Reason And Horror Critical Theory Democracy And Aesthetic Individuality:

Reason and Horror Morton Schoolman, 2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company

Reason and Horror Morton Schoolman, 2004-11-23 Morton Schoolman develops a fascinating and entirely new interpretation of the work of Horkheimer and Adorno *Aftereffects of Knowledge in Modernity* Martin Leet, 2004-04-29 Examines the relations among knowledge politics aesthetics and individuality *Slow Culture and the American Dream* Mary Caputi, 2022-06-01 Is the USA hospitable to the slow movement The land of fast food get rich quick schemes and 24 7 news feeds In *Slow Culture and the American Dream* A Slow and Curvy Philosophy for the Twenty First Century Mary Caputi argues that the slow movement has much to teach the United States at this moment in time Although slow philosophy is in many ways opposite to the prevalent American Dream the current cultural setting demands that we heed its teachings The climate crisis should make us rethink our fast paced ever accelerating lifestyle so that we can lighten our carbon footprint and decelerate if not reverse the damage done to the planet Equally important however is the movement's mandate that we slow down and savor life focusing on quality beauty and calm rather than quantity and speed Slow Food Cittaslow slow cities slow fashion slow travel and slow parenting are examples of a philosophy that seeks to shift our focus away from progress as currently understood and revalue quality of life issues Drawing deeply on her involvement with Slow Food and Cittaslow the author advocates mainstreaming the philosophy of slow and thus reprioritizing the American Dream in ways that sustain the planet and teach Americans to develop a more refined aesthetic principle

Feminism and Power Mary Caputi, 2013-05-16 *Feminism and Power the Need for Critical Theory* is a six chapter manuscript which offers an important critique of power feminism The latter having produced such spinoffs as grrrl power choice babe lipstick and stiletto feminisms encourages women to be strong self sufficient feisty and independent While I have no argument with much of that tough minded ideal I ask whether this brave new girl doesn't too readily acquiesce in a neo liberal ideology whose underlying tenets derive from American rugged individualism At its worst this strain within Third Wave feminism contains no critique of capitalism no distance on neoliberal theory no effort to address the injustices contained in globalization's asymmetries and the industrialized North's exploitation of developing countries *Feminism and Power the Need for Critical Theory* therefore argues that the critical theories of Theodor Adorno and Jacques Derrida have much to offer feminism and a feminist understanding of female empowerment Its pages rely on Adorno's assertion that it is only by allowing the sufferer to speak that we can unveil social truth rather than be duped by the bravado of victory culture Similarly it demonstrates how Derrida's insistence on the trace as well as the asymmetries of friendship and hospitality lead feminism away from the perils of contented triumphalism The book promotes listening as a paradigmatic feminist gesture rather than always speaking up and out

The Highway of Despair Robyn Marasco, 2015-03-24 Hegel's highway of despair introduced in his *Phenomenology of Spirit* is the tortured path traveled by natural consciousness on its way to freedom Despair the passionate

residue of Hegelian critique also indicates fugitive opportunities for freedom and preserves the principle of hope against all hope Analyzing the works of an eclectic cast of thinkers Robyn Marasco considers the dynamism of despair as a critical passion reckoning with the forms of historical life forged along Hegel's highway The Highway of Despair follows Theodor Adorno Georges Bataille and Frantz Fanon as they each read resist and reconfigure a strand of thought in Hegel's Phenomenology of Spirit Confronting the twentieth century collapse of a certain revolutionary dialectic these thinkers struggle to revalue critical philosophy and recast Left Hegelianism within the contexts of genocidal racism world war and colonial domination Each thinker also re-centers the role of passion in critique Arguing against more recent trends in critical theory that promise an escape from despair Marasco shows how passion frustrates the resolutions of reason and faith Embracing the extremism of what Marx in the spirit of Hegel called the ruthless critique of everything existing she affirms the contemporary purchase of radical critical theory resulting in a passionate approach to political thought

Aesthetics and World Politics R. Bleiker, 2009-08-28 This book presents one of the first systematic assessments of aesthetic insights into world politics It examines the nature of aesthetic approaches and outlines how they differ from traditional analysis of politics The book explores the potential and limits of aesthetics through a series of case studies on language and poetics

The Science of Sensibility: Reading Burke's Philosophical Enquiry Koen Vermeir, Michael Funk Deckard, 2011-11-08 Attracting philosophers politicians artists as well as the educated reader Edmund Burke's Philosophical Enquiry first published in 1757 was a milestone in western thinking This edited volume will take the 250th anniversary of the Philosophical Enquiry as an occasion to reassess Burke's prominence in the history of ideas Situated on the threshold between early modern philosophy and the Enlightenment Burke's oeuvre combines reflections on aesthetics politics and the sciences This collection is the first book length work devoted primarily to Burke's Philosophical Enquiry in both its historical context and for its contemporary relevance It will establish the fact that the Enquiry is an important philosophical and literary work in its own right

Textual Conspiracies James Martel, 2011-07-20 Engaging political and literary luminaries in an alternative narrative about power

Doing Democracy Nancy S. Love, Mark Mattern, 2013-10-28 Doing Democracy examines the potential of the arts and popular culture to extend and deepen the experience of democracy Its contributors address the use of photography cartooning memorials monuments poetry literature music theater festivals and parades to open political spaces awaken critical consciousness engage marginalized groups in political activism and create new more democratic societies This volume demonstrates how ordinary people use the creative and visionary capacity of the arts and popular culture to shape alternative futures It is unique in its insistence that democratic theorists and activists should acknowledge and employ affective as well as rational faculties in the ongoing struggle for democracy
