Stephens, 2001-03 This companion book to the Star Wars Role Playing Game offers everything that a player needs to know about the Empire and Rebel Alliance from the classic Star Wars universe from weapon and ship statistics to information on non player characters First in a line of hardcover core books on the Star Wars universe Photos Culture, Identities and Technology in the Star Wars Films Carl Silvio, Tony M. Vinci, 2014-11-26 Released in May 1977 the original Star Wars movie inaugurated the age of the movie blockbuster It also redefined the use of cinematic special effects creating a new textual universe that now stretches through three decades two trilogies and generations of fascinated viewers The body of critical analysis that has developed from this epic focuses primarily on the Star Wars universe as a contemporary myth However like any fiction it must also be viewed and consequently analyzed as a product of the culture which created it The essays in this book analyze the Star Wars trilogies as a culturally and historically specific phenomenon Moving away from the traditional myth based criticism of the films the essayists employ a cultural studies model to examine how this phenomenon intersects with social formations such as economics technology race and gender Critical approaches are varied and include political and economic analysis informed by feminism contemporary race theory Marxism new media studies and post humanism Among the topics covered are the connections between the trilogies and our own cultural landscape the problematic issues of race and gender and the thematic implications of Lucas presentation of technology Instructors considering this book for use in a course may request an examination copy here **Star Wars**, 2022 The dominance of the Empire is absolute No authority in galactic history has enjoyed such a degree of power So what are you going to do about it Take advantage of the system and turn a profit quest to find secret truths that could unravel even the most imposing social order or take up arms against an invincible foe This 144 page handbook includes new talent and species options for players modular scenarios for gamemasters to include in their campaigns and a wealth of information about the organizations characters and history that make the Star Wars saga so iconic *Sourcebook of Family Theories and Methods* Pauline Boss, William J. Doherty, Ralph LaRossa, Walter R. Schumm, Suzanne K. Steinmetz, 2008-11-19 Origins We call this book on theoretical orientations and methodological strategies in family studies a sourcebook because it details the social and personal roots i e sources from which these orientations and strategies flow Thus an appropriate way to preface this book is to talk first of its roots its beginnings In the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself A goal was thus set to write a book that like Janus would face both backward and forward a book that would give readers both a perspective on the past and a map for the future There were precedents for such a project The Handbook of Marriage and the Family edited by Harold Christensen and published in 1964 the two Contemporary Theories about the Family volumes edited by Wesley Burr Reuben Hill F Ivan Nye and Ira Reiss published in 1979 and the Handbook of Marriage and the Family edited by
