Recasting America Culture And Politics In The Age Of Cold War:

Recasting America Lary May,1989 The freshness of the authors approaches is salutary The collection is stimulating and valuable Joan Shelley Rubin Journal of American History Historical Dictionary of the Cold War Joseph Smith,Simon Davis,2017-03-15 Cold war was a term coined in 1945 by left leaning British writer George Orwell to predict how powers made unconquerable by having nuclear weapons would conduct future relations It was popularized in 1947 by American journalist Walter Lippmann amid mounting tensions between the erstwhile World War II Allies the capitalist democracies the United States of America and Britain versus the Soviet Union a communist dictatorship As the grand alliance of the Big Three they had defeated Nazi Germany its satellites and Japan in World War II but became rivals who split the world into an American led Western bloc and Soviet led Eastern bloc Both were secured from direct attack by arraying ever greater nuclear and conventional forces against the other while seeking global supremacy by other means The 45 year Cold War lasted until the Soviet Union collapsed between 1989 and 1991 This second edition of Historical Dictionary of the Cold War contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on important personalities crucial countries and peripheral conflicts the increasingly lethal weapons systems and the various political and military strategies This book is an excellent resource for students researchers and anyone wanting to know more about this crucial period in history *Cold War Camera* Thy Phu,Erina Duganne,Andrea Noble,2022-11-14 Cold War Camera explores the visual mediation of the Cold War and illuminates photography s role in shaping the ways it was prosecuted and experienced The contributors show how the camera stretched the parameters of the Cold War beyond dominant East West and US USSR binaries and highlight the significance of photography from across the global South Among other topics the contributors examine the production and circulation of the iconic figure of the revolutionary Vietnamese woman in the 1960s and 1970s photographs connected with the coming of independence and decolonization in West Africa family photograph archives in China and travel snapshots by Soviet citizens photographs of apartheid in South Africa and the circulation of photographs of Inuit Canadians who were relocated to the extreme Arctic in the 1950s Highlighting the camera s capacity to envision possible decolonialized futures establish visual affinities and solidarities and advance calls for justice to redress violent proxy conflicts this volume demonstrates that photography was not only crucial to conducting the Cold War it is central to understanding it Contributors Ariella Azoulay Jennifer Bajorek Erina Duganne Evyn L Espiritu Gandhi Eric Gottesman Tong Lam Karintha Lowe ngeles Donoso Macaya Darren Newbury Andrea Noble Sarah Parsons Gil Pasternak Thy Phu Oksana Sarkisova Olga Shevchenko Laura Wexler Guigui Yao Donya Ziaee Marta Zi tkiewicz *The Pathological Family* Deborah Weinstein,2013-02-15 While iconic popular images celebrated family life during the 1950s and 1960s American families were simultaneously regarded as potentially menacing sources of social disruption The history of family therapy makes the complicated power of the family at midcentury vividly apparent Clinicians developed a

new approach to psychotherapy that claimed to locate the cause and treatment of mental illness in observable patterns of family interaction and communication rather than in individual psyches Drawing on cybernetics systems theory and the social and behavioral sciences they ambitiously aimed to cure schizophrenia and stop juvenile delinquency With particular sensitivity to the importance of scientific observation and visual technologies such as one way mirrors and training films in shaping the young field *The Pathological Family* examines how family therapy developed against the intellectual and cultural landscape of postwar America As Deborah Weinstein shows the midcentury expansion of America's therapeutic culture and the postwar fixation on family life profoundly affected one another Family therapists and other postwar commentators alike framed the promotion of democracy in the language of personality formation and psychological health forged in the crucible of the family As therapists in this era shifted their clinical gaze to whole families they nevertheless grappled in particular with the role played by mothers in the onset of their children's aberrant behavior Although attitudes toward family therapy have shifted during intervening generations the relations between family and therapeutic culture remain salient today

Reasserting America in the 1970s Hallvard Notaker, Giles Scott-Smith, David J. Snyder, 2016-06-17 Reasserting America in the 1970s brings together two areas of burgeoning scholarly interest On the one hand scholars are investigating the many ways in which the 1970s constituted a profound era of transition in the international order The American defeat in Vietnam the breakdown of the Bretton Woods exchange system and a string of domestic setbacks including Watergate Three Mile Island and reversals during the Carter years all contributed to a grand reappraisal of the power and prestige of the United States in the world In addition the rise of new global competitors such as Germany and Japan the pursuit of détente with the Soviet Union and the emergence of new private sources of global power contributed to uncertainty **Freedom's War** Scott Lucas, 1999 **NSC 68 and the Political Economy of the Early Cold War** Curt Cardwell, 2011-06-13 NSC 68 and the Political Economy of the Early Cold War re-examines the origins and implementation of NSC 68 the massive rearmament program that the United States embarked upon beginning in the summer of 1950 Curt Cardwell reinterprets the origins of NSC 68 to demonstrate that the aim of the program was less about containing communism than ensuring the survival of the nascent postwar global economy upon which rested postwar US prosperity The book challenges most studies on NSC 68 as a document of geostrategy and argues instead that it is more correctly understood as a document rooted in concerns for the US domestic political economy *History of the Gothic: American Gothic* Charles L. Crow, 2009-04-01 Defining the American gothic tradition both within the context of the major movements of intellectual history over the past three hundred years as well as within the issues critical to American culture this comprehensive volume covers a diverse terrain of well known American writers from Poe to Faulkner to Toni Morrison and Cormac McCarthy Charles L. Crow demonstrates how the gothic provides a forum for discussing key issues of changing American culture explores forbidden subjects and provides a voice for the repressed and silenced *Republicanism and the American Gothic* Marilyn

Michaud,2009-09-01 This book defines the American Gothic and places it both within the context of the major movements of intellectual history in the last 300 years and also within the context of the critical issues of American culture From Poe to Faulkner to Toni Morrison and Cormac McCarthy many of the best and most critically acclaimed works of American literature have been Gothic The book will demonstrate how the Gothic provides a forum for discussing key issues of American culture for exploring forbidden subjects and for providing a voice for the repressed and silenced **U.S. Television News and Cold War Propaganda, 1947-1960** Nancy Bernhard,1999 How US government and media collaborated in their dissemination of Cold War propaganda
