twentieth century version and the institution that emerged responded to a nation that was being transformed as well Forces such as industrialization mass immigration urbanization and political radicalism compelled the Mounties to look away from the frontier and toward a new era Incorporating previously classified material which explores the RCMP both in the context of its ordinary policing role and in its work as Canada s domestic spy agency Hewitt demonstrates how much of the impetus behind the RCMP s transformation was ensuring its own survival and continued relevance Riding to the Rescue is a provocative and incisive look behind one of Canada s most enduring icons at the cusp of the modern era
