America's Five Most Recent Fake Presidents and Why They Love the Lie Dowling G. Campbell PH.D., 2023-05-02 Freedom and democracy have been competing with tyranny and greed since mankind arrived During both World Wars America led in the sacrifice of our soldiers and resources Ever since American freedom has been seriously deteriorating My book *America's Most Recent Five Fake Presidents and Why They Love the Lie* is an attempt to help restore old fashion intelligence graciousness along with freedom and democracy These five fake presidents Richard Nixon Ronald Reagan George H W Bush George W Bush and Donald Trump have all deliberately damaged freedom intelligence and liberty almost beyond repair The first four either started or exacerbated wars and are responsible for the untold deaths of American troops among others In addition each created a trove of lies that conservatives have been hiding for years The fifth Donald Trump has built a web of lies that has captured and killed the truth of freedom for a frighteningly large number of Americans including a number of conservative politicians In contrast the intervening Democratic presidents have been able to stop the wars started by these Republican presidents and in many cases even restored some much needed financial assistance to those who need it most One of the numerous illustrations is the fact that Bill Clinton in addition to bringing the Bosnia War to an end balanced the budget four times in eight years and left millions of surplus dollars which Bush 2 squandered away in his first six months with Republican praise

America's Last Great Newspaper War Mike Jaccarino, 2020-03-03 NAMED A BEST BOOK OF THE WEEK BY THE NEW YORK POST ALSO AVAILABLE AS AN AUDIOBOOK A from the trenches view of New York Daily News and New York Post runners and photographers as they stop at nothing to break the story and squash their tabloid arch rivals When author Mike Jaccarino was offered a job at the Daily News in 2006 he was asked a single question Kid what are you going to do to help us beat the Post That was the year things went sideways at the News when the New York Post surpassed its nemesis in circulation for the first time in the history of both papers Tasked with one job crush the Post Jaccarino here provides the behind the scenes story of how the runners and shooters on both sides would do anything and everything to get the scoop before their opponents The New York Daily News and the New York Post have long been the Hatfields and McCoys of American media two warring tabloids in a town big enough for only one of them As digital news rendered print journalism obsolete the fight to survive in NYC became an epic Darwinian battle In *America's Last Great Newspaper War* Jaccarino exposes the untold story of this tabloid death match of such ferocity and obsession its like has not occurred since Pulitzer Hearst Told through the eyes of hungry runners field reporters and shooters photographers who would employ phony police lights to overcome traffic Mike Jaccarino's memoir unmask the do whatever it takes era of reporting where the ends justified the means and nothing was off limits His no holds barred account describes sneaking into hospitals months long stakeouts infiltrating John Gotti's crypt bidding wars for scoops high speed car chases with Hillary Clinton O J Simpson and the baby mama of a philandering congressman all to get that coveted front page story Today few runners and shooters remain on the

street Their age and exploits are as bygone as the News Post war and American newspapers generally Where armies once battled often no one is covering the story at all Funding for this book was provided by Furthermore a program of the J M Kaplan Fund *The Illustrated American News* ,1851 **America's Lost Plays, Vol. VIII: The Great Diamond Robbery and Other Recent Melodramas** Edward M. Stehli,S. David Webb,2013-03-09 Two rather different elements combine to explain the origin of this volume one scientific and one personal The broader of the two is the scientific basis the time for such a volume had arrived Geology had made remarkable progress toward an understanding of the physical history of the Caribbean Basin for the last 100 million years or so On the biological side many new discoveries had elucidated the distributional history of terrestrial organisms in and between the two Americas Geological and biological data had been combined to yield the timing of important events with unprecedented resolution Clearly when each of two broad disciplines is making notable advances and when each provides new insights for the other the rewards of cross disciplinary contacts increase exponentially The present volume represents an attempt to bring together a group of geologists paleontologists and biologists capable of exploiting this opportunity through presentation of an interdisciplinary synthesis of evidence and hypothesis concerning interamerican connections during the Cretaceous and Cenozoic Advances in plate tectonics form the basis for a modern synthesis and in the broadest terms dictate
