Kristeva, 2014-12-25T00:00:00+01:00 Ce titre dans son inscription grecque se veut un rappel muet des débuts occidentaux du savoir sur le signe et le sens La sèmiotique ici se propose comme le lieu depuis lequel s'articulera une théorie générale des modes de signifier Visant en même temps interroger ou refondre les systèmes linguistiques et logiques par les analyses du sujet et de l'histoire appelées par Freud et Marx elle se désigne comme une sèmanalyse L'élaboration de la sèmanalyse dépassant les limites du signe du sens de la structure devait nécessairement trouver pour point de départ un objet exclu de l'ordre du savoir puisque soulignant ses bords la littérature *Recherches pour une sèmanalyse* Julia Kristeva, 1969 **Key Terms in**

Description Includes bibliographical references and index Bakhtin Between East and West Karine Zbinden, 2006 Mikhail Bakhtin 1895-1975 has had an enormous influence on literary studies and cultural theory Bakhtin between East and West Cross Cultural Transmission looks beyond the concepts of carnival and dialogue and traces for the first time the transformation of the Bakhtin Circle's thought from its introduction to the West in Julia Kristeva's seminal late 1960s theory of intertextuality through Tzvetan Todorov's landmark study and on to contemporary interpretations The notion of sociality in all its problematic complexity provides the red thread guiding us through this historical and thematic examination of Western and Russian Bakhtin studies As a critical evaluation of Bakhtin scholarship across various cultures and a celebration of the

vigour of the Circle's legacy this is an invaluable resource for scholars and students with an interest in Bakhtin and critical theory *Joel's Use of Scripture and the Scripture's Use of Joel* John Strazicich, 2007-04-30 The methodological approach employed in this research utilizes the hermeneutics of comparative midrash combined with aspects of Bakhtinian dialogism and intertextuality The purpose of this enterprise is to discern the function of scripture in Joel and its New Testament Nachleben The terms appropriation and resignification are descriptive of the process through which an antecedent text is transformed by its displacement condensation and recontextualization These methodologies assist in giving an account of the intertextual dialogism involved in a text's unrecorded hermeneutics The scope of the work looks at the use of scriptural traditions within the book of Joel during the Second Temple period There is an introduction to the hermeneutical methods employed followed by a general introduction to the book of Joel in chapter one Chapters two and three concern the function of scripture in Joel Finally the last chapter deals with Joel's New Testament Nachleben Each chapter has an introduction and conclusion This work does not eschew the importance of diachronic issues The diachronic method pays attention to the context of an antecedent's voice while the synchronic methodological approach pays attention to the function and purpose in which the receptor text resignifies the appropriated motifs and allusions The diachronic becomes fused with the synchronic in the process of an allusion's recontextualization This study in a heuristic manner focuses on the way that each allusion is appropriated and resignified for the needs of both Joel's community and those of the later NT in order to understand the function of canonical hermeneutics **Fear at the Edge** Juan E.
