Reflections On The Wall The Vietnam Veterans Memorial:

Writings on the Wall, 1994 A memorial to those who died in the Vietnamese War Was built and opened in 1982 It is located in Washington D C Also the Women s Vietnam Memorial was completed and opened in 1993 Reflections on the Wall, 1987 A collection of photographs documenting the human experience at the Memorial site Tangled Memories Marita Sturken, 1997-02-28 Analyzing the ways U S culture has been formed and transformed in the 80s and 90s by its response to the Vietnam War and the AIDS epidemic Marita Sturken argues that each has disrupted our conventional notions of community nation consensus and American culture She examines the relationship of camera images to the production of cultural memory the mixing of fantasy and reenactment in memory the role of trauma and survivors in creating cultural comfort and how discourses of healing can smooth over the tensions of political events Sturken s discussion encompasses a brilliant comparison of the Vietnam Veterans Memorial and the AIDS Quilt her profound reading of the Memorial as a national wailing wall one whose emphasis on the veterans and war dead has allowed the discourse of heroes sacrifice and honor to resurface at the same time that it is an implicit condemnation of war is particularly compelling The book also includes discussions of the Kennedy assassination the Persian Gulf War the Challenger explosion and the Rodney King beating While debunking the image of the United States as a culture of amnesia Sturken also shows how remembering itself is a form of forgetting and how exclusion is a vital part of memory formation *American Studies* Janice A. Radway, Kevin Gaines, Barry Shank, Penny Von Eschen, 2009-03-09 American Studies is a vigorous bold account of the changes in the field of American Studies over the last thirty five years Through this set of carefully selected key essays by an editorial board of expert scholars the book demonstrates how changes in the field have produced new genealogies that tell different histories of both America and the study of America Charts the evolution of American Studies from the end of World War II to the present day by showcasing the best scholarship in this field An introductory essay by the distinguished editorial board highlights developments in the field and places each essay in its historical and theoretical context Explores topics such as American politics history culture race gender and working life Shows how changing perspectives have enabled older concepts to emerge in a different context *Veterans' Reflections* William R. Graser, 2015-12-18 Pacific Book Review Star Awarded to Books of Excellent Merit Some of the best history is personal that which is collected from participants in great events and movements In William R Graser s book *Veterans Reflections History Preserved* we are offered stories and vignettes from those who serve in the United States military in their own words Sergeant First Class William R Graser USA Ret worked for the US Army Security Agency overseas and in America In 2007 Graser conceived the simple but ingenious idea of letting soldiers tell their own stories and through this framework offer a picture of sixty three years of American military history His sixty interviews comprise the experiences of military personnel from World War II beginning in 1941 through the Cold War the Korean War the Vietnam War and what the author refers to as the Quiet War Korea aka Korean DMZ Conflict The last

stories come from Global and Homeland Service up to 2004 Each segment starts with an explanation of the conflict its background and causes followed by interviewee accounts The first such account comes from Clement Hutchins age 93 in 2011 who served in World War II with the Merchant Marines In the North Atlantic prey to attacks from the German Wolf Pack submarines Hutchins recalls one evening in particular when nine merchant ships were sunk in less than fifteen minutes Samuel Masessa was an infantryman in Korea where he states the cold became the enemy He recounts a battle between American tanks and Chinese troops in a sudden attack that left many enemy soldiers dead he and his comrades then used flamethrowers to destroy the bodies in a grim task to prevent disease and eliminate the smell Harry Dalton was a K9 dog handler in Vietnam who was awarded numerous medals but stated I was proud to serve but prefer to keep most of my experiences to myself Another soldier Richard Matthews who served in the US Air Force in the sky over Cambodia and Laos expresses a similar sentiment I don t make a lot of noise about my awards and decorations In reality we were just soldiers airmen marines sailors and guardians doing what we were trained to do and dedicated to doing By allowing veterans to express their sentiments and describe their very real and harrowing experiences Graser has done honor to these individuals who served us so bravely and unselfishly He offers an intelligent analysis of the stages of war and conflict that the US was engaged in during the book s time frame He includes useful appendices of military terms acronyms and pictures of military medals Graser wrote Veterans Reflections History Preserved to increase our general understanding of American warfare through the eyes of those who were there He concludes with a phrase that will be familiar to anyone who has a veteran in the family When you see a veteran say thank you This book is a remarkable tribute to the sacrifice made by our veterans who fought for our country Veterans Reflections is compelling and inspiring to say the least Our heroes deserve to be heard Highly Recommended The military service of millions of Americans is reflected in these stories They will put you in the middle of the action of our nation s wars Through firsthand accounts of veterans who served during World War II the Cold War Korean War Cuban Missile Crisis Vietnam War Korean DMZ Conflict also known as the Quiet War and Operations Desert Storm and Enduring Freedom Afghanistan you ll find yourself paying tribute to each and every veteran The stories of personal sacrifice commitment and valor demonstrate the values that have made the United States of America the envy of the world Sixty veterans recall their time in uniform sharing stories that are tragic heart wrenching and sometimes funny These stories provide an excellent opportunity to gain an understanding and appreciation of veterans Celebrate what it means to be an American devoted to freedom with Veterans Reflections As a veteran himself the author is obviously very close to this work and it shows not only in his passion for his subject but also in his attention to detail His method which weaves the veterans own stories into an historical overview of a specific conflict is extremely effective The soldiers accounts go well beyond the war s scorecard and reveal some of the actual fears and experiences of the participants Anyone can tell the facts behind a story but those who have lived it can share insights no secondhand history can match The US Review of Books
