How does the teacher foster a classroom environment that encourages student participation and promotes enjoyment so that teenagers learn to appreciate literary study? More specifically how can teachers cover centuries of American literature with students who don't appreciate why they should read material written centuries ago about people and issues that appear to be irrelevant to life today in a language that seems esoteric? The author of this series of high school teaching guides addresses these issues. *How to Teach American Literature: A Practical Teaching Guide* provides a detailed resource for teachers or anyone interested in an in-depth study of the subject. How Now Shall We Live? Charles Colson,Nancy Pearcey,2011-07-14 2000 Gold Medallion Award winner Christianity is more than a personal relationship with Jesus Christ It is also a worldview that not only answers life s basic questions Where did we come from and who are we What has gone wrong with the world What can we do to fix it but also shows us how we should live as a result of those answers How Now Shall We Live gives Christians the understanding the confidence and the tools to

confront the world's bankrupt worldviews and to restore and redeem every aspect of contemporary culture: family, education, ethics, work, law, politics, science, art, music. This book will change every Christian who reads it. It will change the church in the new millennium.

Reading for Redemption Christian R. Davis, 2011-02-07

The goal of this book is to define and explain the archetypal pattern of redemption that underlies our whole notion of resolution in literature and to demonstrate through multiple examples that successful literature—poems and stories that have shown endurance or popularity—uses this pattern in specific ways. This theory should help readers to interpret both particular works of literature and the general notion of literature. The pattern of redemption employed here in its ideal form involves the sacrifice of an innocent redeemer to save something that has been lost. Because this pattern of redemption is typically associated with Christianity, this book can be taken as proposing a Christian theory of criticism. Current textbooks on literary criticism and theory cover a range of perspectives such as Marxism, feminism, multiculturalism, reader response, and queer theory, but they invariably ignore the field of Christian criticism. Therefore, this book may be most useful as a supplementary text for courses in literary criticism that might include a Christian perspective. At the same time, however, the terms and methodology proposed here are not exclusive to or dependant on Christian beliefs, so readers of all types may find this approach useful. The greatest strength of this book is its application of the theory to numerous examples from a wide range of genres and periods of literature, testing the theory on classical and Shakespearean works such as the *Iliad* and *Odyssey*, *Hamlet* and *Coriolanus*, best sellers such as *The Lord of the Rings*, *Le Petit Prince*, *Valley of the Dolls*, and *Harry Potter*, and the *Deathly Hallows*, horror stories such as *Frankenstein*, postcolonial novels such as *Things Fall Apart* and *The Kite Runner*, and lyric poems. Consequently, even readers who are skeptical of the assumptions used here should find the many concrete examples thought provoking.
