Recapturing Americas Past:

Americans Recaptured Molly K. Varley, 2014-10-22 It was on the frontier where civilized men and women confronted the wilderness that Europeans first became Americans or so authorities from Frederick Jackson Turner to Theodore Roosevelt claimed But as the frontier disappeared Americans believed they needed a new mechanism for fixing their collective identity and they found it historian Molly K Varley suggests in tales of white Americans held captive by Indians For Americans in the Progressive Era 1890 1916 these stories of Indian captivity seemed to prove that the violence of national expansion had been justified that citizens individual suffering had been heroic and that settlers contact with Indians and wilderness still characterized the nation s soul Furthermore in the act of memorializing white Indian captives through statues parks and reissued narratives small towns found a way of inscribing themselves into the national story By drawing out the connections between actual captivity captivity narratives and the memorializing of white captives Varley shows how Indian captivity became a means for Progressive Era Americans to look forward by looking back Local boosters and cultural commentators used Indian captivity to define Americanism and to renew those frontier qualities deemed vital to the survival of the nation in the post frontier world such as individualism bravery ingenuity enthusiasm manliness and patriotism In Varley s analysis of the Progressive Era mentality contact between white captives and Indians represented a stage in the evolution of a new American people and affirmed the contemporary notion of America as a melting pot Revealing how the recitation and interpretation of these captivity narratives changed over time with shifting emphasis on brutality gender and ethnographic and historical accuracy Americans Recaptured shows that tales of Indian captivity were no more fixed than American identity but were consistently used to give that identity its own useful ever evolving shape *In Search of America's Past* Bruce VanSledright, 2002-04-12 Offers alternatives to conventional textbook learning for history students describing the use of in depth historical projects and investigations that result in better retention of knowledge A Humorous Account of America's Past Richard T. Stanley, 2009-05 America was discovered by a few Norwegians who got lost while sailing to Greenland Had they established a permanent settlement America might be the United States of Wine Land In 1492 Columbus gave the men of San Salvador shiny glass beads and their women gave his crew syphilis Who took advantage of whom If not for the defeat of the Spanish Armada in 1588 America today would likely be Spanish and Catholic Early English explorers were pirates of the Caribbean and early American colonists were illegal immigrants The first English colony in America was a lot like Gonzalv Motore and the husband of Pocahontas was responsible for lung cancer and slavery in the south More recently Teddy Roosevelt and his Rough Riders had to run up San Juan Hill someone forgot to transport their horses So how did America become the greatest nation on earth Read my book **Sustaining Identity, Recapturing Heritage** Ann E.
