Into the Slave Nebula John Brunner, 2011-09-29 It was carnival time on Earth Prosperity was at its peak science had triumphed over environment all human needs were taken care of by computers robots and androids There was nothing left for humans to do but enjoy themselves to seek pleasure where they found it without inhibitions and without thinking of the price Then an android died in a senseless brutal murder And young Derry Horn was shocked out of his boredom and alienation His life of flabby ease had not prepared him for a fantastically dangerous mission to outlying primitive stars but now at last he had a reason for living And even when he found himself a prisoner of ruthless slavers even when he learned the shocking truth about what the androids really were and where they came from even when he saw all the laws of the orderly civilised universe he knew turned upside down and inside out he fought on For that universe had to be shattered and reborn even if Derry Horn and the Earth he had irrevocably left behind died in the process First published 1968

People's Choice Literature Tom Comitta, 2025-06-03 What do Americans truly want in a novel What would it look like if their preferences and aversions materialized in book form In People's Choice Literature Tom Comitta has taken up this challenge writing two groundbreaking novels based on a nationwide poll about literary taste one featuring the story elements Americans most desire and another containing everything Americans despise The Most Wanted Novel is a fast paced thriller evoking page turners by Dan Brown David Baldacci and Janet Evanovich It follows a California woman pulled into a tech tycoon's apocalyptic ambitions after her brother's kidnapping teaming up with a hunky FBI agent with a tragic past The Most Unwanted Novel is a genre bending doorstopper an epistolary Christmas novel set on a near future Mars where elderly aristocratic tennis players scour the globe for lost love venturing from the coldest of arctic wastelands to the darkest caverns of the macabre Variousy recalling Kathy Acker C S Lewis and Philip K Dick it features sentient robots talking animals and a hundred page collection of horror stories People's Choice Literature is inspired by the artists Komar

and Melamid who created two now infamous paintings based on opinion polling A similar experiment by Dave Soldier produced The Most Wanted Song and The Most Unwanted Song Comitta has adapted these methods to fiction drawing on readers preferences about everything from genre to verb tense to characters identity and incorporating machine learning data and passages written in collaboration with a large language model Audacious and shockingly entertaining People s Choice Literature also asks big questions about taste authorship and the notion of good writing

Android Avenger Ted White,2013-10-02 All of a sudden I was moving faster than usual The other passengers standing on the subway platform seemed rooted to their places It took me only seconds to reach the top of the six flights of stairs and then I was out of the station and moving down Fulton Street at better than forty miles an hour What was happening to me It was as though I were the helpless passenger in a runaway car Something else had assumed control and was guiding me My body turned into an office building and raced down the corridor to a room where a man was sitting at a console He d begun to swing around in his chair when my mouth opened and a thin blood red ray shot out cleaving the man from head to abdomen Then it was over My mouth closed and I stood there stunned Up to today I was Bob Tanner an average sane Citizen Now what was I man or murder machine
