Traditions and Transitions John L. Plews, Barbara Schmenk, 2013-11-21 Traditions and Transitions Curricula for German Studies is a collection of essays by Canadian and international scholars on the topic of why and how the curriculum for post secondary German studies should evolve Its twenty chapters written by international experts in the field of German

as a foreign or second language explore new perspectives on and orientations in the curriculum In light of shifts in the linguistic and intercultural needs of today's global citizens these scholars in German studies question the foundations and motivations of common curriculum goals traditional program content standard syllabus design and long standing classroom practice Several chapters draw on a range of contemporary theories from critical applied linguistics second language acquisition curriculum theory and cultural studies to propose and encourage new curriculum thinking and reflective practice related to the translingual and cross cultural subjectivities of speakers learners and teachers of German Other chapters describe and analyze specific examples of emerging trends in curriculum practice for learners as users of German This volume will be invaluable to university and college faculty working in the discipline of German studies as well as in other modern languages and second language education in general Its combination of theoretical and descriptive explorations will help readers develop a critical awareness and understanding of curriculum for teaching German and to implement new approaches in the interests of their students

ACTFL 2005-2015 American Council on the Teaching of Foreign Languages, 2006 The eleven chapters of this ACTFL volume approach language education from a variety of perspectives including the history and current status of language policies language needs of our government and our international businesses teachers teaching and learning assessment instructional technology heritage learners less commonly taught languages and special learners This volume's authors accepted the challenge of answering the following basic questions related to their topic as well as that of expanding upon their themes Where are we now Where should we be or Where could we be How do we realize our vision of languages for all

Interpreting Communicative Language Teaching Sandra J. Savignon, 2008-10-01 The emergence of English as a global language along with technological innovations and the growing need for learner autonomy is changing language teaching rapidly and profoundly With these changes come new demands and challenges for teaching education programs This authoritative collection of writings highlights some of the best work being done today in the United States and abroad to make communicative competence an attainable goal The contributors examine what has come to be known as communicative language teaching or CLT from the perspectives of teachers and teacher educators The book documents current reform initiatives in Japan the United States Hong Kong Taiwan and continental Europe to provide a global perspective on language teaching for communicative competence Four major themes recur throughout the volume the multifaceted nature of language teaching the highly contextualized nature of CLT the futility of defining a native speaker in the postcolonial postmodern world and the overwhelming influence of high stakes tests on language teaching The book is a useful and valuable tool for language teachers teacher educators and policymakers

Transverse Disciplines Simone Pfleger, Carrie Smith, 2022-08-31 For at least a decade university foreign language programs have been in decline throughout the English speaking world As programs close or are merged into large multi language departments disciplines such as German studies find themselves struggling to survive Transverse Disciplines offers

an overview of the current research on the humanities and the academy at large and proposes creative and courageous ideas for the university of the future Using German studies as a case study the book examines localized academic work in Australia Canada the United Kingdom and the United States in order to model new ideas for invigorated thinking beyond disciplinary specificity university communities and entrenched academic practices In essays that are theoretical speculative experimental and deeply personal contributors suggest that German studies might do better to stop trying to protect existing national and disciplinary arrangements Instead the discipline should embrace feminist queer anti racist and decolonial academic practices and commitments including community based work research creation and scholar activism Interrogating the position of researchers teachers and administrators inside and outside academia *Transverse Disciplines* takes stock of the increasingly tenuous position of the humanities and stakes a claim for the importance of imagining new disciplinary futures within the often restrictive and harmful structures of the academy *ERIC Information Analysis Products, 1975-1977* Educational Resources Information Center (U.S.),1978

Handbook of Research on Teaching Drew Gitomer,Courtney Bell,2016-05-19 The Fifth Edition of the Handbook of Research on Teaching is an essential resource for students and scholars dedicated to the study of teaching and learning This volume offers a vast array of topics ranging from the history of teaching to technological and literacy issues In each authoritative chapter the authors summarize the state of the field while providing conceptual overviews of critical topics related to research on teaching Each of the volume's 23 chapters is a canonical piece that will serve as a reference tool for the field The Handbook provides readers with an unparalleled view of the current state of research on teaching across its multiple facets and related fields

Reflections on Language Teacher Identity Research Gary Barkhuizen,2016-11-10 *Reflections on Language Teacher Identity Research* is the first book to present understandings of language teacher identity LTI from a broad range of research fields Drawing on their personal research experience 41 contributors locate LTI within their area of expertise by considering their conceptual understanding of LTI and the methodological approaches used to investigate it The chapters are narrative in nature and take the form of guided reflections within a common chapter structure with authors embedding their discussions within biographical accounts of their professional lives and research work Authors weave discussions of LTI into their own research biographies employing a personal reflective style This book also looks to future directions in LTI research with suggestions for research topics and methodological approaches This is an ideal resource for students and researchers interested in language teacher identity as well as language teaching and research more generally *Reports of the Working Committees* ,1978 *New Contents, New Teachers, New Publics* Northeast Conference on the Teaching of Foreign Languages,1978 [Language, Acquisition, Application, Appreciation](#) Northeast Conference on the Teaching of Foreign Languages,1977
