

Redefining California

**Matthew Cahn, David Shafie, H. Eric
Schockman**

Redefining California:

Redefining Media in the Digital Age Paolo Sigismondi, 2024-08-10 The global rise of streaming and social media platforms and the influence of tech giants in increasingly more sectors of the economy including the media industry have disrupted the status quo of the global media competitive landscape This volume offers an insightful analysis of the profound changes in the competitive advantages in the media industry ushered in by digital convergence and their ramifications As Hollywood enters its second century it faces novel challenges stemming from the digital revolution which are greater in magnitude and in impact than any of those brought in by previous communication technology revolutions in the last century These new challenges include the ascent of new competitors leading conglomerates arising from the digital revolution which as a result of the ever expanding reach of digital convergence are successfully operating in the media sector as well The new competitive dynamics are on display in the analysis of the streaming and social media landscapes This book sheds light on the clash of two institutional logics within the new attention economy and its consequences on the competitive landscape The legacy media institutional logics represented by the legacy media conglomerates revolving around the Hollywood studios which have established their primacy in the global mediascape for decades now directly compete in the new landscape shaped by digital convergence with the digital media institutional logics identifying the tech giants emerging victorious from the digital revolution The analysis utilizes the dichotomy between scripted and non scripted media entertainment as a framework to assess the diverse competitive landscapes business dynamics and their implications of the different segments shaping the contours and boundaries of the media industry *Redefining British Politics* L. Black, 2010-02-24 A history of 1950s and 1960s British political culture *Redefining British Politics* interrogates ideas movements and identities bordering social and political change consumer organisations campaigns about TV morality and culture Young Conservatism and how party politics used media like TV and was represented in popular culture *Rethinking California* Matthew Cahn, David Shafie, H. Eric Schockman, 2016-12-05 This book explores the state of California viewing the state as a holistic political culture that reflects the influence of multiple cultures ethnic groups and communities of interest It starts with a broad historical foundation and travels through cultural analyses and institutional discussions The evaluation of specific policy issues affecting the state is an important stop along the way and the crossroads that bring together the variety of analytic paths This book is suited for individuals interested in California policy work and gaining a better understanding of that state's unique political culture *La Nueva California* David E Hayes-Bautista, 2004-11 This is a comprehensive overview of the Latino experience in California over a hundred years *La Nueva California* David E Hayes-Bautista, 2017-02-07 Since late 2001 more than fifty percent of the babies born in California have been Latino When these babies reach adulthood they will by sheer force of numbers influence the course of the Golden State This essential study based on decades of data paints a vivid and energetic portrait of Latino society in California by providing a wealth of details about work ethic family strengths

business establishments and the surprisingly robust health profile that yields an average life expectancy for Latinos five years longer than that of the general population. Spanning one hundred years, this complex, fascinating analysis suggests that the future of Latinos in California will be neither complete assimilation nor unyielding separatism. Instead, the development of a distinctive regional identity will be based on Latino definitions of what it means to be American. This updated edition now provides trend lines through the 2010 Census as well as information on the 1849 California Constitutional Convention and the ethnogenesis of how Latinos created the society of Latinos de Estados Unidos Latinos in the US. In addition, two new chapters focus on Latino Post Millennials: the first focusing on what it's like to grow up in a digital world and the second describing the contestation of Latinos at a national level and the dynamics that transnational relationships have on Latino Post Millennials in Mexico and Central America.

Redefining Families Adele Eskeles Gottfried, Allen W. Gottfried, 2013-06-29

Families are undergoing dramatic changes in our society. Our traditional views are being challenged by new family arrangements. These new family arrangements are forcing redefinitions of what constitutes a family and raising significant issues regarding the potential developmental consequences for children in these families if such exist. Moreover, the ramifications of redefined families and their bearing on children's development extend into the legal, political, and societal arenas. This book focuses on the relationships between diverse family arrangements and children's development as well as on legal and social implications. Our interest in this area emanates from our experience in directing the Fullerton Longitudinal Study. In the course of this investigation, we observed families undergoing transformation most commonly in maternal employment and marital status. Our initial research on the role of maternal employment in children's development provided the scientific foundation for our interest. Just as we feel that maternal employment and dual earner families should be comprehensively researched regarding their relationships to children's development, we also believe that other contemporary family arrangements should receive extensive attention in the developmental literature. Hence, the idea for this book emerged.

The Latino Big Bang in California David E. Hayes-Bautista, Cynthia L. Chamberlin, Gray Bryan Paul, 2025-04-29

The Latino Big Bang in California presents a Spanish transcription and English translation of a diary written by Forty Niner Justo Veytia, a Mexican immigrant seeking riches during California's Gold Rush. Veytia's diary offers insights into the dilemmas and choices of an adventurous and ambitious young Mexican and provides a detailed glimpse into the life of Latinos who participated in this tumultuous moment in California history. In doing so, Veytia's diary demonstrates that the US-Mexico War together with the Gold Rush constituted a Latino big bang in California that attracted large swaths of fortune seekers from across the Spanish-speaking world throughout the latter half of the nineteenth century. Combining archival research with quantitative methods to extrapolate demographic information about the persistent presence of Latino communities in California from the mid-nineteenth century to today, *The Latino Big Bang in California* shows how Latino migration and labor forever changed the course of California history.

Latino Children and Families in the United States

Josefina M. Contreras, Kathryn A. Kerns, Angela M. Neal-Barnett, 2002-09-30 The Latino population in the United States continues to grow and now represents 12% of the population Yet remarkably little attention has been paid to understanding parenting and child development processes among Latino families Although research on Latino parenting is beginning to emerge the field is in need of further structure and direction This volume addresses this need and advances the field both by presenting state of the art research on Latino parenting and also by proposing conceptual and methodological frameworks that can provide the field with further integration and direction In addition to presenting innovative research examining parental beliefs and practices of Latino families from different socioeconomic and cultural backgrounds authors provide frameworks for identifying the origins of these beliefs and practices and provide a rich picture of both the values that can be considered Latino and the social and demographic normative and at risk Latino samples Finally methodological and conceptual recommendations for future research on each cited area as well as the field are presented *La Cosecha*

Eduardo C. Fernández, 2000 marks a new stage in the development of U S Hispanic Latino theology *An Introduction to Intercultural Communication*

Fred E. Jandt, 2007 This easy to read volume covers a wide range of material including a historical framework to view the development of current topics an integration of media as a variable in the advancement of issues and ideas and illustrative material such as vignettes quotes cases and stories to keep the student s attention and provoke thought while challenging existing viewpoints It walks the student through the key concepts of communication and culture with chapters on barriers to intercultural communication dimensions of culture multiculturalism women family and children and culture s influence on perception New to the Fifth Edition Focus on Theory boxes that ground the practical material in communication and social theory Each Part includes a Photo Essay that illustrates the main concepts of that section Updated information including more internationally focused material and material on gender issues gives the book timely appeal to professors and students *The Catholic Social Imagination*

Joseph M. Palacios, 2008-11-15 The reach of the Catholic Church is arguably greater than that of any other religion extending across diverse political ethnic class and cultural boundaries But what is it about Catholicism that resonates so profoundly with followers who live under disparate conditions What is it for instance that binds parishioners in America with those in Mexico For Joseph M Palacios what unites Catholics is a sense of being Catholic a social imagination that motivates them to promote justice and build a better world In *The Catholic Social Imagination* Palacios gives readers a feeling for what it means to be Catholic and put one s faith into action Tracing the practices of a group of parishioners in Oakland California and another in Guadalajara Mexico Palacios reveals parallels and contrasts in the ways these ordinary Catholics receive and act on a church doctrine that emphasizes social justice Whether they are building a supermarket for the low income elderly or waging protests to promote school reform these parishioners provide important insights into the construction of the Catholic social imagination Throughout Palacios also offers important new cultural and sociological interpretations of Catholic doctrine on issues such as poverty civil and human

rights political participation and the natural law *Rethinking Los Angeles* Michael J. Dear, H. Eric Schockman, Greg Hise, 1996-08-20 The Los Angeles region is increasingly being held up as a prototype for the collective urban future of the United States Yet it is probably the least understood most under studied major city in the US Very few people beyond the boundaries of Southern California have an accurate appreciation of what the region is who lives there and what it does This groundbreaking collection of essays brings together well respected contributors to dispel the myths about Southern California and to begin the process of rethinking Los Angeles Engendering Psychology Florence Denmark, Vita Carulli Rabinowitz, Jeri A. Sechzer, 2016-01-08 Engendering Psychology's treatment of issues is based solidly on scientific evidence and presented in a balanced manner The text combines a developmental and topical approach Denmark Rabinowitz and Sechzer explore the concept of gender as a social construction across the lines of race ethnicity class age and sexual orientation pulling from the exciting new scholarship that has emerged over the last few years Thoughtful discussion questions emphasize critical thinking skills as well as encourage students to open a dialogue with both their professors and their peers This text will help readers understand the concept of gender as a social construct in contrast to the concept of sex which denotes biological differences Upon completing this text readers will have a deeper understanding of women and the knowledge that woman is a diverse and multifaceted category **Secretary of Transportation's Proposal to Redefine Passenger and Passenger Vessel** United States. Congress. House. Committee on Merchant Marine and Fisheries. Subcommittee on Coast Guard and Navigation, 1992 **Paradise Redefined** Vanessa Fong, 2011-08-01 This book picks up where author Vanessa Fong left off in *Only Hope* Coming of Age under China's One Child Policy Stanford 2004 and continues by telling the stories of the Chinese youth who left China in their teens and 20s to study in Australia Europe Japan New Zealand North America or Singapore Fong examines the expectations and experiences of Chinese students who go abroad in search of opportunity and the factors that cause some to return to China and others to stay abroad Being Right Mary Jo Weaver, R. Scott Appleby, 1995 Being Right is a significant book and a good read for anyone seriously interested in contemporary American religion *Nova Religio* It will be very useful to historians challenging to theologians and indispensable to anyone trying to make sense of the bewildering variety of Catholic presence in the contemporary United States *American Catholic Studies Newsletter* Being Right maps the mental universe of this internally diverse group and offers basic insight into how they see things The Reader's Review Editors Mary Jo Weaver and R Scott Appleby and their collaborators immerse us in a roiling sea of contested assertion and testimony First Things An in depth look at these groups both as they see themselves and as they appear to trained scholars David J O'Brien College of Holy Cross Compliments must be given to Weaver and Appleby who were able to recruit a distinguished yet impassioned group of essayists for this work *Journal of Church and State* Whether they focus their criticism on pro choice rhetoric and artificial birth control or the removal of religious symbols from public squares the Catholics profiled in this book agree that the contemporary church is in crisis

The Essential Civil Society Reader Don E. Eberly, 2000-07-12 There is a growing anxiety about the basic health of society Everywhere we see the fraying of the social fabric the decline of families the absence of consensus on unifying moral principles and the disappearance of community and voluntary associations Around the world politicians and intellectuals of all political persuasions seek to restore civil society by cultivating stronger public ethics and social institutions In *The Essential Civil Society Reader* Don Eberly one of the nation's leading civil society theorists and activists presents the classic writings of the leading scholars and organizers who have brought the civil society debate to the forefront of American politics The future of democracy depends on a strong civil society and this book tells readers how we can achieve it *Latino Social Policy* Juana Mora, David Diaz, 2015-12-22 Examine alternative strategies to resolving important Latino social issues *Latino Social Policy A Participatory Research Model* examines the failure of traditional research methods to address major social needs in Latino communities promoting instead a participatory action approach to research that is socially and scientifically meaningful Experts from a variety of disciplines focus on nontraditional strategies that engage community residents in community research projects shortening the distance between the researcher and the subject This unique book recounts lessons learned on conducting Participatory Action Research PAR in Latino communities using techniques based on anthropology education community health and evaluation and urban planning *Latino Social Policy A Participatory Research Model* addresses non traditional methods of reducing the tension between the reality of interaction with the subject community and the academic training structures used by researchers The book promotes a new vision and practice of research design in which the subject is central to the process advocating a participatory approach to produce qualitatively different research based on community identified problems and needs Contributors examine the value of integrating local knowledge language and culture into the methodological design the ethics of conducting research in Latino communities and the internal conflicts Chicana o researchers face within their profession and in the field Topics addressed in *Latino Social Policy A Participatory Research Model* include community health and Central Americans in Los Angeles ethnography and substance abuse among transnational Mexican farmworkers identity and field research in Mexico the Latino Coalition for a New Los Angeles LCNLA researcher community partnerships and much more *Latino Social Policy A Participatory Research Model* includes case studies ethnographies and vignettes that illustrate participatory approaches and outcomes in Latino research The book is equally valuable as a textbook for academics and students working in the social sciences public policy and urban planning and as a professional guide for community leaders and organizations interested in developing research partnerships **Respect Yourself, Protect Yourself** Lorena Garcia, 2012-10-22 While Latina girls have high teen birth rates and are at increasing risk for contracting sexually transmitted infections their sexual lives are much more complex than the negative stereotypes of them as helpless or risky or worse suggest In *Respect Yourself Protect Yourself* Lorena Garcia examines how Latina girls negotiate their emerging sexual identities and attempt to create positive sexual experiences for

themselves Through a focus on their sexual agency Garcia demonstrates that Latina girls experiences with sexism racism homophobia and socioeconomic marginality inform how they engage and begin to rework their meanings and processes of gender and sexuality emphasizing how Latina youth themselves understand their sexuality particularly how they conceptualize and approach sexual safety and pleasure At a time of controversy over the appropriate role of sex education in schools Respect Yourself Protect Yourself provides a rare look and an important understanding of the sexual lives of a traditionally marginalized group

Handbook of Advances in Culture and Psychology Michele J. Gelfand, Chi-yue Chiu, Ying-yi Hong, 2016-04-04 With applications throughout the social sciences culture and psychology is a rapidly growing field that has experienced a surge in publications over the last decade From this proliferation of books chapters and journal articles exciting developments have emerged in the relationship of culture to cognitive processes human development psychopathology social behavior organizational behavior neuroscience language marketing and other topics In recognition of this exponential growth Advances in Culture and Psychology is the first annual series to offer state of the art reviews of scholarly research in the growing field of culture and psychology The Advances in Culture and Psychology series is Developing an intellectual home for culture and psychology research programs Fostering bridges and connections among cultural scholars from across the discipline Creating a premier outlet for culture and psychology research Publishing articles that reflect the theoretical methodological and epistemological diversity in the study of culture and psychology Enhancing the collective identity of the culture and psychology field Comprising chapters from internationally renowned culture scholars and representing diversity in the theory and study of culture within psychology Advances in Culture and Psychology is an ideal resource for research programs and academics throughout the psychology community
