Swartz,2016-08-01 This work

is a memoir As a child and a young man I rarely felt entitled to breath air Emotionally neglected by my father as a teen I left home for a prep school at which I would spend the worst three years of my life Trouble followed two failed attempts at undergraduate college until I found my way to a horseshoeing school out west I was able to work as a professional farrier for several years until a ruptured disc in my back forced a career change I chose psychology as somewhere in the back of my mind the depression I endured as a child motivated me back to school to try to help others eventually becoming a licensed psychologist It was a good fit and I have been practicing for the past twenty five years including many years as an instructor in psychology for Harvard Medical School About seven years ago I acquired tinnitus along with 50 to 60 million other Americans and using my personal practice of meditation developed a program to help myself and my patients manage this chronic illness In short this work traces the forging of a debilitating sense of self and outlines the potential for it s death resulting in a selflessness that connects to the boundless goodness of the universe Lastly I have been helped in no small way throughout by the profound empathy I have shared with many magnificent beasts of the canine variety

The Reflection TLJ Heaven,2021-08-23 The world we create will be a sustainable one One without humanity One without all those you love We will reward you with being one of the last men to view the ashes of the world you currently know And then we will let you die To rectify the tragic loss of his eldest daughter Rebecca Doctor Johnathan Grunge searched for solutions through his genetic studies It was time for Doctor Grunge to unveil his years of research to the public domain He was never aware of the full implications of his experiments His focus was not shifted away from his DNA program to the monster he created in the dark The monster that kept him sleepless at night The monster that lurked over his family
