"A SORRY SIGHT"

# Redeeming Shakespeares Words

**S.S. Hussey**

## **Redeeming Shakespeares Words:**

Redeeming Shakespeare's Words Paul A. Jorgensen, 1985      *Redeeming Shakespeare's Words* Paul Alfred Jorgensen, 1962      **Shakespeare's Romance of the Word** Maurice Hunt, 1990 This work is a critical study of Pericles Cymbeline The Winter's Tale and The Tempest with a focus on Shakespeare's exploration of language in its destructive potentialities and its redemptive workings      **A Reader in the Language of Shakespearean Drama** Vivian Salmon, Edwina Burness, 1987-01-01 In recent years the language of Shakespearean drama has been described in a number of publications intended mainly for the undergraduate student or general reader but the studies in academic journals to which they refer are not always easily accessible even though they are of great interest to the general reader and essential for the specialist The purpose of this collection is therefore to bring together some of the most valuable of these studies which in discussing various aspects of the language of the early 17th century as exemplified in Shakespearean drama provide the reader with deeper insights into the meaning of Shakespearean text often by reference to the social literary and linguistic context of the time      *Shakespeare's Sceptered Isle* Brian Carroll, 2022-06-01 This work searches Shakespeare's history and Roman plays to find the raw materials of English national consciousness and identity The messages of Shakespeare's history plays are not principally the plots or facts of the dramas but the attitudes and imaginings they elicited in audiences Reading Shakespeare through the lens of national identity is a study almost as old as the plays themselves and many scholars have found various articulations of nationhood in Shakespeare's plays This book argues that Shakespeare's histories furnished modern England with a curriculum for constructing a national identity a confidence of language and culture and a powerful new medium through which to communicate and express this negotiated identity Highlighting the application of semiotics it studies the playwright's use of symbols metonymy symbolic codes and metaphor By examining what Shakespeare and playgoers remembered and forgot as well as the ways ideas were framed this book explores how a national identity was crafted contested and circulated      **A Selective Bibliography of Shakespeare** James G. McManaway, Jeanne Addison Roberts, 1978-07 This bibliography provides easy access to the most important Shakespeare studies in the past four decades Brief annotations a detailed table of contents cross references and a complete index make this bibliography especially useful      **The Literary Language of Shakespeare** S.S. Hussey, 2018-10-08 Professor Hussey looks at the vocabulary syntax and register of Renaissance English following this with a more detailed analysis of particular kinds of language in the plays such as prose verse rhetoric and the soliloquy For this new edition the text has been revised throughout with in particular a completely new chapter providing detailed readings of selected plays illustrating the ways particular aspects of language can be studied in practice      **Henry IV Parts I and II** Ronald Knowles, 1992-04-01 This volume analyses leading critics from the 17th century to the 20th century who have commented on Henry IV Parts I and II Beginning with the significance of the Dering manuscript and Dryden's comments the study continues with the dominance of Falstaff in eighteenth century debate

in such figures as Dr Johnson and Maurice Morgann Neoclassical Romantic and Victorian judgements are surveyed particularly stressing German criticism Consideration of negative and positive ideological readings from A C Bradley to Graham Holderness is followed by an appraisal of the conflict of two value systems within the plays between art and history the universal and the feudal Shakespeare and the Classical Tradition Lewis Walker, 2019-05-24 This bibliography will give comprehensive coverage to published commentary in English on Shakespeare and the Classical Tradition during the period from 1961 1985 Doctoral dissertations will also be included Each entry will provide a clear and detailed summary of an item s contents For pomes and plays based directly on classical sources like Antony and Cleopatra and The Rape of Lucrece virtually all significant scholarly work during the period covered will be annotated For other works such as Hamlet any scholarship that deals with classical connotations will be annotated Any other bibliographies used in the compiling of this volume will be described with emphasis on their value to a student of Shakespeare and the Classics Nothingness, Negativity, and Nominalism in Shakespeare and Petrarch Benjamin Boysen, 2020-11-09 Being exposed to the Nominalist expansion in early modernity Petrarch and Shakespeare are highly preoccupied with a Nominalist dimension of language and representation Against this background the study shows how these Renaissance poets advanced a special notion of subjectivity and identity as rooted in negativity otherness and representation The book thus argues for a new understanding of negative modes of subjectivity in Petrarch and Shakespeare A new and sharpened understanding emerging from an interpretation of Francesco Petrarch s notion of exile and of love in his great poetical cycle Rerum vulgarium fragmenta as well as a meticulous examination of the concept of nothingness in William Shakespeare s works Petrarch and Shakespeare poetically show how identity is alien and decentred yet also free and expanding In other words these poets illustrate how subjectivity is constituted by heterogeneity Moreover pointing to other examples of this negative subjectivity in Renaissance philosophy and poetry the study suggests that these models for subjectivity could be extended to other early modern writers

*Routledge Library Editions: Study of Shakespeare* Various, 2021-11-01 This 14 volume set contains titles originally published between 1926 and 1992 An eclectic mix this collection examines Shakespeare s work from a number of different perspectives looking at history language performance and more it includes references to many of his plays as well as his sonnets Routledge Library Editions: Alchemy Various Authors, 2021-03-05 Reissuing seminal works originally published between 1916 and 1995 Routledge Library Editions Alchemy 7 volume set offers a selection of scholarship covering various facets of alchemical traditions Some texts examine alchemy itself while some offer insight into the motives for alchemical research and others outlay portraits of people such as Giordano Bruno and John Dee The Renaissance Drama of Knowledge Hilary Gatti, 2013-02-15 Giordano Bruno s visit to Elizabethan England in the 1580s left its imprint on many fields of contemporary culture ranging from the newly developing science the philosophy of knowledge and language to the extraordinary flowering of Elizabethan poetry and drama This book explores Bruno s influence on English figures as different

as the ninth Earl of Northumberland Thomas Harriot Christopher Marlowe and William Shakespeare Originally published in 1989 it is of interest to students and teachers of history of ideas cultural history European drama and renaissance England Bruno s work had particular power and emphasis in the modern world due to his response to the cultural crisis which had developed his impulse towards a new faculty of knowing had a disruptive effect on existing orthodoxies religious scientific philosophical and political

**The Drama of Speech Acts** Joseph A. Porter, 2023-11-15 This study delves into the role of language and speech in Shakespeare s Lancastrian tetralogy Richard II 1 Henry IV 2 Henry IV and Henry V It aims to provide an integrated analysis of how language is conceived and utilized across these plays exploring both thematic and dramaturgical elements The discussion challenges the notion of the tetralogy s disunity presenting evidence for its aesthetic cohesion despite initial objections based on Shakespeare s evolving vision for the plays The study adopts a dual approach balancing the unity of the tetralogy with the integrity of each individual play supported by a comprehensive methodology that combines linguistic philosophy particularly the concept of speech acts developed by J L Austin In analyzing the plays the study introduces three key metaphors to frame the exploration of language s evolution in the tetralogy the shift from the Middle Ages to the Renaissance the story of the Tower of Babel and the Biblical Fall These metaphors help articulate the moral and linguistic transformations seen in the characters especially in their use of speech to assert authority control and identity Austin s speech act theory provides a foundational framework for examining how utterances in these plays are more than just verbal expressions but are active forces shaping the narrative and characters relationships Through this lens the study not only reflects on Shakespeare s manipulation of language but also on its dramatic function in creating meaning and action within the play s political and social contexts This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1979

*Shakespeare Survey* Kenneth Muir, 2002-11-28 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback

**Shakespeare and the Shapes of Time** David Scott Kastan, 1982-06-18 *Shakespeare and Quotation* Julie Maxwell, Kate Louise Rumbold, 2018-04-26 Shakespeare is both the world s most quoted author and a frequent quoter himself This volume unites these creative practices

Shakespeare's Patterns of Self-knowledge Rolf Soellner, 1972 The Renaissance evinced a strong interest in self knowledge and the theme is a persistent one in the moral and dramatic literature of the age The ancient slogan nosce teipsum became a universal watchword of men schooled in the paramount importance of coming to know themselves Shakespeare s abiding interest in the concept of self knowledge shows itself in the dramatic patterns of his plays in images ideas themes and character portrayals The recurrence of such motifs as the search for the self and the dangers and rewards of finding oneself as well as the prominence of such ideal or nearly ideal characters

as Henry V Duke Vincentio and Prospero testify to the powerful influence humanistic nations of self knowledge exerted on Shakespeare as a writer and thinker But his was a changing and developing art in a restless and dynamic age Professor Soellner suggests that as much as Shakespeare s artistic development which also affects his patterns of self knowledge is part of his natural growth into a mature and incomparable dramatist it is yet analogous to the stylistic and philosophic changes that led from the Renaissance through Mannerism toward the Baroque Mr Soellner examines twelve plays in which self knowledge as the Renaissance understood it figures prominently Mindful that concepts of self knowledge are not independent of cultural contexts and that the definitions in the moral literature of the time were notoriously imprecise and unscientific he recognizes that the meaning of the term in Shakespeare s time must be acquired as Shakespeare acquired it that is contextually Mr Soellner distinguishes three points in Shakespeare s evolution an early stage that culminates in the later histories and the romantic comedies in which the dramatist reflected sometimes almost schematically the humanistic patterns of his time a middle or interim phase that begins with Julius Caesar and includes both Hamlet and the problem comedies and in which Shakespeare experiences certain hesitations and entertains some doubts about the patterns accepted uncritically earlier and the final period of the great tragedies and tragicomic romances in which a growing awareness of the unpredictability of human nature leads to a dynamic synthesis in which what is the quintessence of humanism is fused with a full realization of the weakness of codification and a profound sympathy for the human condition In the last of his great plays the tempests Mr Soellner find Shakespeare composed a brilliant finale in which are worked many of the patterns that he used in his earlier work The dream of The Tempest that man can control himself limit his power and even resign it voluntarily is totally humanistic and may be utopia But it is one of the happiest expectations of man and represents an irresistible affirmation of his potential greatness Rolf Soellner

*The Grand Design of God* C. A. Patrides, 2016-03-31 This book originally published in 1972 offers a stimulating account of the Christian tradition of historiography as it is reflected in works of literature and history The discussion ranges from the pre Christian The Iliad up to the 1970s The author considers subjects such as the Mystery Plays in the medieval synthesis the nature of the evidence provided by the Renaissance authors in England and the Continent the contemporary world The book examines the attitudes of historians and at the use historians have made of the Christian view of history

*Much Ado About Nothing* William Shakespeare, 2009-09-16 Set in a courtly world of masked revels and dances this play turns on the archetypal story of a lady falsely accused of unfaithfulness spurned by her bridegroom and finally vindicated and reunited with him Villainy schemes and deceits threaten to darken the brilliant humor and sparkling wordplay but the hilarious counterplot of a warring couple Beatrice and Benedick steals the scene as the two are finally tricked into admitting their love for each other in Shakespeare s superb comedy of manners Each Edition Includes Comprehensive explanatory notes Vivid introductions and the most up to date scholarship Clear modernized spelling and punctuation enabling contemporary readers to understand the Elizabethan English Completely updated detailed

bibliographies and performance histories An interpretive essay on film adaptations of the play along with an extensive filmography
