Reflections Of A Whale Watcher:

Reflections of a Whale-watcher Michelle A. Gilders, 1995 A biologist describes her voyages and experiences through the Sea of Cortez and the Pacific Ocean in search of whales *Eye of the Whale* Dick Russell, 2001 Eye of the Whale focuses on one great whale in particular the coastal traveling California gray whale Gray whales make the longest migration of any mammal from the lagoons of Baja California to the feeding grounds of the Bering Strait between Alaska and Siberia nearly 6 000 miles That the gray whale exists today is nothing short of miraculous Whaling fleets twice massacred the species to near extinction first during the nineteenth century and again during the early part of the twentieth century BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Whale Watcher's Guide Patricia Corrigan, 1999 An updated edition of the book that helps plan a whale watching trip With new information regarding whale tours in North America this valuable guide explains everything from where to see these magnificent animals and what a tour will cost to what to watch for and what to wear Includes updated information on pricing dates tour operators and contact information 35 illustrations **In Pursuit of Leviathan** Lance E. Davis, Robert E. Gallman, Karin Gleiter, 2007-12-01 In Pursuit of Leviathan traces the American whaling industry from its rise in the 1840s to its precipitous fall at the end of the nineteenth century Using detailed and comprehensive data that describe more than four thousand whaling voyages from New Bedford Massachusetts the leading nineteenth century whaling port the authors explore the market for whale products crew quality and labor contracts and whale biology and distribution and assess the productivity of the American fleet They then examine new whaling techniques developed at the end of the nineteenth century such as modified clippers and harpoons and the introduction of darting guns Despite the common belief that the whaling industry declined due to a fall in whale stocks the authors argue that the industry's collapse was related to changes in technology and market conditions Providing a wealth of historical information In Pursuit of Leviathan is a classic industry study that will provide intriguing reading for anyone interested in the history of whaling **Miraculous Air** C. M. Mayo, 2007 This exquisite book is a rare jewel in the literature of Mexico and its little known peninsula Baja Describing her adventures on this austere and beautiful slip of land C M Mayo creates a multi layered map of place filled with daredevil aviators sea turtle researchers Stone Age cave painters and countless other colorful characters Covering Baja from Cabo San Lucas to Tijuana Mayo's wit and curiosity help her weave a story that seamlessly combines history myth art and local color **A Second REFLECTION** Stacey Gatrost, 2018-06-03 A young woman is perplexed by recurring dreams but finds herself catapulted to the edge of a parallel universe of immortality when her husband and son are killed in a car accident after which she becomes aware of a ghostly presence As this presence reveals himself to her she learns he is someone who last reincarnated in 1776 and has come to help her reach within and find her inner strength and the will to go on The more he reveals himself to her she learns why he is so familiar to her and why she is so significant to him Through the intense and sometimes comical relationship that

develops between them she finds healing wholeness and the ability to allow herself to be free to live and hope again It is intensely romantic and filled with a measure of suspense with a slight touch of comedy as you cross the bridge between two parallel realities **Focus on Your World** Mark Edwards,2002 [The Doryman's Reflection](#) Paul Molyneaux,2017-07-25

What happens when the oceans are emptied of all their fish What happens when three hundred years of human knowledge and expertise disappear before the onslaught of the technology driven world The Doryman s Reflection is simply the most accurate and eloquent account of what transpired in the New England fisheries over the past half century as told by the people who lived it including author Paul Molyneaux Fishermen survive as relics the last hunter gatherers among us Their boats crammed with ropes and nets carry the mystique of a nearly forgotten world ruled by the elements Now an accomplished writer Molyneaux as a young man journeyed to Maine with no experience and a dream of working on a boat This is the story of his apprenticeship with Bernard Raynes one of Maine s last independent commercial fishermen The Doryman s Reflection speaks to those who want to know what really happened and what will happen on our oceans Part coming of age memoir part biography it is a very personal account of what families in this dying but important industry face each day Molyneaux shares his own history as a young man seeking the fisherman s life in Maine and Alaska Originally published in 2005 it has been thoroughly updated to cover the events of the past ten years Told through the life of the colorful and engaging Bernard Raynes The Doryman s Reflection is alive and real and powerful far from a dry pedantic treatise on the economics of commercial fishing **Emotional and Ecological Literacy for a More Sustainable Society**
