Reason Within The Bounds Of Religion:

Reason Within the Bounds of Religion Nicholas Wolterstorff, 1984 Expanding on his 1976 study of the bearing of Christian faith on the practice of scholarship Wolterstorff has added a substantial new section on the role of faith in the decisions scholars make about their choice of subject matter Reason within the bounds of religion Nicholas Wolterstorff, 1976

Reason Within the Bounds of Religion Nicholas Wolterstorff, 1993-01-01 **Kant: Religion Within the Boundaries of Mere Reason** Immanuel Kant, 1998-11-26 Religion within the Boundaries of Mere Reason is a key element of the system of philosophy which Kant introduced with his Critique of Pure Reason and a work of major importance in the history of Western religious thought It represents a great philosopher's attempt to spell out the form and content of a type of religion that would be grounded in moral reason and would meet the needs of ethical life It includes sharply critical and boldly constructive discussions on topics not often treated by philosophers including such traditional theological concepts as original sin and the salvation or justification of a sinner and the idea of the proper role of a church This volume presents it and three short essays that illuminate it in new translations by Allen Wood and George di Giovanni with an introduction by Robert Merrihew Adams that locates it in its historical and philosophical context How Postmodernism Serves (My) Faith Crystal L.

Downing, 2006-05-15 Crystal L Downing introduces students especially those in the arts to postmodernism where it came from and how Christians can best understand critique and benefit from its insights **Critical Reflections on**

Wolterstorff's Reason Within the Bounds of Religion Hendrik Hart, Nicholas Wolterstorff, Institute for Christian Studies, 1980 Religion Within the Bounds of Bare Reason Immanuel Kant, Werner S. Pluhar, This volume provides Werner Pluhar's masterful rendering of Kant's major work on religion an illuminating Introduction by Stephen Palmquist a selected bibliography notes glossary and a detailed index *Shalom and the Ethics of Belief* Nathan D. Shannon, 2015-04-15 Against the individualism and abstractionism of standard modern accounts of justification and epistemic merit Wolterstorff incorporates the ethics of belief within the full scope of a person's socio moral accountability an accountability that ultimately flows from the teleology of the world as intended by its creator and from the inherent value of humans as bearers of the divine image This study explores Nicholas Wolterstorff's theory of situated rationality from a theological point of view and argues that it is in fact a doxastic ethic based upon the theology of Wolterstorff's neo Calvinist Kuyperian background which emerges in terms of his biblical ethic and eschatology of shalom Situated rationality the sum of Wolterstorff's decades long work on epistemology and rationality is a shalom doxastic ethic a Christian common grace ethic of doxastic even religious doxastic pluralism *Revelation in a Pluralistic World* Louis Roy, 2022 Examines Christian revelation in the context of ancient medieval and modern traditions and in conversation with other religious traditions

The Revelation Worldview Jon K. Newton, 2015-02-06 Does Christianity have anything useful or credible to say to the twenty first century or is it just a relic of a past era doomed eventually to die a long and painful death perhaps to be replaced by the new atheism or another

religion In an original contribution to such debates The Revelation Worldview is a bold attempt to construct a biblically based Christian worldview that makes sense to postmodern people It also seeks to make the book of Revelation one of the most strange and difficult books in the Bible relevant to issues facing people in the twenty first century Jon K Newton wrestles with the complex notion of worldview tells the story of the changing Western worldview from its ancient and medieval beginnings through the modern era and into the unpredictable world of postmodernism and compares the worldview found in Revelation with other worldviews of its day He then uses Revelation as a source for identifying some basic Christian answers to questions such as What is real How do we know anything How can religious knowledge claims be justified How can we understand the concept of the human person How can we make sense of history And how should we respond to pluralism
