## **Redcaps British Military Police:**

**Redcaps** Mike Chappell, 1997-05-15 The story of Britain's provost forces necessarily focuses attention on some of the less glorious episodes of British Army history. Had every British soldier over the centuries been an obedient and dutiful soul there would have been no need for provost of military police. Sadly, armies particularly in time of war have always been home for the criminal and the British Army has had its share of thieves and cut throats as well as its drunken and licentious element. How these were contained or dealt with is the main subject of this book. The men who tamed the lawless are its subject.

Redcaps Roger Mills, Kevin Mann, 1995 Tied to a six part BBC1 television series this book focuses on the Royal Military Police to show who they are how they operate and how they compare with the civilian police force. It follows the progress of selected cases and examines both the policing and detective aspects of their work. *The Redcaps* G. D. Sheffield, 1994 The red capped military policeman standing on traffic duty on vital crossroads has become a familiar and respected figure to the 20th century British soldier. Although generals as diverse as Wellington and Haig can be numbered among its admirers the role of the Royal Military Police and its antecedents is much less well known outside the army. *European Police Forces and Law Enforcement in the First World War* Jonas Campion, Laurent López, Guillaume Payen, 2019-11-08 This book offers a global history of civilian military and gendarmerie style policing around the First World War. Whilst many aspects of the Great War have been revisited in light of the centenary and in spite of the recent growth of modern policing history the role and fate of police forces in the conflict has been largely forgotten. Yet the war affected all European and extra European police forces. Despite their diversity all were confronted with transnational factors and forms of disorder and suffered generally from mass conscription. During the conflict societies and states were faced with a crisis situation of unprecedented magnitude with mass mechanised killing on the battle field and starvation occupation destruction and in some cases even revolution on the home front. Based on a wide geographical and chronological scope from the late nineteenth century to the interwar years this collection of essays explores the policing of European belligerent countries alongside their empires and neutral countries. The book's approach crosses traditional boundaries between neutral and belligerent nations centres and peripheries and frontline and rear areas. It focuses on the involvement and wartime transformations of these law enforcement forces thus highlighting underlying changes in police organisation identity and practices across this period. The History of the Corps of Royal Military Police Stephens Forster Crozier, 1951 Om udviklingen af det kongelige engelske militærpolitisk specielt om dets indsats i Den 2 Verdenskrig Historie 1511 1939 **British Fighting Methods in the Great War** Paddy Griffith, 2013-07-23 This collection points out the very real and substantial evolution of tactics that went on in response to new warfare and how this had a real effect on the positive performance of the British Army from 1916 onwards. Armies of the Crimean War, 1853-1856 Gabriele Esposito, 2023-11-23 Lavishly illustrated with over 100 illustrations that detail the composition organization uniforms weapons and equipment of each force. The Crimean War was the first major European war

since the end of the Napoleonic Wars and Britain's only war on that continent in the century between Waterloo and WW1. When Russia invaded provinces of the Ottoman Empire, the British and French, later joined by the Kingdom of Piedmont-Sardinia, intervened to limit Russian expansion towards the Black Sea. Each of the armies contained an eclectic mix of units. The regular European regiments still displayed much of the bright color and finery associated with the Napoleonic era: the British infantry in their scarlet tunics forming the famous thin red line at Balaklava, for instance, while each also contained a mix of exotic units drawn from across their respective empires. The French fielded Zouaves and Spahis from North and West Africa, not to mention the legendary Foreign Legion; the Ottomans had Tunisians and Egyptians alongside Balkan mountaineers and the infamous Bashi bazouks; the Russians of course had their Cossacks; and the British fielded little-known German Swiss and Italian mercenaries. Gabriele Esposito details the composition, organization, uniforms, and weaponry of each force and illustrates many of them with early black and white photos, this being the first major war for which photography was available, as well as numerous color artworks.

**Love & Terror in Malaya** Michael Baudrier, 2005. Love and Terror has a historic background: the Malay Emergency, actually a guerilla war fought between Malaysians and Japanese occupiers of Malaya, 1942-45, that later became a war against the returning British by Malayan communists, mostly of Chinese extraction, and lasted until the late fifties. Spike, a British sapper, together with two comrades is flown to Singapore in 1947. The Japanese are still in Malaya but in POW work camps. Spike soon adapts to the Malay culture, learns the language with the help of Malay friends and lovers, and is transferred to a Malay training battalion as interpreter. He also meets and has an affair with a Chinese-Malayan taxi dancer, Angelene, aka Aiwa Kam, sister of Ying Kam, a communist leader. His first love, the Malay woman Kamariah, has a young son, Daud, who is kidnapped by the communist terrorists (CTs) in an attempt to persuade Kamariah to get information from Spike about a cache of arms hidden in the house in which he was quartered. Daud is executed by Ying Kam. Spike accepts Islam and marries Kamariah; she tries to remain in Malaya but is repatriated to Britain. When Ying Kam is betrayed by a comrade who is seeking the large reward offered by the British, he is ambushed and injured but escapes incognito in a hospital where Kamariah's sister is a nurse. Ying Kam is exposed and captured by Kamariah. She assists in the capture of other CTs and becomes a rich woman. Comrades of Spike have different encounters in Malaya and later in Britain. Taffy marries a Chinese-Malayan and stays on as an estate manager. He is ambushed and assassinated by CTs. The book *Love and Terror* illustrates many features of Malay, Chinese, and British culture and how they interact. East and West do meet in many instances.

**Exporting British Policing During the Second World War** Clive Emsley, 2017-07-13. *Exporting British Policing* is a comprehensive study of British military policing in liberated Europe during the Second World War. Preventing and detecting thefts, receiving and profiteering, together with the maintenance of order in its broadest sense, are in the peacetime world generally confided to the police. However, the Second World War witnessed the use of civilian police to create a detective division of the British Army's Military Police, SIB, and the use of British civilian police alongside

American police as Civil Affairs Officers to restore order and civil administration Part One follows the men of the SIB from their pre war careers to confrontations with mafiosi and their investigations into widespread organised crime and war crimes during which they were constantly hampered by being seen as a Cinderella service commanded by temporary gentlemen Part Two focuses on the police officers who served in Civil Affairs who tended to come from higher ranks in the civilian police than those who served in SIB During the war they occupied towns with the assault troops and then sought to reorganise local administration at the end of the war in the British Zones of Germany and Austria they sought to turn both new Schutzmann and police veterans of the Third Reich into British Bobbies Using memoirs and anecdotes Emsley critically draws on the subjective experiences of these police personnel assessing the successes of these wartime efforts for preventing and investigating crimes such as theft and profiteering and highlighting the importance of historical precedent given current difficulties faced by international policing organizations in enforcing democratic police reform in post conflict societies

IRA active service unit arrived to kill him He worked undercover in Northern Ireland and joined the SIB the Army's own internal affairs unit before entering the world of private security operating in the world's hotspots such as Libya and the breakaway state of Somaliland Lee's story is one of quiet strength of how reading a situation is invaluable to getting out of trouble It is one of achieving personal goals and overcoming trauma through the help of his wife Kate and through his love of martial arts It is also a fitting tribute to one of the outstanding figures of our age
