Reflections Of An Hispanic Mennonite:

Reflections of an Hispanic Mennonite José Ortiz, David Graybill, 1989 An Hispanic professor and church leader talks candidly about finding a place in the faith community being Puerto Rican in Anglo society raising children in North America and teaching in Puerto Rico Central America and the U S Midwest While Ortiz says I never expected to be an author he turns out to be a superb one with a directness and a warmth of spirit that makes his candor non threatening and more than that engaging To top it all off Ortiz has a vigorous mind generously tinged with humor Mennonite Weekly Review **Latino Mennonites** Felipe Hinojosa, 2014-04-15 The first historical analysis of the changing relationship between religion and ethnicity among Latino Mennonites Winner 2015 Am rico Paredes Book Award Center for Mexican American Studies and South Texas College Felipe Hinojosa s parents first encountered Mennonite families as migrant workers in the tomato fields of northwestern Ohio What started as mutual admiration quickly evolved into a relationship that strengthened over the years and eventually led to his parents founding a Mennonite Church in South Texas Throughout his upbringing as a Mexican American evang lico Hinojosa was faced with questions not only about his own religion but also about broader issues of Latino evangelicalism identity and civil rights politics Latino Mennonites offers the first historical analysis of the changing relationship between religion and ethnicity among Latino Mennonites Drawing heavily on primary sources in Spanish such as newspapers and oral history interviews Hinojosa traces the rise of the Latino presence within the Mennonite Church from the origins of Mennonite missions in Latino communities in Chicago South Texas Puerto Rico and New York City to the conflicted relationship between the Mennonite Church and the California farmworker movements and finally to the rise of Latino evangelical politics He also analyzes how the politics of the Chicano Puerto Rican and black freedom struggles of the 1960s and 1970s civil rights movements captured the imagination of Mennonite leaders who belonged to a church known more for rural and peaceful agrarian life than for social protest Whether in terms of religious faith and identity race immigrant rights or sexuality the politics of belonging has historically presented both challenges and possibilities for Latino evangelicals in the religious landscapes of twentieth century America In Latino Mennonites Hinojosa has interwoven church history with social history to explore dimensions of identity in Latino Mennonite communities and to create a new way of thinking about the history of American evangelicalism **Radicals and Reformers** Troy Osborne, 2024-06-04 With Bibles and baptism a movement was born From renegade gatherings of Christian believers in the 1500s to a global communion of more than 2 1 million members the Anabaptist Mennonite movement has been marked by faithfulness and failure continuity and conflict radicalism and reformation In this engaging history Radicals and Reformers traces the origins and development of the Anabaptist and Mennonite movements from their beginnings in Europe through their spread across the globe In this new authoritative introduction to Anabaptist history historian Troy Osborne reflects on the ways that Anabaptists have defined their identity in new settings and in response to new theological intellectual geographic and political contexts Drawing from

Burkholder,David Cramer,2012-04-04 Anabaptists have often felt suspicious of American evangelicalism and in turn evangelicals have found various reasons to dismiss the Anabaptist witness Yet at various points in the past as well as the present evangelicals and Anabaptists have found ample reason for conversation and much to appreciate about each other The Activist Impulse represents the first book length examination of the complex relationship between evangelicalism and Anabaptism in the past thirty years It brings established experts and new voices together in an effort to explore the historical and theological intersection of these two rich traditions Each of the essays provides fresh insight on at least one characteristic that both evangelicals and Anabaptists share an impulse to engage society through the pursuit of active Christian witness **Reading Mennonite Writing** Robert Zacharias,2022-05-17 Mennonite literature has long been viewed as an expression of community

identity However scholars in Mennonite literary studies have urged a reconsideration of the field's past and a reconceptualization of its future This is exactly what *Reading Mennonite Writing* does Drawing on the transnational turn in literary studies Robert Zacharias positions Mennonite literature in North America as a mode of circulation and reading rather than an expression of a distinct community He tests this reframing with a series of methodological experiments that open new avenues of critical engagement with the field's unique configuration of faith-based intercultural difference These include cross-sectional readings in nonnarrative literary history archival readings of transatlantic life writing Canadian rewritings of Mexican film's deployment of Mennonite theology as fantasy an examination of the fetishistic structure of ethnicity as a thing that has enabled Mennonite identity to function in a post-identity age and finally a tentative reinvestment in ideals of Mennonite community via the surprising routes of queerness and speculative fiction In so doing Zacharias reads Mennonite writing in North America as a useful case study in the shifting position of minor literatures in the wake of the transnational turn Theoretically sophisticated this study of minor transnationalism will appeal to specialists in Mennonite literature and to scholars working in the broader field of transnational literary studies

Hispanic Methodists, Presbyterians, and Baptists in Texas Paul Barton, 2010-01-01 The question of how one can be both Hispanic and Protestant has perplexed Mexican Americans in Texas ever since Anglo American Protestants began converting their Mexican Catholic neighbors early in the nineteenth century Mexican American Protestants have faced the double challenge of being a religious minority within the larger Mexican American community and a cultural minority within their Protestant denominations As they have negotiated and sought to reconcile these two worlds over nearly two centuries los Protestantes have melded Anglo American Protestantism with Mexican American culture to create a truly indigenous authentic and empowering faith tradition in the Mexican American community This book presents the first comparative history of Hispanic Methodists Presbyterians and Baptists in Texas Covering a broad sweep from the 1830s to the 1990s Paul Barton examines how Mexican American Protestant identities have formed and evolved as los Protestantes interacted with their two very different communities in the barrio and in the Protestant church He looks at historical trends and events that affected Mexican American Protestant identity at different periods and discusses why and how shifts in los Protestantes sense of identity occurred His research highlights the fact that while Protestantism has traditionally served to assimilate Mexican Americans into the dominant U S society it has also been transformed into a vehicle for expressing and transmitting Hispanic culture and heritage by its Mexican American adherents

Barefoot,2024-12-23 Many Western initiatives exist for theological development in the majority world but how often do practitioners from the West pause to examine the role they should play in that endeavor Missions history and church history have revealed inadequacies of imposing foreign theology on local churches yet the alternative of withdrawing from local theological development appears equally problematic If therefore the outsider s role is neither to impose theology nor withdraw from the task then what is his or her role Hermeneutical Community addresses this fundamental question and seeks to lay a sound missiological foundation for local theological development
