Hannah Gurman

Rebellion Of 1942:

Rebellion of 1942 Vivekananda Shukla, 1989 **The Pueblo Revolt and the Mythology of Conquest** Michael V. Wilcox, 2009-12-03 In a groundbreaking book that challenges familiar narratives of discontinuity disease based demographic collapse and acculturation Michael V Wilcox upends many deeply held assumptions about native peoples in North America His provocative book poses the question What if we attempted to explain their presence in contemporary society five hundred years after Columbus instead of their disappearance or marginalization Wilcox looks in particular at the 1680 Pueblo Revolt in colonial New Mexico the most successful indigenous rebellion in the Americas as a case study for dismantling the mythology of the perpetually vanishing Indian Bringing recent archaeological findings to bear on traditional historical accounts Wilcox suggests that a more profitable direction for understanding the history of Native cultures should involve analyses of issues such as violence slavery and the creative responses they generated **Churchill & His Generals** Raymond Callahan, 2007 On the eve of World War II the British army was more an international police force than a combat ready fighting force This book examines its transformation in a look at Great Britain s top commanders in the field **Social Change in the Southwest, 1350-1880** Thomas D. Hall, 1989 *The American Aberdeen-Angus Herd-book* American Aberdeen-Angus Breeders' Association, 1947 South Asia from the margins Biswamoy Pati, 2018-02-28 This book aims to sketch the diversities of South Asian social History focusing on Orissa It highlights the problems of colonialism and its impact upon the lives of the colonised even as it details the manner in which the internal order of exploitation worked Based on archival and rare hitherto untapped sources including oral evidence it brings to life diverse aspects of Orissa s social history including the environment health and medicine conversion in Hinduism popular movements social history of some princely states and the intricate connections between the marginal social groups and Indian nationalism It also focuses on decolonisation and explores the face of patriarchy and gender related violence in post colonial Orissa This volume will be of interest to students of history social anthropology political sociology and cultural studies as well as those associated with non governmental organisations and planners of public policy Library of Congress Subject Headings Library of Congress, 2010 Library of Congress Subject Headings Library of Congress. Subject Cataloging Division, 1980 **Library of Congress Subject Headings: F-O** Library of Congress. Subject Cataloging Division, 1988 **Hearts and Minds** Hannah Gurman, 2013-10-01 The first book of its kind Hearts and Minds is a scathing response to the grand narrative of U S counterinsurgency in which warfare is defined not by military might alone but by winning the hearts and minds of civilians Dormant as a tactic since the days of the Vietnam War in 2006 the U S Army drafted a new field manual heralding the resurrection of counterinsurgency as a primary military engagement strategy counterinsurgency campaigns followed in Iraq and Afghanistan despite the fact that counterinsurgency had utterly failed to account for the actual lived experiences of the people whose hearts and minds America had sought to win Drawing on leading thinkers in the field and using key examples

from Malaya the Philippines Vietnam El Salvador Iraq and Afghanistan Hearts and Minds brings a long overdue focus on the many civilians caught up in these conflicts Both urgent and timely this important book challenges the idea of a neat divide between insurgents and the populations from which they emerge and should be required reading for anyone engaged in the most important contemporary debates over U S military policy
