## Rebels Desire:

*How Insurgency Begins* Janet I. Lewis, 2020-09-03 Why do only some incipient rebel groups become viable challengers to governments Only those that control local rumor networks survive      *Compliant Rebels* Hyeran Jo, 2015-08-21 Seventeen million people have died in civil wars and rebel violence has disrupted the lives of millions more In a fascinating contribution to the active literature on civil wars this book finds that some contemporary rebel groups actually comply with international law amid the brutality of civil conflicts around the world Rather than celebrating the existence of compliant rebels the author traces the cause of this phenomenon and argues that compliant rebels emerge when rebel groups seek legitimacy in the eyes of domestic and international audiences that care about humanitarian consequences and human rights By examining rebel groups different behaviors such as civilian killing child soldiering and allowing access to detention centers *Compliant Rebels* offers key messages and policy lessons about engaging rebel groups with an eye toward reducing civilian suffering in war zones      **The King's Reformation** G. W. Bernard, 2007-01-01 A major reassessment of England's break with Rome

*Rebels in a Rotten State* Kieran Mitton, 2015-01-10 Uses Sierra Leone as a case study in our understanding of the brutal nature of modern conflict      **The Rebel Spirit: Unlocking the Enigma of the Rebellious Heart** Pasquale De Marco, 2025-08-09 The Rebel Spirit Unlocking the Enigma of the Rebellious Heart is a powerful and inspiring book that explores the rebel spirit in all its forms From the famous rebels of history to the everyday rebels who are making a difference in their own communities this book will show you that you are not alone in your fight for what you believe in This book is not about breaking the law or causing trouble It is about standing up for what you believe in and fighting for what is right It is about making a difference in the world no matter how small If you have a rebel spirit then you will find inspiration and guidance in this book You will learn about the different ways that people have expressed their rebel spirit the challenges that they have faced and the ways that they have overcome them You will also learn about the power of the rebel spirit to change the world From the American Revolution to the Civil Rights Movement rebels have played a vital role in shaping our world They have fought for freedom justice and equality and they have made the world a better place for all of us If you are looking for a book that will inspire you to embrace your own rebel spirit then this is the book for you This book will show you that you are not alone and that there are many people who are willing to fight for what they believe in It will also give you the tools you need to overcome the challenges that you will face and make a positive change in the world So what are you waiting for Embrace your rebel spirit and join the fight for a better world If you like this book write a review      *The Rebel* Albert Camus, 2012-09-19 By one of the most profoundly influential thinkers of our century *The Rebel* is a classic essay on revolution that resonates as an ardent eloquent and supremely rational voice of conscience for our tumultuous times For Albert Camus the urge to revolt is one of the essential dimensions of human nature manifested in man's timeless Promethean struggle against the conditions of his existence as well as the popular uprisings against established orders throughout history And yet

with an eye toward the French Revolution and its regicides and deicides he shows how inevitably the course of revolution leads to tyranny Translated from the French by Anthony Bower *The Slavery Reader* Gad J. Heuman, James Walvin, 2003 Brings together the most recent and essential writings on slavery Spanning almost five centuries the late fifteenth until the mid nineteenth the articles trace the range and impact of slavery on the modern western world *Finding the Father* Herb Montgomery, 2009 That first lie Satan told in Eden the one that said God was actually a selfish liar has spawned a multitude of untruths about who God is and what His feelings toward us really are The human perception of God has been askew ever since and we've struggled to relate to this God we don't really want to know Naturally since our view of God is distorted our attitudes and behavior are rebellious perceptions change our thoughts thoughts influence our feelings and feelings determine attitudes and behavior Herb Montgomery goes straight to the root of the problem and sweeps aside the misperceptions of God and His character that cause us to spurn the only one who truly loves us Some of Christianity's long held though biblically unfounded views are confronted God's true attitude toward pain and suffering where guilt comes from and what His forgiveness accomplishes And the question that plagues every human heart is irrevocably resolved If God really loves us why does He allow horrible things to happen **Genocide and Millennialism in Upper Peru** Nicholas Robins, 2002-05-30 Exploring one of the least studied genocides in post conquest South America Robins calls into question many of the central assumptions currently held by genocide scholars Victims of genocide usually lack the organization and weaponry to battle their enemies During the 1780-1782 Great Rebellion in Peru and Upper Peru now Bolivia however the Indian revolutionaries faced the better organized and armed loyalist army Whereas genocidal policies are usually characterized by centralized leadership the Great Rebellion was highly fragmented and confederal in nature undercutting the widely held assumption that only the State is capable of committing genocide The Rebellion is one of the rare cases when the victims of genocide emerged victorious Focusing on the events occurring in the region south of La Paz Robins examines how a native millennial movement evolved into an Indian led attempt at genocide dealing an unprecedented challenge to Spanish rule in the Americas In the eyes of the rebels this revolt fulfilled prophecies of an inevitable divinely assisted and long awaited return of native rule Just like at the dawn of the colonial period this new era was to be born of pachacuti or cataclysm But this time the Spanish interlopers and their culture would be targeted for destruction **Rebel Pharaoh** Charlotte Kramer, 2011-02-07 INSIDE A PYRAMID YOUNG HATSHEPSUT SEES A VISION OF HER FUTURE AND BECOMES EGYPT'S MOST CELEBRATED PHARAOH SECRET DISCOVERIES DURING FABLED EXPEDITION TO PUNT ARE REBURIED BENEATH DESERT SANDS Walk with Hatshepsut and explore the world that controls the lives of the ancients Read about the extraordinary connection Hatshepsut had with Sobek the crocodilian god Watch her mature from a mischievous princess to a reluctant chief wife and finally the most majestic pharaoh in Egyptian history Read how she uncovered priestly magic Concealed uses of the sacred temples revealed Sail with her on the Nile to the land of secrets and journey with her across

ancient trade routes to the Red Sea Travel across a hot salt depression and a perilous lake crossing to the legendary Land of Punt What did she find there What was the unspeakable relic she returned to the Temple of Amun Was it too complex for her civilization Was a veil lifted under her administration Why did her stepson try to erase Hatshepsut from history Feel the affection for her secret lover Senenmut chief advisor and architect Did Senenmut apply the ancient wisdom of Enoch on Hatshepsut's memorial temple Discover why Tuthmosis II could never find out about the love between Hatshepsut and Senenmut New light on the Ark of the Covenant Could it have been the stolen barque of Amun Ra Historical fiction steeped in Egyptian culture and facts surrounding the life and times of true principal characters Author's research exposes long silenced secrets This novel has the potential to test the reader's deep rooted beliefs Market for this book Those who are fascinated with Chariots of the Gods and readers who embrace insightful new views of ancient religious history such as in The Da Vinci Code and Angels and Demons
