Rediscovery Of Awe Splendor Mystery And The Fluid Center Of Life:

Rediscovery of Awe Kirk J. Schneider, 2004-05-17 At a time when two dominant worldviews nihilistic relativism and dogmatic fundamentalism threaten to tear our world asunder Rediscovery of Awe offers a timely and restorative alternative It weds faith to doubt and the depth and pathos of religiosity to the openness and discernment of science As Schneider says in his introduction The starting point of consciousness is awe We humans first experience the world cosmos as overwhelming From the moment we are aware we are aware of our meagerness From the moment we reflect on the world we sense how hopeless helpless and vulnerable we are And yet close on the heels of this shuddering despair is a riveting sense of possibility We are thrilled enthralled and exalted by our condition as much as it overpowers us There are many problems with conventional maxims of balance The conventional center is a rather dull and static one and not at all what I have in mind with my notion of a fluid center What then do I have in mind and how are we to cultivate it in this atrophied world We will explore these questions over a broad range of psychological domains from personality to psychotherapy and from society to religion and spirituality

The Priority of the Other Mark Freeman, 2014 Contemporary psychology as well as our own self understanding remains largely ego centric in focus with the self being seen as the primary source of meaning and value According to Mark Freeman this perspective is belied by much of our experience Working from this basic premise he proposes that we adopt a more ex centric perspective one that affirms the priority of the Other in shaping human experience In doing so he offers nothing less than a radical reorientation of our most basic ways of making sense of the human condition In speaking of the Other Freeman refers not only to other people but also to those non human others for instance nature art God that take us beyond the ego and bring us closer to the world In speaking of the Other s priority he insists that there is much in life that comes before us By thinking and living the priority of the Other we can therefore become better attuned to both the world beyond us and the world within At the heart of Freeman s perspective are two fundamental ideas The first is that the Other is the primary source of meaning inspiration and existential nourishment The second is that it is the primary source of our ethical energies and that being responsive and responsible to the world beyond us is a defining feature of our humanity There is a tragic side to Freeman s story however Enraptured though we may be by the Other we frequently encounter it in a state of distraction and fail to receive the nourishment and inspiration it can provide And responsive and responsible though we may be it is perilously easy to retreat inward to the needy ego The challenge therefore is to break the spell of the ordinary oblivion that characterizes much of everyday life The Priority of the Other can help us rise to the occasion
