
REEXAMINING THE EISENHOWER PRESIDENCY

Edited by Shirley Anne Warshaw

Foreword by Louis Galambos

Reexamining The Eisenhower Presidency

**William W. Lammers, Michael A.
Genovese**

Reexamining The Eisenhower Presidency:

Reexamining the Eisenhower Presidency Shirley A. Warshaw, 1993-07-28 The most important book on the Eisenhower presidency in over a decade Warshaw's edited collection provides extensive new data to support the view of Eisenhower as an activist hands on involved president The volume focuses on how he used a hidden hand leadership style to direct not only policy development but crisis management With contributions from both historians and political scientists the work supports the current trend in revisionist literature on Eisenhower as an activist president *A Companion to Dwight D. Eisenhower*

Chester J. Pach, 2017-04-07 *A Companion to Dwight D. Eisenhower* brings new depth to the historiography of this significant and complex figure providing a comprehensive and up to date depiction of both the man and era Thoughtfully incorporates new and significant literature on Dwight D. Eisenhower Thoroughly examines both the Eisenhower era and the man himself broadening the historical scope by which Eisenhower is understood and interpreted Presents a complete picture of Eisenhower's many roles in historical context the individual general president politician and citizen This Companion is the ideal starting point for anyone researching America during the Eisenhower years and an invaluable guide for graduate students and advanced undergraduates in history political science and policy studies Meticulously edited by a leading authority on the Eisenhower presidency with chapters by international experts on political international social and cultural history

Re-examining the Cold War: U.S.-China Diplomacy, 1954-1973 Robert S. Ross, Changbin Jiang, 2020-03-23 The twelve essays in this volume underscore the similarities between Chinese and American approaches to bilateral diplomacy and between their perceptions of each other's policy making motivations Much of the literature on U S China relations posits that each side was motivated either by ideologically informed interests or by ideological assumptions about its counterpart But as these contributors emphasize newly accessible archives suggest rather that both Beijing and Washington developed a responsive and tactically adaptable foreign policy Each then adjusted this policy in response to changing international circumstances and changing assessments of its counterpart's policies Motivated less by ideology than by pragmatic national security concerns each assumed that the other faced similar considerations

Encyclopedia of the American Presidency, Fourth Edition Michael Genovese, 2021-04-01 Praise for the first edition An altogether excellent introduction to the study of the presidency of the United States Library Journal entries are well written an excellent addition American Reference Books Annual an excellent resource recommended Booklist Highly recommended Choice The most up to date reference of its kind Encyclopedia of the American Presidency Fourth Edition is the definitive guide to the role of the president from the American Revolution through the present day Offering a complete account of the presidency in U S history this A to Z encyclopedia will make a great first stop for students and general readers looking for information on the executive branch of the American government Its comprehensive scope spans the relationship between the executive and the other branches of government court cases elections political opponents scandals and more A valuable resource that provides

concise information Encyclopedia of the American Presidency Fourth Edition contains more than 750 entries Entries include Bully pulpit Commander in chief Economic policy Executive privilege Kamala Harris Impeachment Iraq War Thomas Jefferson Middle East Military tribunals New Deal Oval Office Franklin D Roosevelt Situation room Donald Trump Veto power War powers Watergate White House and more

The Cold War: Cold War espionage and spying Lori Lyn Bogle, 2001 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality

A Conflict Perpetuated Noam Kochavi, 2002-01-30 The first comprehensive account of China policy during the Kennedy years this study profiles John F Kennedy as a man whose inner struggles and disparate characteristics made for an unpredictable foreign policy While he was often a hostage to the Cold War to constrictive perceptions of the domestic climate and to the image of a predatory China Kennedy recognized Washington's finite capacity to shape events on the China Mainland With the possible exception of a preventive strike against China's nuclear installations he was also reluctant to run the risk of a military confrontation with Beijing On the eve of his assassination Kennedy may have even contemplated a China policy departure during his second term A calm appraisal of China's capabilities and intentions constituted the distinguishing feature of revisionist thinking during the Kennedy years The disjointed revisionist effort settled in late 1963 on a pedagogic course which still implied a search for American primacy The revisionist approach did ultimately facilitate the transformation of bilateral relations in the early 1970s From a shorter range perspective however the Kennedy era only added fuel to the fire of Sino American confrontation The Limited Test Ban Treaty accentuated the sense of encirclement and vulnerability in Beijing's psyche and clouds gathered ominously over Vietnam Kennedy does bear some responsibility for the bilateral impasse as he personified a decisionmaker so obsessed with the objective of deterrence as to overlook the security dilemma nonetheless Mao's preference for a radical course independent of Kennedy's conduct contributed as well Neither side was yet ready for a breakthrough

America in the World Michael J. Hogan, 1995 A survey of the historical literature on intelligence and national security during the Cold War

The Presidency, Congress, and Divided Government Richard S. Conley, 2002-11-27 Can presidents hope to be effective in policy making when Congress is ruled by the other party Political scientist Richard Conley brings to this crucial discussion a fresh perspective He argues persuasively that the conditions of divided government have changed in recent years and he applies a rigorous methodology that allows the testing of a number of important assumptions about party control of the legislative process and the role of the president Conley demonstrates that recent administrations have faced a very different playing field than those in the earlier post war years because of such critical developments in electoral politics as decreasing presidential coattails and the lack of presidential popularity in

opposition members districts Moreover he identifies several changes in the institutional setting in Congress that have affected both the legislative success rates of presidents programs and the strategies presidents pursue These institutional factors include more assertive legislative majorities changes in leadership structure and increased party cohesion in voting Conley uses both case studies and sophisticated time series regression analyses to examine the floor success of presidential initiatives the strategies presidents use in working with the legislature and the use of veto power to achieve presidential aims Scholars of the presidency and those interested in the larger American political process will find in this book both food for thought and a model of analytic sophistication

Reconsidering Sputnik Roger D. Lanius, John M. Logsdon, Robert W. Smith, 2013-05-13 This book explores Russia's stunning success of ushering in the space age by launching Sputnik and beating the United States into space It also examines the formation of NASA the race for human exploration of the moon the reality of global satellite communications and a new generation of scientific spacecraft that began exploring the universe An introductory essay by Pulitzer Prize winner Walter A McDougall sets the context for Sputnik and its significance at the end of the twentieth century

The Vietnam War Reexamined Michael G. Kort, 2017-12-14 Going beyond the dominant orthodox narrative to incorporate insight from revisionist scholarship on the Vietnam War Michael G Kort presents the case that the United States should have been able to win the war and at a much lower cost than it suffered in defeat Presenting a study that is both historiographic and a narrative history Kort analyzes important factors such as the strong nationalist credentials and leadership qualities of South Vietnam's Ngo Dinh Diem the flawed military strategy of graduated response developed by Robert McNamara and the real reasons South Vietnam collapsed in the face of a massive North Vietnamese invasion in 1975 Kort shows how the US commitment to defend South Vietnam was not a strategic error but a policy consistent with US security interests during the Cold War and that there were potentially viable strategic approaches to the war that might have saved South Vietnam

The Presidency Then and Now Phillip G. Henderson, 2000 In *The Presidency Then and Now* leading political scientists and historians assess the development of the presidency and its role in today's political landscape The questions addressed in this wide ranging volume include How has the doctrine of separation of powers evolved How have presidential campaigns and presidential oratory influenced the constitutional character of the institution How does the scandal driven press coverage of the post Vietnam and post Watergate presidency compare with the partisan press of the early republic Among other topics the contributors examine the early precedents and modern manifestations of the executive veto executive privilege and presidential use of force doctrine and chart the shift from a constitutionally circumspect and constrained chief executive toward the modern notion of a plebiscitary presidency *The Presidency Then and Now* assesses several key trends in presidential leadership including the recent movement toward a policy centered presidency in which detailed policy development has at times supplanted broad vision and historically informed judgment Other essays address such topics as the transformation of the Cabinet from a body whose members possessed stature equal to the president to a

largely symbolic group that has been replaced in its advisory capacity by the White House staff

The Presidency Then and Now makes a case for returning to constitutional reasoned deliberation and replacing modern fixation on celebrity status with the founders notion of stature By drawing comparisons between the old and the new **The Presidency Then and Now** offers timely and incisive insights that will appeal not only to scholars of the presidency but to historians and general readers interested in the constitutional foundations philosophical debates and key political developments that have affected the presidential office over time

The American Presidents Tracy Irons-Georges, 2000 The 42 essays are arranged chronologically by administration An Alphabetical List at the beginning of each volume helps readers find a particular entry Essays range from 6 to 40 pages and each includes a sidebar on the vice president and one on the First

Presidency and Domestic Policy Michael A. Genovese, Todd L. Belt, William W. Lammers, 2015-11-17 This book systematically examines the first terms of every president from FDR to Barack Obama and assesses the leadership style and policy agenda of each Success in bringing about policy change is shown to hinge on the leadership style and skill in managing a variety of institutional and public relationships The second edition of this timely book adds chapters on George W Bush and Obama and focuses on the significant domestic policy challenges of their respective times The authors have reconfigured the analytical framework of the book to take into account the dynamic opportunity structure that emerged during the George W Bush administration **The Presidency and Domestic Policy** provides unique insights into contemporary presidential leadership in a highly partisan age

American Journalism, 1996

The Presidency and Domestic Policy Michael A. Genovese, Todd L. Belt, William W. Lammers, 2024-04-15 This book systematically examines the first terms of every president from FDR to Joe Biden and assesses the leadership style and policy agenda of each Success in bringing about policy change is shown to hinge on the leadership style and skill in managing a variety of institutional and public relationships Presidents are evaluated based on the level of opportunity they faced The third edition of this timely book adds chapters on Donald Trump and Joe Biden and focuses on the significant domestic policy challenges of their respective times For students of presidential history leadership and public policy **The Presidency and Domestic Policy** provides unique insights into contemporary presidential leadership in a highly partisan age

New to the Third Edition Two new chapters focusing on Trump and Biden showing its policy similarities as well as differences from earlier administrations A reassessment of the domestic policy legacies of Bill Clinton especially in regard to crime and the financial services industries A sharper focus on racial politics resulting from both the Clinton and Obama eras An exploration of administrative approaches to governing domestically and unilateral decision making normally reserved for the foreign policy arena but now applied on the domestic side as well e g executive orders The increasing linkage between domestic and foreign policy issue arenas particularly in the areas of immigration trade and environmental policy An assessment of judicial politics in the framework of the four leadership dimensions presidents bring to office and also in terms of the impact on domestic policy outputs

The Presidency and Domestic Policy William W. Lammers, Michael

A. Genovese, 2000 Each president brings to the White House a distinct set of personal characteristics and a preferred leadership style but just how much have individual presidents shaped domestic policy To understand and assess what factors determine one president's success and another's limited accomplishments it is important to examine both the individual's leadership roles and the circumstances which shape their opportunities for success This new book systematically examines the first terms of every president from Franklin Delano Roosevelt to William Jefferson Clinton and assesses the leadership style the policy agenda and the political opportunity of each Each president's success in effecting landmark legislation and other policy change is measured and evaluated William W Lammers and Michael A Genovese look at how different levels of opportunity affect leadership and how each president played the political hands he was dealt By dividing presidents along opportunity lines Lammers and Genovese assess how skillful each president was in the art of presidential leadership what strategies and tactics they employed to achieve their goals and the policy legacies left by each **American Presidents** Robert P. Watson, Richard Yon, 2006 Presents the life of each American president discussing the historical background of their time period the accomplishments of their administration and its impact on subsequent historical events *Groupthink or Deadlock* Paul A. Kowert, 2012-02-01 The danger of groupthink is now standard fare in leadership training programs and a widely accepted explanation among political scientists for policy making fiascoes Efforts to avoid groupthink however can lead to an even more serious problem deadlock Groupthink or Deadlock explores these dual problems in the Eisenhower and Reagan administrations and demonstrates how both presidents were capable of learning and consequently changing their policies sometimes dramatically but at the same time doing so in characteristically different ways Kowert points to the need for leaders to organize their staff in a way that fits their learning and leadership style and allows them to negotiate a path between groupthink and deadlock Encyclopedia of U.S. Political History Andrew Robertson, Michael A. Morrison, William G. Shade, Robert Johnston, Robert Zieger, Thomas Langston, Richard Valelly, 2010-04-01 Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political

movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader's guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

VOLUME 3 Expansion Division and Reconstruction 1841 1877 Volume Editor William Shade Lehigh University emeritus This volume examines three decades in the middle of the nineteenth century which witnessed the emergence of the debate over slavery in the territories which eventually led to the Civil War the military conflict itself from 1861 until 1865 and the process of Reconstruction which ended with the readmission of all of the former Confederate States to the Union and the withdrawal of the last occupying federal troops from those states in 1877

VOLUME 4 From the Gilded Age through the Age of Reform 1878 1920 Volume Editor Robert Johnston University of Illinois at Chicago With the withdrawal of federal soldiers from Southern states the previous year 1878 marked a new focus in American politics and it became recognizably modern within the next 40 years This volume focuses on race and politics economics labor and capitalism agrarian politics and populism national politics progressivism foreign affairs World War I and the end of the progressive era

VOLUME 5 Prosperity Depression and War 1921 1945 Volume Editor Robert Zieger University of Florida Between 1921 and 1945 the U S political system exhibited significant patterns of both continuity and change in a turbulent time marked by racist conflicts the Great Depression and World War II The main topics covered in this volume are declining party identification the Roosevelt Coalition evolving party organization congressional inertia in the 1920s the New Deal Congress during World War II the growth of the federal government Franklin D Roosevelt's presidency the Supreme Court's conservative traditions and a new judicial outlook

VOLUME 6 Postwar Consensus to Social Unrest 1946 1975 Volume Editor Thomas Langston Tulane University This volume examines the postwar era with the consolidation of the New Deal the onset of the Cold War and the Korean War It then moves into the 1950s and early 1960s and discusses the Vietnam war the era of John F Kennedy the Cuban Missile Crisis the Civil Rights Act Martin Luther King and the Voting Rights Act antiwar movements The War Powers Act environmental policy the Equal Rights Amendment Roe v Wade Watergate and the end of the Vietnam War

VOLUME 7 The Clash of Conservatism and Liberalism 1976 to present Volume Editor Richard Valelly Swarthmore College The troubled Carter Administration 1977

1980 proved to be the political gateway for the resurgence of a more ideologically conservative Republican party led by a popular president Ronald Reagan. The last volume of the Encyclopedia covers politics and national institutions in a polarized era of nationally competitive party politics and programmatic debates about taxes, social policy, and the size of national government. It also considers the mixed blessing of the change in superpower international competition associated with the end of the Cold War. Stateless terrorism symbolized by the 9/11 attacks, the continuing American tradition of civil liberties, and the broad change in social diversity wrought by immigration and the impact in this period of the rights revolutions are also covered.

Empire and Revolution Peter L. Hahn, Mary Ann Heiss, 2001. The ten essays in this volume represent state of the art surveys of ten singular episodes in U.S. interaction with the Third World since 1945. Each author seeks to present a unique approach to a specific topic within U.S. Third World relations. The essays cover the globe and include studies of the Middle East, Latin America, Africa, and Asia. They make use of a variety of source material and employ a wide range of analytical devices such as the national security paradigm, the idea of economic development, and culture. The essays present a multihued portrait of the different ways policy makers in the United States dealt with Third World problems. The essays make clear the multitude of considerations that affected policy making, the many different actors, both official and nonofficial, who came to influence the policy making process, and the possibilities for future research into U.S. relations with the nations of the Third World. They are designed not only to present the current state of the literature but also to suggest some avenues for future research.
