## **Redactional Style In The Marcan Gospel:**

*Redactional Style in the Marcan Gospel* E. J. Pryke, 1977      *Redactional Style in the Marcan Gospel* E. J. Pryke, 2005-10-06 An examination of syntactically unusual features of Markan usage Appendixes include a complete redactional Greek text      *A Theology of Mark's Gospel* David E. Garland, 2015-10-06 A Theology of Mark's Gospel is the fourth volume in the BTNT series This landmark textbook written by leading New Testament scholar David E Garland thoroughly explores the theology of Mark's Gospel It both covers major Markan themes and also sets forth the distinctive contribution of Mark to the New Testament and the canon of Scripture providing readers with an in depth and holistic grasp of Markan theology in the larger context of the Bible This substantive evangelical treatment of Markan theology makes an ideal college or seminary level text      *Synoptic Gospels* John K. Riches, William Telford, Christopher M. Tuckett, 2001-05-01 The highly popular Sheffield New Testament Guides are being reissued in a new format grouped together and prefaced by leading North American scholars This new format is designed to ensure that these authoritative introductions remain up to date and accessible to seminary and university students of the New Testament while offering a broader theological and literary context for their study In this volume Scot McKnight writes an introduction to the Synoptic Gospels as a whole illuminating their distinctive historical and theological features and their importance within the New Testament canon

*The Gospel of Mark* John R. Donahue, Daniel J. Harrington, 2005 In *The Gospel of Mark* Fathers Donahue and Harrington use an approach that can be expressed by two terms currently used in literary criticism intratextuality and intertextuality This intratextual and intertextual reading of Mark's Gospel helps us to appreciate the literary character its setting in life and its distinctive approaches to the Old Testament Jesus and early Christian theology Intratextuality means we read Mark as Mark and by Mark Such a reading expresses interest in the final form of the Gospel not its source or literary history and in its words and images literary devices literary forms structures characterization and plot Reading Mark by Mark gives particular attention to the distinctive vocabulary and themes that run throughout the Gospel and serve to hold it together as a unified literary production Intertextuality comprises the relation between texts and a textual tradition and also referring to contextual materials not usually classified as texts e g archaeological data Intertextuality is used to note the links of the text of Mark's Gospel to other texts especially the Old Testament and to the life of the Markan community and of the Christian community today      *The Gospel Hoax* Stephen C. Carlson, 2005 Secret Mark first became known to modern scholarship in 1958 when a newly hired assistant professor at Columbia University in New York by the name of Morton Smith visited the monastery of Mar Saba near Jerusalem and photographed its fragments Secret Mark was announced on the heels of many spectacular discoveries of ancient manuscripts in the Near East such as the Dead Sea Scrolls and the Nag Hammadi gnostic corpus in the late 1940s and promised to be just as revolutionary Secret Mark presents what appears to be a valuable albeit fragmentary witness to early Christian traditions traditions that might shed light on Jesus's most intimate behavior In this

book Stephen C Carlson uses state of the art science to demonstrate that Secret Mark was an elaborate hoax created by Morton Smith Carlson's discussion places Smith's trick alongside many other hoaxes before probing the reasons why so many scholars have been taken in by it *The Disciples according to Mark* C. Clifton Black, 2012-12-13 Redaction criticism attempts to identify biblical authors' theological interests by examining their adaptation of sources Focusing on representative studies of Jesus' disciples in the Gospel of Mark this pioneering book by C Clifton Black has become the standard evaluation of that method's exegetical reliability Comprehensively reviewing recent scholarship Black identifies three distinctive types of redaction criticism in Markan interpretation He demonstrates that diverse redaction critical interpretations of the disciples in Mark have bolstered rather than controlled scholarly presuppositions to a degree that impugns the method's reliability for interpreting Mark The book concludes by assessing redaction criticism's usefulness and offering a more balanced approach to Mark's interpretation This second edition includes a substantial detailed afterword that revisits the book's primary issues converses with its critics and provides an update of Markan scholarship over the past twenty five years Studies in the New Testament, Volume 4: Midrash, the Composition of Gospels, and Discipline J.D.M. Derrett, 2023-10-09 Allegiance, Opposition, and Misunderstanding Deven K. MacDonald, 2018-03-07 The central aim of the Gospel of Mark is to introduce the reader to Jesus Christ the Son of God In this book MacDonald examines not just what the Gospel writer says but also how he says it When the Gospel of Mark is examined as a complete work and the motifs of allegiance opposition and misunderstand are traced through the narrative Mark is seen to be a rather sophisticated literary work The Gospel writer is not simply a compiler of tradition but one who shaped his narrative for specific rhetorical aims namely that his audience both ancient and modern would recognize Jesus as the Son of God and respond to him with allegiance Interpretation of Mark William Telford, 1995-01-01 A textbook collection of the classic modern essays on Mark from Schweitzer to Malbon *Ancient Gospel or Modern Forgery?* Tony Burke, 2013-01-07 In 1958 American historian of religion Morton Smith made an astounding discovery in the Mar Saba monastery in Jerusalem Copied into the back of a seventeenth century book was a lost letter attributed to Clement of Alexandria ca 150-215 CE that contained excerpts from a longer version of the Gospel of Mark written by Mark himself and circulating in Alexandria Egypt More than fifty years after its discovery the origins of this Secret Gospel of Mark remain contentious Some consider it an authentic witness to an early form of Mark perhaps even predating canonical Mark Some claim it is a medieval or premodern forgery created by a monastic scribe And others argue it is a forgery created by Morton Smith himself All these positions are addressed in the papers contained in this volume Nine North American scholars internationally recognized for their contributions to the study of Secret Mark met at York University in Toronto Canada in April 2011 to examine recent developments in scholarship on the gospel and the letter in which it is found Their results represent a substantial step forward in determining the origins of this mysterious and controversial text List of Contributors Scott G Brown Tony Burke Stephen C Carlson Bruce Chilton Craig A

Evans Paul Foster Charles W Hedrick Peter Jeffery Allan J Pantuck Marvin Meyer Hershel Shanks     *Theology of the Gospel of Mark* Paul L. Danove, 2019-11-28 Paul L Danove presents the first full length study of God and the theology of God in the Gospel of Mark In dialogue with scholars who assume that texts are designed to guide their own interpretation Danove develops and applies methods of analysis to describe the actions and attributes of God in the Gospel of Mark Danove presents his argument in a threefold structure beginning with outlining a set of complementary semantic narrative and rhetorical methods for investigating characterization He then moves to examine the semantic and narrative content related to the character of God in the Gospel of Mark and then formulates this information under the guidance of the narrative rhetoric into statements of God s fifty six repeated and sixty two non repeated actions and attributes arranged according to God s portrayal as semantic agent benefactive content of human experience experiencer goal instrument patient of predication source theme and topic of faith     **An Introduction to the New Testament** D. A. Carson, Douglas J. Moo, 2009-05-26 Grasp the message of the New Testament by focusing on the essentials An Introduction to the New Testament focuses on historical questions dealing with authorship date sources purpose destination and so forth ensuring that the New Testament books will be accurately understood within historical settings For each New Testament document the authors also provide a substantial summary of the book s content discuss the book s theological contribution to the overall canon and give an account of current studies on the book including recent literary and social science approaches to interpretation This second edition reflects significant revision and expansion from the original making this highly acclaimed text even more valuable A new chapter provides a historical survey examining Bible study method through the ages The chapter on Paul has been expanded to include an analysis of debates on the new perspective The discussion of New Testament epistles has been expanded to form a new chapter This new edition is an ideal textbook for seminary students and will help a new generation better grasp the message of the New Testament     *The Gospel of Mark* Gabriel Nieto Zahino, 2023-09-01 Few works have gazed on the Marcan topic with as much a detail as this one The tradition on the origin and authorship of the second Gospel looms up from the shadows in southern central Anatolia closing the first third of the first century AD pointing out the relation of Mark one of the most consistent secondary figures of the New Testament and Peter the apostle In no more than fifty years tradition will stress the link of Mark s work with the imperial see Rome Nieto Zah no s monograph takes pains to submit all the available diagnostic material in the Marcan tradition from the first century to the early third century AD to unceasing examination presenting the reader with historical archaeological geographical grammatical and codicological approximations while surveying afresh three of the chief candidates for the critical reconstruction of the second Gospel Rome Jewish Palestine and the especial blend between the former two that once existed Caesarea Maritima More than an autopsy over a dead document Nieto Zah no s analysis returns us to the living force of Scripture an odyssey through ancient Christianity that will not leave the heart of the most exigent scholars untouched     *Mark as Composer* David Barrett Peabody, 1987     Goulder and the

Gospels Mark Goodacre, 1996-12-01 Goulder and the Gospels is the first comprehensive response to the radical challenge Michael Goulder has posed for New Testament scholarship Goulder dispenses with all hypothetical sources Q M and L and postulates highly creative evangelists who write in the light of the liturgy In this penetrating critique Goodacre provides a critical overview of Goulder's work focusing on several key areas the vocabulary of Q the language of the Minor Agreements the creativity of Luke and the lectionary theory He does not simply assess the plausibility of Goulder's ideas but also develops new ways to test them The theories are sometimes found to be wanting but at the same time Goulder is reaffirmed as one of the most important and stimulating Biblical scholars of this generation **The Way of the Lord** Joel Marcus, 2004-11-09

The New Testament's messianic interpretation of the Old is an important key to its theology This book examines the way the author of the Gospel of Mark uses the Old Testament to convey the identity of Jesus Mark Edwin Keith Broadhead, Edwin K. Broadhead, 2009 In this commentary Broadhead explores the Gospel of Mark for literary designs which might guide modern readers He gives special attention to structure strategy significance and the appropriation of meaning and his analysis shows the Gospel as a sequential account which employs a strategy of reciprocity among its episodes Clear signs are created within this Gospel the meaning of which is negotiated by the first readers in the aftermath of the Temple's fall Modern readers are encouraged to connect these signs to their own world and to initiate a new performance of this Gospel

**Mark, a Pauline Theologian** Mar Pérez I Díaz, 2020-07-27 Is the wide range of indications in the Gospel of Mark for the influence of Pauline theology the fruit of chance or rather of the will of the Evangelist to unify his work with the thought of the Apostle Paul In this study Mar Pérez I Díaz argues that Mark rather than being a disciple of Peter who puts in writing what he remembers from his preaching is a theological disciple of Paul **The Gospel According to Paul** Graham H.

Twelftree, 2019-11-20 Paul's gospel is misunderstood Paul's gospel is seen as his message perhaps an empowered message he saw it differently His gospel can be many things tradition about Jesus Jesus Christ himself the ministry of Jesus the replication of the ministry of Jesus God's salvific drama the salvation experience of people a message and something that can and should be embodied or lived And the gospel does not come to people in Paul's preaching He says it comes or takes place in both his message and the miraculous Without the involvement and acts of God in the miraculous for Paul there would have been no gospel only preaching It is not that the miraculous was simply a proof or demonstration of the gospel it was integral to it In the gospel's coming or establishment it is clear that at heart the gospel is God's salvation the presence of God himself in Christ experienced in the symbiotic relationship between Paul's message about God's Son Jesus Christ and the activity of God in the miraculous Not surprisingly then Paul rarely talks of preaching the gospel He sees himself as gospeling
