Rediscovering The Eucharist Ecumenical Conversations:

Rediscovering the Eucharist Roch A. Kereszty, 2002 Essays from an ecumenical conference that promote a further convergence in our understanding of the Eucharist *Rediscovering the Eucharist : ecumenical conversations* Roch A. Kereszty (ed), 2003 *Rediscovering Aquinas and the Sacraments* Matthew Levering, Michael Dauphinais, 2022-01-07 St Thomas Aquinas of the Sacraments offers a brief and readable essay on each of the seven sacraments as presented by St Thomas Aquinas in addition to chapters on his theology of worship and his understanding of liturgical devotion The essays are written for students scholars and pastors who seek to learn more about Aquinas's sacramental theology Each chapter introduces certain aspects of Aquinas's approach and opens up avenues for further reflection In recent years philosophical and theological interest in Aquinas's sacramental theology and theology of the liturgy seems to be significantly increasing in ecumenical circles This unique collection featuring the new research of some of expert sacramental theologians sheds new light on the little known the contributions of Aquinas to sacramental theology and the medieval tradition to which he belongs

Eucharist and Ecclesiology Wendell Willis, 2017-01-06 In the late twentieth century and since ecumenical discussions on the nature and unity of the church have often centered on the Eucharist This book is focused on that intersection of church and Eucharist in current Christian relationships In the first part of the book representatives of the Orthodox tradition Paul Meyendorff the Roman Catholic tradition Denis Farkasfalvy and the Protestant tradition Gary Badcock discuss the relationship of Eucharist and church These essays are followed by an overview and response to these theme essays by Everett Ferguson who has published often on the topics The second part of the book contains essays on particular issues important for understanding the Eucharist and Christian faith These essays also come from the three theological traditions of the featured essays but focus on more specific issues behind the larger discussion The essays address the New Testament texts on Eucharist and important later Christian writers This book will be of value to scholars studying the Eucharist in the New Testament and the early Christian church as well as to clergy who need to instruct congregations on the ecumenical discussions of the Eucharist *The Protestant Reformation and The Book of Common Prayer: A Liturgical Study* David Fuller, 2016-03-30 A liturgical study of the Anglican Book of Common Prayer and its creation and amendments during the Protestant Reformation

Sacrifice and Community Matthew Levering, 2008-04-15 This book explores the character of the Eucharist as communion in and through sacrifice It will stimulate discussion because of its controversial critique of the dominant paradigm for Eucharistic theology its reclamation of St Thomas Aquinas's theology of the Eucharist and its response to Pope John Paul II's *Ecclesia de Eucharistia* Argues that the Eucharist cannot be separated from sacrifice and rediscovers the biblical connections between sacrifice and communion Timed to coincide with the Year of the Eucharist proclaimed by Pope John Paul II Reclaims the riches of St Thomas Aquinas's theology of the Eucharist which had recently been reduced to a metaphysical defence of transubstantiation **A Very Anglican Monk** David Fuller, 2014-05-05 Anglican Benedictine

monk Dom Gregory Dix 1901-52 was at the heart of studies of liturgy and worship in the Church of England. He was a prolific author whose magnum opus *The Shape of the Liturgy* 1945 has remained on the publishers shelves to this day. A Very Anglican Monk studies many aspects of Dix's life and works. **Wedding Feast of the Lamb** Roch A. Kereszty, 2004. In this deeply contemplative and meditative study Father Kereszty first places the Eucharist in the universal context of world religions and shows how the Eucharist is God's response to the universal human quest for the perfect sacrifice of thanksgiving, expiation and communion. Father Kereszty discusses not only the explicit eucharistic texts of the New Testament but demonstrates the role and meaning of the Eucharist within each Gospel, within the theology of Paul, the letter to the Hebrews and the book of Revelation. He highlights forgotten texts and recovers surprising insights from the Fathers that show the link between the Eucharist and mystical experience, the presence of all the mysteries of Christ in particular his death, Resurrection and his coming in glory in the eucharistic celebration. He then carries the *lex orandi, lex credendi* adage to its logical conclusion: the liturgical celebration provides the content and the organizing principle for the systematic presentation. *Ministerial Priesthood in the Third Millennium* Ronald D. Witherup, Lawrence B. Terrien, Michael G. Witczak, Paul G. McPartlan, Kevin W. Irwin, 2009-11-01. Drawn from the main talks given at a Year of the Priest symposium at The Catholic University of America, *Ministerial Priesthood in the Third Millennium* explores the mystery of the priesthood in light of the Church's theological and spiritual heritage. Chapters and Contributors: Biblical Foundations on the Priesthood; The Contributions of the Letter to the Hebrews; Very Rev Ronald D Witherup. This is the third volume of Ferguson's collected essays and includes some of his most memorable work, especially on laying on of hands. **A Living Sacrifice: Liturgy and Eschatology in Joseph Ratzinger** Roland Millare, 2022-06-13. *A Living Sacrifice* focuses on the inherent relationship between eschatology and the liturgy in light of Ratzinger's insistence upon the primacy of logos over ethos. When logos is subordinated to ethos, the human

person becomes subjected to a materialist ontology that leads to an ethos that is concerned above all by utility and progress which affects one's approach to understanding the liturgy and eschatology. How a person celebrates the liturgy becomes subject to the individual whim of one person or a group of people. Eschatology is reduced to addressing the temporal needs of a society guided by a narrow conception of hope or political theology. If the human person wants to understand his authentic sacramental logos then he must first turn to Christ the incarnate Logos who reveals to him that he is created for a loving relationship with God and others. The primacy of logos is the central hermeneutical key to understanding the unique vision of Ratzinger's Christocentric liturgical theology and eschatology. This is coupled with a study of Ratzinger's spiritual Christology with a focus on how it influences his theology of liturgy and eschatology through the notions of participation and communion in Christ's sacrificial love. Finally, *A Living Sacrifice* examines Ratzinger's theology of hope, charity and beauty as well as his understanding of active participation in relationship to the eschatological and cosmic characteristics of the sacred liturgy.

Food and Faith Norman Wirzba, 2018-11-29. This book provides a comprehensive theological framework for assessing the significance of eating. Drawing on diverse theological, philosophical and anthropological insights it offers fresh ways to evaluate food production and consumption practices as they are being worked out in today's industrial food economy. Unlike books that focus primarily on vegetarianism and hunger-related concerns, this book broadens the scope of consideration to include the sacramental character of eating, the deep significance of hospitality, the meaning of death and sacrifice, the Eucharist as the place of inspiration and orientation, the importance of saying grace and the possibility of eating in heaven. Throughout, eating is presented as a way of enacting fidelity between persons, between people and fellow creatures and between people and Earth. *Food and Faith* demonstrates that eating is of profound economic, moral and spiritual significance. Revised throughout, this edition includes a new introduction and two chapters as well as updated bibliography. The additions add significantly to the core idea of creaturely membership and hospitality through discussion of the microbiome revolution in science and the daunting challenge of the Anthropocene.

Eat the Bible Micah E. Chung, 2024-07-19. People love their metaphors for the Bible. The Bible is a sword, a mirror, a script, a score, a cathedral, a rule book, a user's manual, a lamp, a love letter. But how did metaphor, which in the eighteenth century was seen as a deceptive rhetorical trick, become such a prominent tool for speaking of Scripture? And how does one judge between a good metaphor and a bad one? This book explores the theological use of metaphor to describe the nature and interpretation of Scripture. It interrogates three such models: the Bible as musical score (Anthony Thiselton), the Bible as theo-dramatic script (Kevin Vanhoozer) and the Bible as light (John Feinberg), seeking to evaluate their faithfulness to Scripture and church tradition, their fittingness to the current culture and their fruitfulness for understanding and practicing the biblical text. The author then proposes and explores what he considers a better model, one drawn from the Bible itself, namely that of Scripture as food.

Ruled Reading and Biblical Criticism Matthew T. Bell, 2019-11-04. In *Ruled Reading and Biblical Criticism* Matthew T. Bell contends that the gulf in interpretive

priorities between ancient and modern readers has been exaggerated and that careful study of early Christian reading practices suggests that it is both possible and productive to recontextualize early Christian ruled reading for a postmodern setting. Modern prejudice holds that ancient Christian interpretation was relatively unconcerned with history and concomitantly determined to foist extrascriptural doctrinal commitments onto scripture, silencing those layers of scripture's meaning that modern criticism has been most concerned with uncovering. In this book Bell argues that when the ethos and theology of reading in the early Church are taken into account, premodern interpretive priorities turn out to be less implausible than the modern world has believed them to be. Through close reading of ancient Christian texts, Bell outlines an ontology of scripture wherein the relationship between early Christianity's Rule of Faith on one hand and its scriptures on the other was expressly constructed as a hermeneutical spiral, the slant of which was designed to attend to and be edified by textually mediated conundrums and intellectual provocations. Viewed along that spiral, the Church's Rule was as scriptural as the Church's catalog of scriptures was ruled. This book will be welcomed by academics who study early Christianity and scripture as well as scholars interested in reconsidering Christian hermeneutical questions for a postmodern age.

Untamed Hospitality (The Christian Practice of Everyday Life) Elizabeth Newman, 2007-04-01. Christian hospitality is more than a well-set table, pleasant conversation, or even inviting people into your home. Christian hospitality, according to Elizabeth Newman, is an extension of how we interact with God. It trains us to be capable of welcoming strangers who will challenge us and enhance our lives in unexpected ways, readying us to embrace the ultimate stranger, God. In *Untamed Hospitality*, Newman dispels the modern myths of hospitality as a superficial commodity that can be bought and sold at The Pottery Barn and restores it to its proper place within God's story as displayed most fully in Jesus Christ. Worship, she says, is the believer's participation in divine hospitality, a hospitality that cannot be sequestered from our economic, political, or public lives. This in-depth study of true hospitality will be of interest to professors, students, and scholars looking for a fresh take on a timeless subject.

The Eucharistic Spirit Florian M. P. Simatupang, 2025-03-27. What sort of experience of grace does the Holy Spirit give Pentecostals when they celebrate the Eucharist? This book aims to answer that question by investigating Holy Communion through a Pentecostal spirituality framework and process known as search encounter transformation. Doing so enriches the theology and spirituality of Pentecostalism and broadens its understanding of the journey of salvation. The author argues that the invocation of the Spirit in the Eucharist, the epiclesis, grants the church a pneumatological imagination, enabling it to properly remember the anamnesis, the work of Christ. The outcome of remembering will be to see the Eucharist as a meal of solidarity and justice, a meal that manages the hunger of the world, a meal that offers healing, a meal for missional nourishment, a meal reorienting eschatology by providing a preview of the restoration of all things, apokatastasis, in the wedding supper of the Lamb. Ultimately, this book encourages Pentecostals to desire a weekly celebration of the Eucharist in order to become truly Pentecostal.
