The Legend of James Dean Derek Reeves, 2024-09-17 The Legend of James Dean Demonic Heroes Have Villainous Virtues challenges previously conceived notions about the actor James Dean Author Derek Reeves argues that Dean was not a rebel against the establishment and that class conflict the need to redefine his public image and a desire to attack Christianity prompted the men who ran the motion picture industry in the 1950s to portray the actor as a rebel against conformity of any kind Members of the postwar generation embraced Dean as a symbol of rage and rebelliousness because

they believed that the thuggish characters he played reflected his essential persona Dean's characterization of the tough teenager gave a sense of belonging to misdirected young people whose adolescent rebellion stemmed from their inability to cope with societal demands during the Eisenhower era The author's analysis of Dean's legend provides rare insight into the actor's life viewed from a historical perspective If you've ever wondered what Dean did to earn a star on Hollywood's Walk of Fame you'll want to read this book which shines a spotlight on an American legend who was posthumously nominated for an Academy Award as Best Actor in a Leading Role in 1956 and 1957 **James Dean Transfigured** Claudia

Springer, 2013-05-17 After the death of James Dean in 1955 the figure of the teen rebel permeated the globe and its presence is still felt in the twenty-first century Rebel iconography which does not have to resemble James Dean himself but merely incorporates his disaffected attitude has become an advertising mainstay used to sell an array of merchandise and messages Despite being overused in advertisements it still has the power to surprise when used by authors and filmmakers in innovative and provocative ways The rebel figure has mass appeal precisely because of its ambiguities it can mean anything to anyone The global appropriation of rebel iconography has invested it with fresh meanings Author Claudia Springer succeeds here in analyzing both ends of the spectrum the rebel icon as a tool in upholding capitalism's cycle of consumption and as a challenge to that cycle and its accompanying beliefs In this groundbreaking study of rebel iconography in international popular culture Springer studies a variety of texts from the United States and abroad that use this imagery in contrasting and thought-provoking ways Using a cultural studies approach she analyzes films fiction poems Web sites and advertisements to determine the extent to which the icon's adaptations have been effective as a response to the actual social problems affecting contemporary adolescents around the world **The Real James Dean** Peter L. Winkler, George

Stevens, 2016-08-01 In the decades following his death many of those who knew James Dean best actors directors friends lovers both men and women photographers and Hollywood columnists shared stories of their first person experiences with him in interviews and in the articles and autobiographies they wrote Their recollections of Dean became lost in fragile back issues of movie magazines and newspapers and in out-of-print books that are extremely hard to find Until now *The Real James Dean* is the first book of its kind a rich collection spanning six decades of writing in which many of the people whose lives were touched by Dean recall their indelible experiences with him in their own words Here are the memorable personal accounts of Dean from his high school and college drama teachers the girl he almost married costars like Rock Hudson Natalie Wood Jim Backus and Raymond Massey directors Elia Kazan Nicholas Ray and George Stevens entertainer Eartha Kitt gossip queen Hedda Hopper the passenger who accompanied Dean on his final fatal road trip and a host of his other friends and colleagues *LIFE James Dean* The Editors of LIFE, 2016-10-01 LIFE Magazine memorializes actor James Dean

Jimmy Jason Colavito, 2024-11-19 A fresh and long overdue reassessment of James Dean examining his life and legacy as a queer man Although he died at a heartbreakingly young age and appeared in only a handful of movies James Dean revolutionized American manhood As a celebrity and icon he melded vulnerability with determination sensitivity with strength in a way that offered a bracing and for some threatening new vision of masculinity His massive influence and the fascination he has always inspired are inseparable from his identity as a queer man whose complex sexuality shattered the norms of midcentury American society When asked whether he was a homosexual he reportedly said I'm certainly not going through life with one hand tied behind my back Today even though it is widely accepted that Dean was gay or bisexual the story of his life and personal character continue to be colored by the prejudices of an earlier era and the work of often unscrupulous biographers and journalists Drawing on exhaustive new research including more than four hundred previously secret pages of Dean's personal and business records Jimmy The Secret Life of James Dean is a revelatory reassessment of the man and his legacy Free from sensationalism but unafraid to confront the difficult facts of Dean's life it deploys modern insights into sexual diversity to transform our understanding of James Dean's story and the stories of boys and men like him
