Reality ,1928 **Reality Gendervision** Brenda R. Weber,2014-03-03 This essay collection focuses on the gendered dimensions of reality television in both the United States and Great Britain Through close readings of a wide range of reality programming from Finding Sarah and Sister Wives to Ghost Adventures and Deadliest Warrior the contributors think through questions of femininity and masculinity as they relate to the intersections of gender race class and sexuality They connect the genre s combination of real people and surreal experiences of authenticity and artifice to the production of identity and norms of citizenship the commodification of selfhood and the naturalization of regimes of power Whether assessing the Kardashian family brand portrayals of hoarders or big family programs such as 19 Kids and Counting the contributors analyze reality television as a relevant site for the production and performance of gender In the process they illuminate the larger neoliberal and postfeminist contexts in which reality TV is produced promoted watched and experienced

Contributors David Greven Dana Heller Su Holmes Deborah Jermyn Misha Kavka Amanda Ann Klein Susan Lepselter Diane Negra Laurie Ouellette Gareth Palmer Kirsten Pike Maria Pramaggiore Kimberly Springer Rebecca Stephens Lindsay Steenberg Brenda R Weber     Making Rights a Reality? Lisa Vanhala, 2010-12-20 Making Rights a Reality explores the way in which disability activists in the United Kingdom and Canada have transformed their aspirations into legal claims in their quest for equality It unpacks shifting conceptualizations of the political identity of disability and the role of a rights discourse in these dynamics In doing so it delves into the diffusion of disability rights among grassroots organizations and the traditional disability charities The book draws on a wealth of primary sources including court records and campaign documents and encompassing interviews with more than sixty activists and legal experts While showing that the disability rights movement has had a significant impact on equality jurisprudence in two countries the book also demonstrates that the act of mobilizing rights can have consequences both intended and unintended for social movements themselves
